Advice To The Serious Seeker Advice To The Serious Seeker:

Advice to the Serious Seeker James S. Cutsinger, 2000 The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet **On the Origin of Beauty** John Griffin, 2011-10-01 In the light of the looming ecological crisis facing the world today much of the stunning beauty of the natural world is being lost forever On the Origin of Beauty seeks to confront this crisis through a philosophical enquiry into our perception of natural beauty Through discussions of numerous fields including the philosophy of science environmental ethics rationalism and Eastern and Western religion Griffin asserts that Beauty itself may be the catalyst needed to save the globe from destruction **Frithjof Schuon** Michael Oren Fitzgerald, 2010-08-19 Offering the most comprehensive biography of Frithjof Schuon 1907 1998 yet published Fitzgerald s work features quotations from Schuon s articles books memoirs and correspondence combined with a wealth of reliable information from people who knew Schuon well With over 75 color and black and white photos and illustrations readers will gain valuable insights into the life and work of the foremost representative of the Perennialist or Traditionalist school of comparative religious thought The Secret of the Christian Way Jean Borella, 2001-02-01 Gathering key writings from the French religious philosopher Jean Borella s works this book moves the reader from the immediacy of the physical world to a world deep within ourselves Throughout Borella s writings there is a resurrectional power to his words a way of seeing things that makes all things new that endows us with an ability to look anew on Christ and his Body the Church Translator and editor G John Champoux has used a selection from Saint Bonaventure s The Soul s Journey into God to preface each of Borella s writings and to show how these insights can take us from our ordinary surroundings into our innermost world

Revisioning Transpersonal Theory Jorge N. Ferrer, 2001-10-19 In his striking debut Jorge N Ferrer deconstructs and reconstructs the entire transpersonal project articulating a more sophisticated pluralistic and spiritually grounded transpersonal theory He brings recent ideas in epistemology and the philosophy of science to bear upon core issues in the psychology and philosophy of religion The book s first half Deconstruction describes the nature and origins of the prevailing vision that has guided transpersonal scholarship so far and identifies some of its main conceptual and practical limitations subtle Cartesianism spiritual narcissism intrasubjective empiricism and reductionistic universalism In the second half of the book Reconstruction Ferrer suggests a way of reconceiving transpersonal ideas without these limitations a participatory vision of human spirituality one which not only places transpersonal studies in greater alignment with the values of the spiritual quest but also discloses a rich variety of spiritual liberations spiritual worlds and even ultimate realities
