East Suzi Mirgani, 2021-09-30 The culture of politics within any system of governance is influenced by how state and society interact and how these relationships are mediated by existing political institutions whether formal or informal The chapters in this volume highlight two broad types of informal political engagement in the Middle East civil action that works in tandem with the state apparatus and civil action that poses a challenge to the state In both cases these activities can and do achieve tangible results for particular groups of people as well as for the state For many informal politics and civil mobilisation are not a choice but a necessity to secure collectively some kind of social security through communal reciprocity and everyday activism Ironically Middle Eastern authorities often turn a blind eye to informal organising because self-help schemes allow certain social groups to survive reducing their instinct to make demands of or seek support from the state People are discouraged from political action and dissent yet they are simultaneously encouraged to seek their own betterment often leading to politicised groups and associations By analysing these formations the contributors shed light on informal politics in the region [Chase's Calendar of Events 2016](#) Editors of Chase's, 2015-09-11 Chase's Calendar of Events is the most comprehensive and authoritative reference available on special events holidays federal and state observances historic

Baseball Meets the Law Ed Edmonds, Frank G. Houdek, 2017-03-04 Baseball and law have intersected since the primordial days In 1791 a Pittsfield Massachusetts ordinance prohibited ball playing near the town s meeting house Ball games on Sundays were barred by a Pennsylvania statute in 1794 In 2015 a federal court held that baseball s exemption from antitrust laws applied to franchise relocations Another court overturned the conviction of Barry Bonds for obstruction of justice A third denied a request by rooftop entrepreneurs to enjoin the construction of a massive video screen at Wrigley Field This exhaustive chronology traces the effects the law has had on the national pastime both pro and con on and off the field from the use of copyright to protect not only equipment but also Take Me Out to the Ball Game to frequent litigation between players and owners over contracts and the reserve clause The stories of lawyers like Kenesaw Mountain Landis and Branch Rickey are entertainingly instructive

The Epidemiology of Missed and Delayed Medical Diagnosis: Implications for Health Equity and Public Health Kenneth A. Mundt, Doug Salvador, Ronald Wyatt, 2025-06-12 Preventing diagnostic errors including missed and delayed diagnosis improves patient safety and saves lives While epidemiological research on patient safety has increased since the US National Academies Institute of Medicine now NASEM published 2000 To Err Is Human Building a Safer Health System progress toward understanding the nexus of conditions and factors that cause or contribute to diagnostic error has been measured Impeding progress are perceptions that diagnostic errors primarily arise from inadequate medical training overworked and stressed providers and innocent mistakes and subsequently that interventions should focus on training and clinical management However additional aspects that potentially affect diagnostic accuracy have been identified effective communication and patient engagement especially in multilingual and multicultural groups where perceptions and beliefs may not be shared or understood medical conditions with ambiguous signs and or vague symptoms settings with limited access to advanced technologies social cultural and economic structures and organization and management of care delivery Recent epidemiological studies indicate that diagnostic errors vary considerably across sociodemographic cultural and socioeconomic groups suggesting that underlying determinants range well beyond the clinical encounters and settings

metaphor play the field beat the odds take a chance on love Yet gambling poses serious risks to individuals and to society as
a whole Neil Isaacs sports historian licensed clinical social worker English professor and a gambler himself for more than
fifty years seeks to shatter the myths interfering with our understanding of gambling addiction its causes and its treatment
He begins by systematically debunking several commonly held beliefs demonstrating that there is no such thing as the law of
