Iris Murdoch: Philosophical Novelist Miles Leeson, 2011-10-27 This book provides a concise and highly readable reassessment of Iris Murdoch's engagement with philosophy throughout her life and proposes that she was most importantly a philosophical novelist By

investigating her use of philosophical argument in her fictional writing it becomes clear that her narratives always depend upon a strong metaphysical underpinning Leeson proceeds thematically through the philosophical phases of Murdoch's life and develops a clear argument that Murdoch reacts against the philosophies of Sartre, Plato, Nietzsche and Heidegger not only in her philosophical writings but also in her fiction. Indeed it is in her fiction that her philosophical argument is most persuasive and accessible. This timely study provides new information regarding Murdoch's engagement with Martin Heidegger and also provides a detailed critique of critics who have overlooked Murdoch's engagement with philosophy within her fiction. *Iris Murdoch and the Literary Imagination* Miles Leeson, Frances White, 2023-07-25. This volume is the third volume in Palgrave Macmillan's new Iris Murdoch Today scholarly series. *Iris Murdoch and the Literary Imagination* is the first major collection of literary essays since her centenary in 2019. It brings together leading Murdoch scholars from across the world who expand the boundaries of recent criticism offering work not only on the novels but on her unpublished poetry and archival materials. This collection discusses her interest in and use of Japanese literature, her relationship with and reader response to her in Australia, Murdoch in the post-metoo era, her lifelong interest in the supernatural, same-sex relationships and friendships as well as the use and abuse of biographical material. The collection widens the field of Murdoch studies and marks a new waypoint in the development of her critical reception. *Iris Murdoch and Morality* Anne Rowe, 2015-12-04. *Iris Murdoch and Morality* provides a close focus on moral issues in Murdoch's novels, philosophy and theology. It situates Murdoch within current theoretical debates and develops an understanding of her work as a crucial link between twentieth and twenty-first century writing and theory. *An Introduction to the Gawain Poet* John M Bowers, 2021-08-01. In *An Introduction to the Gawain Poet* John Bowers surveys an expanded selection of the works of Chaucer's anonymous contemporary, considering *Sir Gawain and the Green Knight* alongside the poet's lesser-known but no less brilliant works. In addition to his succinct introductions and plot summaries, Bowers skillfully details the cultural, historical, political and religious contexts for these works, synthesizing them with close reading of selected passages. Perhaps his most exciting contribution to the field is his choice to historicize the poet's life and works in the context of the royal culture of King Richard II, boldly contending that it was highly possible the *Gawain Poet* was a frequent visitor to Richard's court in London. The final chapter surveys the works influenced by, as well as the influences reflected in, the poet's work from the Bible to *The Lord of the Rings*. The attention Bowers pays to the critical tradition that has developed around these texts over the past hundred years makes *An Introduction to the Gawain Poet* an ideal volume for both undergraduate students and scholars of the *Gawain Poet*. Bowers has marshaled his formidable skills to create a book impressive in its balanced combination of breadth and depth. *Iris Murdoch and Remorse* Frances White, 2023-11-24. This exploration of the crucially important role played by remorse in Iris Murdoch's philosophical, theological and political thinking identifies it as a critical concept in her moral psychology and a recurrent theme in her art. Through engagement with Simone Weil, current theories of

remorse trauma theory and Holocaust studies it offers fresh perspectives on Murdoch's fiction particularly the late novels her radio play *The One Alone* and her monograph *Heidegger Iris Murdoch and Her Work* Mustafa, 2014-04-15 This book explores different aspects of Murdoch's work including her philosophy and fiction focusing on a wide variety of issues ranging from reading Murdoch as a fabulator to the central role Murdoch plays in the ethical turn Approaching Murdoch's work from multiple perspectives this book is of interest for Murdoch scholars literature and philosophy students as well as for general readers

Defining Neomedievalism(s) Karl Fugelso, 2010 The focus on neomedievalism at the 2007 International Conference on Medievalism in ever more sessions at the annual International Congress on Medieval Studies and by many recent or forthcoming publications has left little doubt that this important new area of study is here to stay and that medievalism must come to terms with it In response to an essay in *Studies in Medievalism XVIII* defining medievalism in relationship to neomedievalism this volume therefore begins with seven essays defining neomedievalism in relationship to medievalism

Iris Murdoch and the Others Paul S. Post-War British Women Novelists and the Canon Nick Turner, 2011-11-03 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies

The Epistemological Perspective of the Pearl-Poet Piotr Spyra, 2016-02-17 Original and engaging this study presents the four anonymous poems found in the Cotton Nero MS Pearl Cleanness Patience and Sir Gawain and the Green Knight as a composite text with a continuous narrative While it is widely accepted that the poems attributed to the Pearl Poet ought to be read together this book demonstrates that instead of being analyzed as four distinct though interconnected textual entities they ought to be studied as a single literary unit that produces meaning through its own intricate internal structure Piotr Spyra defines the epistemological thought of Saint Augustine as an interpretive key which when applied to the composite text of the manuscript reveals a fabric of thematic continuity This book ultimately provides the reader with a clear sense of the poet's perspective on the nature of human knowledge as well as its moral implications and with a deeper understanding of how the poems bring the theological and philosophical problems of the Middle Ages to bear on the individual human experience
