nature sports refer to a group of sporting activities that predominantly take place in natural and rural areas. Participation can be both competitive and recreational with the primary aim to work in relation to nature where participants seek harmony rather than the quest to conquer it. Within this book, experts from around the globe consider the very essence of nature sports including numerous practical examples of it in action, offering invaluable insights to those both familiar and new to the field. Driven by an increase in non-traditional sports coupled with growing concerns about the environment, nature sports have experienced significant expansion and interest in both participation and academic debate. This book is a valuable resource for students and academics in fields such as alternative sports, alternative sport subcultures, sport philosophy, sport and social issues, ethics, and phenomenology. It is also a fascinating read for outdoor educators and practitioners. The chapters in this book were originally published as special issues in *Annals of Leisure Research*.

Family Therapy with Adolescents in Residential Treatment
Jacob D. Christenson, Ashley N. Merritts, 2017-03-30. This highly practical resource integrates the powerful dynamics of family into residential treatment and outdoors-based therapy for young people. Recognizing both the family as the systemic base for promoting change in adolescents and the therapeutic potential of the residential wilderness setting, experts show how aligning the two can enhance the healing value of the program while promoting higher standards for care. Chapters describe innovative science-based interventions and techniques for treating common behavioral and emotional problems along a continuum of family involvement and separation to address issues affecting the family as well as the identified patient. With its accessible ideas and compelling case studies, the book ably demonstrates the critical role of family in adolescent patients' successful transition to post-treatment life. Among the topics covered: A parallel process home therapy while the adolescent or young adult is in residential care; Intentional separation of families increasing differentiation through wilderness therapy; Emerging family therapy models utilized in residential settings; Engaging families in Outdoor Behavioral Healthcare; Research on coping skills used by youth with emotional and behavioral disorders; Expanding our understanding of the place of family therapy in residential treatment. *Family Therapy with Adolescents in Residential Treatment* offers novel, exciting, and effective strategies and techniques for practitioners and mental health professionals particularly interested in family therapy with adolescents and in related interventions and research.

Nature is Nurture
Megan E. Delaney, 2020. From foraging and hunting for food to more recently finding solace and peace in a beautiful vista, humans have long interacted with the natural world. Though a connection to nature runs deep in our DNA, however, people of the modern age are indoors almost 93% of the day. With that said, there is a growing evidence suggests that the natural world promotes mental and physical well-being including stress relief, improved mood, and neurological benefits. Ecotherapy, a steadily developing but lesser-known construct in mental health, explores the reciprocal relationship humans have with nature and its capacity to build strength and provide healing. *Nature Is Nurture* provides an overview of the theoretical concepts and empirical bases of ecotherapy via historical considerations and recent research within the discipline. Chapters

share practical ways to incorporate ecotherapy with children adults and veteran populations within schools and in group work Descriptions of modalities such as animal assisted equine assisted horticultural forest bathing green exercise and adventure based therapy are also included alongside case examples techniques and practical and ethical considerations In examining the impact of improved physical and mental wellness for all clients this book provides counselors therapists social workers and psychologists with the knowledge and techniques to infuse ecotherapy into everyday practice
