learn to recognize these patterns in daily life      *Once Upon a Time* John Morgan, Mario Rinvoluti, 1983-11-24 A wide range of motivating and engaging stories from many cultures and sources      *Idries Shah Anthology* Idries Shah, 2019-03-01 In his writing about Sufism Idries Shah did some revolutionary things Critically and almost alone he said that it was possible to divorce the essence of Sufi philosophy from what he insisted were secondary accretions of Islamic culture and religion Moreover he said in making this material available to the West you could not only do this you must do it This is because he believed you can only absorb materials that are designed for your own time and place Sufism as an essence may be truth without form but in order to penetrate into the human mind it must be delivered in a package shaped to fit the receiving culture When something new enters a culture there is a period where like a new object being thrown into the chimpanzee pen at a zoo all the chimps rush over to touch it throw it on the floor fight over it and so on he once told me We must wait until the dust settles only then will people be in a position to assess this material My father died in 1996 and the dust is settling fast He leaves a body of work behind and on this work alone he believed he should and would be judged This anthology is intended to provide a basic sample of his work an essential reader to allow people to do exactly what he would have wished them to do to think for themselves and to make up their own minds From the Editor's Note by Saira Shah
