The Fate of the New Man Claire McCallum, 2018-07-03 Between 1945 and 1965 the catastrophe of war and the social and political changes it brought in its wake had a major impact on the construction of the Soviet masculine ideal Drawing upon a wide range of visual material *The Fate of the New Man* traces the dramatic changes in the representation of the Soviet man in the postwar period It focuses on the two identities that came to dominate such depictions in the two decades after the end of the war the Soviet man's previous role as a soldier and his new role in the home once the war was over In this compelling study Claire McCallum focuses on the reconceptualization of military heroism after the war the representation of contentious subjects such as the war damaged body and bereavement and postwar changes to the depiction of the Soviet man as father McCallum shows that it was the Second World War rather than the process of de-Stalinization that had the greatest impact on the masculine ideal proving that even under the constraints of Socialist Realism the physical and emotional devastation caused by the war was too great to go unacknowledged *The Fate of the New Man* makes an important contribution to Soviet masculinity studies McCallum's research also contributes to broader debates surrounding the impact of Stalin's death on Soviet society and on the nature of the subsequent Thaw as well as to those concerning the relationship between Soviet culture and the realities of Soviet life This fascinating study will appeal to scholars and students of Soviet history masculinity studies and visual culture studies

Bondarchuk's War and Peace Denise J. Youngblood, 2014-11-07 Sergei Bondarchuk's *War and Peace* one of the world's greatest film epics originated as a consequence of the Cold War Conceived as a response to King Vidor's *War and Peace* Bondarchuk's surpassed that film in every way giving the USSR one small victory in the cultural Cold War for hearts and

minds This book taking up Bondarchuk's masterpiece as a Cold War film an epic a literary adaptation a historical drama and a rival to Vidor's Hollywood version recovers and expands a lost chapter in the cultural and political history of the twentieth century Like many great works of literature Tolstoy's epic tale proved a major challenge to filmmakers After several early efforts to capture the story's grandeur it was not until 1956 that King Vidor dared to bring War and Peace to the big screen American critics were lukewarm about the film but it was shown in the Soviet Union to popular acclaim This book tells the story of how the Soviet government military and culture ministry all eager to reclaim this Russian masterpiece from their Cold War enemies pulled together to make Bondarchuk's War and Peace possible Bondarchuk an actor who had directed only one film was an unlikely choice for director and yet he produced one of the great works of Soviet cinema a worthy homage to Tolstoy's masterpiece an achievement only sweetened when Russia's Cold War adversary recognized it with the Academy Award's Oscar for Best Foreign Language Film of 1968 Denise Youngblood examines the film as an epic and at seven hours long released in four parts at a cost of nearly 700 000 000 in today's dollars it was certainly that a literary adaptation a complex reflection on history and a significant artifact of the cultural Cold War between the US and the USSR From its various angles the book shows us Bondarchuk's extraordinary film in its many dimensions aesthetic political and historical even as it reveals what the film tells us about how Soviet patriotism and historical memory were constructed during the Cold War

Culture and Life, 1980 *Myth, Memory, Trauma* Polly Jones, 2013-08-27 Drawing on newly available materials from the Soviet archives Polly Jones offers an innovative comprehensive account of de Stalinization in the Soviet Union during the Khrushchev and early Brezhnev eras Jones traces the authorities' initiation and management of the de Stalinization process and explores a wide range of popular reactions to the new narratives of Stalinism in party statements and in Soviet literature and historiography Engaging with the dynamic field of memory studies this book represents the first sustained comparison of this process with other countries' attempts to rethink their own difficult pasts and with later Soviet and post-Soviet approaches to Stalinism
