The Curricular Approach to Student Affairs Kathleen G. Kerr, Keith E. Edwards, James F. Tweedy, Hilary Lichterman, Amanda R. Knerr, 2023-07-03 The curricular approach aligns the mission goals outcomes and practices of a student affairs division unit or other unit that works to educate students beyond the classroom with those of the institution and organizes intentional and developmentally sequenced strategies to facilitate student learning In this book the authors explain how to implement a curricular approach for educating students beyond the classroom The book is based on more than a decade of implementing curricular approaches on multiple campuses contributing to the scholarship on the curricular approach and helping many campuses design implement and assess their student learning efforts The curricular approach is rooted in scholarship and the connections between what we know about learning assessment pedagogy and student success For many who have been socialized in a more traditional programming approach it may feel revolutionary Yet it is also obvious because it is straightforward and simple

Men and Masculinities Daniel Tillapaugh, Brian L. McGowan, 2023-07-03 There continues to be much concern about the retention and persistence of men in college particularly Black Latinx and Native American men In addition queer and trans men also have found institutions to be problematic spaces For those who do persist we know that men are overrepresented in student conduct cases and engage in risky behaviors around alcohol drug use and sexual

relationships Additionally we know that college men have historically avoided engaging in help seeking behaviors for their academic and personal success This book addresses the ways that theory can be put into practice for powerful transformative learning to support college men and their development This book synthesizes the research of the past three decades on college men to inform college student educators on the developmental needs of college men and illuminates how young men are socialized prior to their arrival to campus but perhaps more importantly how the collegiate environment becomes a training ground for the socialization of masculinities by students their peers and their environments Beyond that it sets out how practitioners can help young men understand why and how they have been socialized around their gender identity but also what their gender identity and sense of masculinity means for their future selves The book highlights programs and services designed to have college men engage with and dialogue around issues of hegemonic toxic or unhealthy aspects of masculinity These promising practices can offer college men opportunities to understand their power privilege and identity in ways that can be affirming and healthier leading to more life giving chances This is all the more important in the context of an ever evolving society where traditionally held norms and expectations around gender particularly masculinities are shifting This book equips student affairs staff faculty and administrators to better support college men s development It offers readers insights ideas and models for adapting and developing programs services and initiatives that may meaningfully meet the needs of specific student populations while recognizing that there is no one size fits all approach to this work

Teaching to discern Hernando Arturo, Estévez Cuervo, 2019-11-30 The issue of academic environments involves both research and practice It gathers theoretical and practical pieces of knowledge for a permanent analysis and evaluation of pedagogy content and accomplishments in the educational field Moreover educational practices no longer occur within the boundaries of a specific field in a globalized world those practices must overcome their traditional boundaries in order to expand to different disciplines and to different ways of understanding pedagogy In our time knowledge travels ideas and experiences are shared in educational platforms worldwide while educators and students create novel ways to collectively participate in research projects that contribute to a greater understanding of the universe The anthology Teaching to Discern Forming Connections Decolonizing Perspectives aims to provide a novel context for academic dialogue on globalized pedagogical practices pecifically it focuses on what it means to teach abroad which means discussing methodologies pedagogies and contents used by educators who have had the opportunity of teaching in a foreign country This book is a dialogue that engages academic experiences in a theoretically expansive and encompassing methodological and content driven framework around the topic of teaching abroad

Wiborg,2021-03-01 This book introduces readers to process based understandings of leadership providing language and tools for engaging in the leadership process for all involved This practical book was designed for college student leaders and educators or professionals who work with student leaders on college campuses However it is also accessible for high school students and graduate students to reflect on their identity capacity and efficacy as leaders Based on their experiences as leadership educators the authors offer grounding concepts of leadership and examples illustrating the complexity of culturally relevant leadership learning Identity who you are capacity your ability and efficacy what you do are important for students to explore leadership development These three concepts are core to this book filling a gap in college student development literature by defining illustrating and questioning how they matter to leadership learning Framing leadership as a journey this resource offers key learning opportunities for students to engage with others through a range of contexts Each chapter is organized with various features engaging readers to get the most out of this book Features include call in boxes to prepare for learning and pause for considerations to apply to personal experiences Chapters conclude with personal reflection questions discussion questions and activities to take leadership learning further The features are designed to be accessible for utilization in classes organizations community work groups and individual reflection opportunities Debunking the Myth of Job Fit in Higher Education and Student

Affairs Brian J. Reece,Vu T. Tran,Elliott N. DeVore,Gabby Porcaro,2023-07-03 Co published with This groundbreaking book examines a concept that has gone unexamined for too long The concept of job fit in the student affairs profession Fit is a term used by nearly everyone in student affairs throughout the hiring process from search committees and hiring managers to supervisors and HR professionals This book opens a conversation about the use of job fit as a tool for exclusion that needs to be critically investigated from multiple standpoints This edited collection brings together a number of voices to look at the issues involved through various lenses to explore the ways policies procedures environments and cultural norms provide inequitable job search experiences for individuals from various marginalized groups These include looking at the legal aspects employer definitions communication barriers as well as scholarly personal narratives looking at the concept from the

perspective of class race gender and sexual orientation Emerging from the Commission for Social Justice of ACPA the personal narratives and critical explorations in this book are an attempt to provide graduate students and professionals with a resource that is relevant to the job search in an increasingly competitive job market while taking into account the complex realities of their identities The normative assumptions of fit are analyzed by the authors to make visible the barriers those assumptions create for those with non dominant identities The student affairs profession strives for inclusion and acceptance as a core value and an essential competency The profession has made progress in the way it serves students but there is a disconnect between the conversation about students and the way those same values play out in the treatment of practitioners and scholars in the field This book aims to help job seekers looking to evaluate fit in their current and possible future positions as well as hiring managers who face challenges in creating equitable hiring processes Challenging the norms and rhetoric about job fit in student affairs means that scholars and practitioners alike must be able to incorporate this topic explicitly into various aspects of the profession

Academic Advising Administration Susan M. Campbell, Calley Stevens Taylor, Mike Dial, 2023-10-02 The second edition of *Academic Advising Administration* Essential Knowledge and Skills for the 21st Century examines the evolving boundary crossing role of the advising administrator in an increasingly complex and diversified higher education environment Written by scholar practitioners in the field chapters situate advising administration as a central and critical function that connects the curriculum and scholarship work of faculty members with the aspirations and goals of students Through scholarly and practical content combined with reflective questions chapters challenge readers to examine the work of advising administration through the lenses of social justice globalization and the nature of the academy itself The portrait of the advising administrator being developed in this second edition is that of a skilled practitioner visionary and transformative leader intellectual partner and collaborator and academic advising scholar in chief Intended equally for aspiring new and seasoned advising administrators this book presents theories scholarship and practical applications that offer opportunities for personal and professional growth self reflection and inspiration

We are the Leaders We've Been Waiting For Julie E. Owen, 2023-07-03 At this time of social flux of changing demographics on campus and the world beyond of recognition of intersectional identities as well as the wide variety of aspirations and career goals of today's women undergraduates how can colleges and universities best prepare them for the demands of modern leadership This text speaks to the changing context of today's women students experiences recognizing that their work life goals may go beyond climbing the corporate ladder to include social innovation and entrepreneurial goals policy and politics and social activism This book is a product of multiple collaborations and intellectual contributions of a diverse group of undergraduate and graduate women who helped shape the course on which it is based They provided research support critical readings as well as the diverse narratives that are included throughout the book not as an ideal for readers to aspire to but as an authentic expression of how their distinct and sometimes non conforming lived experiences shaped their

understandings of leadership It goes beyond hero centered approaches to get at the complex and intrapersonal nature of leadership It also situates intersectional identities critical consciousness and student development theory as important lenses throughout the text Recognizing that there are many possible manifestations of leadership or gender this text encourages students to embrace the contradictions rather than engaging in dualistic black and white thinking challenging them to address such questions as Should women lean in and work harder to achieve their own leadership goals or should they focus on bigger systemic issues to create equity in the workplace Each chapter concludes with a brief chapter review a narrative from a current college student and critical reflection questions
