Ries, 2022-06-21 Even though the literary trope of the flâneur has been proclaimed dead on several occasions it still proves particularly lively in contemporary Anglophone fiction This study investigates how flânerie takes a belated ethical turn in its more recent manifestations by negotiating models of ethical subjectivity Drawing on Michel Foucault's writings on the aesthetics of existence as well as Judith Butler's notion of precariousness as *conditio humana* it establishes a link between post sovereign models of subject formation and a paradoxical constellation of flânerie which surfaces most prominently in the work of Walter Benjamin By means of detailed readings of Ian McEwan's *Saturday* Siri Hustvedt's *The Blindfold* Teju Cole's *Open City* Dionne Brand's *What We All Long For* and Robin Robertson's *The Long Take* Or a Way to Lose More Slowly this book traces how the ambivalence of flânerie and its textual representation produces ethical norms while at the same time propagating the value of difference by means of disrupting societal norms of sameness *Precarious Flânerie and the Ethics of the Self in Contemporary Anglophone Fiction* thus shows that the flâneur text becomes a medium of ethical critique in post postmodern times Red Grooms and the Heroism of Modern Life Red Grooms, Joyce Henri Robinson, 1998-01-01 Red

Grooms is a cross between Marcel Duchamp and P T Barnum Working in a brash freewheeling style Grooms has explored the raucous spectacle of life around him since his career began in the 1950s This catalogue which accompanied an exhibition of the same name at the Palmer Museum of Art brings together forty of his works to demonstrate that even his most whimsical creations have serious implications Many of the mixed media constructions in *Red Grooms and the Heroism of Modern Life*

reflect upon America's love affair with sports business and celebrity. The mixture of parody and homage in Grooms's portraits of such stars as Pablo Picasso and Fats Domino charges all his depictions of American popular culture from bulky football players and haggard shoppers to a brightly colored Ferris wheel. In her essay for this catalogue, Joyce Henri Robinson contends that Grooms should be considered a contemporary counterpart to Charles Baudelaire's Parisian flâneur. Much like this famed character, she observes, Grooms approaches the world around him as a spectacle filled with novel forms of heroism. In this regard, the key work in the catalogue is an installation centered upon a full-scale version of a New York City bus. Grooms's *Bus* tempers revelation of the gritty realities of urban life with humor and flashes of poetry.

Moveable Designs, Liminal Aesthetics, and Cultural Production in America since 1772
 Stefan L. Brandt, 2022-11-30. The book explores the liminal aesthetics of U.S. cultural and literary practice. Interrogating the notion of a presumptive unity of the American experience, *Moveable Designs* argues that inner conflict, divisiveness, and contradiction are integral to the nation's cultural designs, themes, and motifs. The study suggests that U.S. literary and cultural practice is permeated by moveable designs, flexible yet constant features of hegemonial practice that constitute an integral element of American national self-fashioning. The naturally pervasive liminality of U.S. cultural production is the key to understanding the resilience of American culture. *Moveable Designs* looks at artistic expressions across various media types: literature, paintings, film, television, seeking to illuminate critical phases of U.S. American literature and culture from the revolutionary years to the movements of romanticism, realism, and modernism up to the postmodern era. It combines a wide array of approaches from cultural history and social anthropology to phenomenology. Connecting an analysis of literary and cultural texts with approaches from design theory, the book proposes a new way of understanding American culture as design. It is one of the unique characteristics of American culture that it creates, or rather designs, potency out of its inner conflicts and apparent disunities. That which we describe as an identifiable American identity is actually the product of highly vulnerable, alternating processes of dissolution and self-affirmation.

 Clive Bloom, 2020-07-10. Simply put, there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays.
