A History of the Church in Five Books,

from A.D.332 to the Death of Theodore of Mopsuestia A.D.427 Theodoret (Bishop of Cyrrhus.),1844 **A History of the Church in Five Books** Theodoret,Aeterna Press, When painters depict on tablets and on walls the events of ancient history their delineations delight the eye and preserve the remembrance of the past But historians substitute books for canvass flowery eloquence for brilliant colours and thus render the recollection of past events much more vivid and permanent Besides as the most skilful productions of painting are liable to be destroyed by time I have undertaken to record in writing events hitherto omitted in ecclesiastical history lest so many illustrious actions and incidents so deserving of fame should be suffered to sink into oblivion In addition to all this I have been very frequently urged by my friends to undertake this work But when I compared my own powers with the magnitude of the undertaking I shrank from attempting it Trusting however in the bounty of the Giver of all good I feel emboldened to enter upon a task beyond my own strength Aeterna Press
