Alexander The Great And His Empire A Short Introduction

Kostas Vlassopoulos

Alexander The Great And His Empire A Short Introduction:

Alexander the Great and His Empire Pierre Briant, 2012-03-25 A classic account of Alexander the Great's conquest and its impact on the conquered now in English for the first time This is the first publication in English of Pierre Briant's classic short history of Alexander the Great's conquest of the Persian empire from the Mediterranean to Central Asia Eschewing a conventional biographical focus this is the only book in any language that sets the rise of Alexander's short-lived empire within the broad context of ancient Near Eastern history under Achaemenid Persian rule as well as against Alexander's Macedonian background As a renowned historian of both the Macedonians and the Persians Briant is uniquely able to assess Alexander's significance from the viewpoint of both the conquerors and the conquered and to trace what changed and what stayed the same as Alexander and the Hellenistic world gained ascendancy over Darius's Persia After a short account of Alexander's life before his landing in Asia Minor the book gives a brief overview of the major stages of his conquest This background sets the stage for a series of concise thematic chapters that explore the origins and objectives of the conquest the nature and significance of the resistance it met the administration defense and exploitation of the conquered lands the varying nature of Alexander's relations with the Macedonians Greeks and Persians and the problems of succession following Alexander's death For this translation Briant has written a new foreword and conclusion updated the main text and the thematic annotated bibliography and added a substantial appendix in which he assesses the current state of scholarship on Alexander and suggests some directions for future research More than ever this masterful work provides an original and important perspective on Alexander and his empire Some images inside the book are unavailable due to digital copyright restrictions

Alexander the Great Hugh Bowden, 2014-07-24 Alexander the Great became king of Macedon in 336 BC when he was only 20 years old and died at the age of 32 twelve years later During his reign he conquered the Achaemenid Persian Empire the largest empire that had ever existed leading his army from Greece to Pakistan and from the Libyan desert to the steppes of Central Asia His meteoric career as leader of an alliance of Greek cities Pharaoh of Egypt and King of Persia had a profound effect on the world he moved through Even in his lifetime his achievements became legendary and in the centuries that following his story was told and retold throughout Europe and the East Greek became the language of power in the Eastern Mediterranean and much of the Near East as powerful Macedonian dynasts carved up Alexander's empire into kingdoms of their own underlaying the flourishing Hellenistic civilization that emerged after his death But what do we really know about Alexander In this Very Short Introduction Hugh Bowden goes behind the usual historical accounts of Alexander's life and career Instead he focuses on the evidence from Alexander's own time letters from officials in Afghanistan Babylonian diaries records from Egyptian temples to try and understand how Alexander appeared to those who encountered him In doing so he also demonstrates the profound influence the legends of his life have had on our historical understanding and the controversy they continue to generate worldwide ABOUT THE SERIES The Very Short Introductions series from Oxford

University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

[Alexander the Great and His Empire](#) Pierre Briant,2012-03-25 A classic account of Alexander the Great's conquest and its impact on the conquered now in English for the first time This is the first publication in English of Pierre Briant's classic short history of Alexander the Great's conquest of the Persian empire from the Mediterranean to Central Asia Eschewing a conventional biographical focus this is the only book in any language that sets the rise of Alexander's short lived empire within the broad context of ancient Near Eastern history under Achaemenid Persian rule as well as against Alexander's Macedonian background As a renowned historian of both the Macedonians and the Persians Briant is uniquely able to assess Alexander's significance from the viewpoint of both the conquerors and the conquered and to trace what changed and what stayed the same as Alexander and the Hellenistic world gained ascendancy over Darius's Persia After a short account of Alexander's life before his landing in Asia Minor the book gives a brief overview of the major stages of his conquest This background sets the stage for a series of concise thematic chapters that explore the origins and objectives of the conquest the nature and significance of the resistance it met the administration defense and exploitation of the conquered lands the varying nature of Alexander's relations with the Macedonians Greeks and Persians and the problems of succession following Alexander's death For this translation Briant has written a new foreword and conclusion updated the main text and the thematic annotated bibliography and added a substantial appendix in which he assesses the current state of scholarship on Alexander and suggests some directions for future research More than ever this masterful work provides an original and important perspective on Alexander and his empire

[Alexander the Great & Persia](#) Joseph Stiles,2022-09-15 Upon his return from India Alexander the Great travelled to the Persian royal city of Pasargadae to pay homage at the tomb of King Cyrus founder of the Achaemenid Persian Empire whom he admired greatly Disgusted to find Cyrus tomb desecrated and looted the Macedonian king had the tomb guards tortured the Persian provincial governor executed and the tomb refurbished This episode involving Cyrus tomb serves as one of many case studies in Alexander's relationship with Persia At times Alexander would behave pragmatically sparing his defeated enemies and adopting Persian customs Sisymbria the mother of Persian King Darius III allegedly came to view Alexander as a son and starved herself at the news of his demise On other occasions he did not shy away from destruction famously torching the palace at Persepolis and cruelty earning himself the nickname the accursed This conflicting nature gives Alexander a complex legacy in the Persian world Joseph Stiles explores Alexander the Great's fascinating relationship with his spear won empire disentangling the motives and influences behind his policies and actions as King of Asia

Alexander the Great Stephen Harrison,2025-07-13 An evenhanded reimagining of the Greek conqueror's life This book offers a fresh perspective on the reign of Alexander the Great It re-examines Alexander's military victories and personality

while also exploring the impact of his campaigns on the people he conquered Alexander's story Stephen Harrison argues is one that includes the vital roles that other figures played in historical events By considering recent intellectual currents Harrison highlights how contemporary experiences have shaped historical interpretation and also reflects on Alexander's portrayals through the centuries Moving beyond polarized debates Harrison provides a nuanced discussion of Alexander's impact The book presents an Alexander for the twenty first century *Greeks and Barbarians* Kostas Vlassopoulos,2013-08 Examines the political social economic and cultural interactions between Greeks and non Greeks from the Archaic to the Hellenistic period *Understanding Non-State Actors* Eran Zohar,2023-10-24 Understanding Non State Actors aims to reduce the scarcity of academic literature on armed non state actors NSAs that have always been a part of world politics and wars This monograph offers possibly for the first time a systematic historical review as well as a substantive theory of NSAs and their arming efforts The world has been astonished by the ability of the well armed Hamas to inflict heavy losses on the powerful Israel Thus from the Jewish rebellion against Rome to the war between the Ukrainian separatists and the Ukrainian government NSAs weapons acquisition has been vital for the build up of their force enabling both the employment of that force and its sustainability While weapons are not necessarily the most important factor in military build up NSAs need weapons to fight and revolts usually erupt after the organizers have acquired a certain number of weapons Conversely many revolts lose momentum and operations are not carried out or turn ineffective due to shortages of arms and ammunition A major theme of this monograph is that in spite of dramatic political and technological changes armed NSAs in different periods have employed similar methods to acquire weapons Self production looting and stealing external support and the arms trade were always the major ways for NSAs to acquire weapons though the importance of each method and the type of arms has changed remarkably over time Understanding Non State Actors discusses the factors political social cultural technological and organizational that have both facilitated and constrained the ability of NSAs to acquire arms Especially lecturers and students of Military Terrorism Conflict studies War and peace studies will benefit from this study Shifting Social Imaginaries in the Hellenistic Period Eftychia Stavrianopoulou,2013-09-12 There is a long tradition in classical scholarship of reducing the Hellenistic period to the spreading of Greek language and culture far beyond the borders of the Mediterranean More than anything else this perception has hindered an appreciation of the manifold consequences triggered by the creation of new spaces of connectivity linking different cultures and societies in parts of Europe Asia and Africa In adopting a new approach this volume explores the effects of the continuous adaptations of ideas and practices to new contexts of meaning on the social imaginaries of the parties participating in these intercultural encounters The essays show that the seemingly static end products of the interaction between Greek and non Greek groups such as texts images and objects were embedded in long term discourses and thus subject to continuously shifting processes **The Story of Greece and Rome** Tony Spawforth,2018-11-06 This excellent survey spans the rise and fall of the Greco Roman world This

conversational yet erudite history is a treat Publishers Weekly starred review The magnificent civilization created by the ancient Greeks and Romans is the greatest legacy of the classical world However narratives about the civilized Greek and Roman empires resisting the barbarians at the gate are far from accurate Tony Spawforth an esteemed scholar author and BBC presenter follows the thread of civilization through more than six millennia of history His story reveals that Greek and Roman civilization to varying degrees was surprisingly receptive to external influences particularly from the East From the rise of the Mycenaean world of the sixteenth century B C Spawforth traces a path through the ancient Aegean to the zenith of the Hellenic state and the rise of the Roman Empire the coming of Christianity and the consequences of the first caliphate Deeply informed provocative and entirely fresh this is the first and only accessible work that tells the extraordinary story of the classical world in its entirety A welcome survey of the two greatest powers in the ancient Mediterranean world and their bound destinies Kirkus Reviews A sweeping beautifully written story With Spawforth as our guide we grasp a world less of myths and superheroes than of people who really lived John Timpane The Philadelphia Inquirer With great agility Spawforth mixes literary inscriptional and archaeological material and offers a nuanced understanding of how civilisations evolve Professor Michael Scott author of Ancient Worlds Informed informative and thoroughly enjoyable A book that brings the past back to life Peter Frankopan author of The Silk Roads *Peace and Reconciliation in the Classical World* E. P. Moloney, Michael Stuart Williams, 2017-02-03 Warfare has long been central to a proper understanding of ancient Greece and Rome worlds where war was as the philosopher Heraclitus observed both king and father of all More recently however the understanding of Classical antiquity solely in such terms has been challenged it is recognised that while war was pervasive and a key concern in the narratives of ancient historians a concomitant desire for peace was also constant This volume places peace in the prime position as a panel of scholars stresses the importance of peace as a positive concept in the ancient world and not just the absence of or necessarily even related to war and considers examples of conflict resolution conciliation and concession from Homer to Augustine Comparing and contrasting theories and practice across different periods and regions this collection highlights first the open and dynamic nature of peace and then seeks to review a wide variety of initiatives from across the Classical world *A Concise History of Ancient Israel* Bernd U. Schipper, 2020-01-15 The history of biblical Israel as it is told in the Hebrew Bible differs substantially from the history of ancient Israel as it can be reconstructed using ancient Near Eastern texts and archaeological evidence In *A Concise History of Ancient Israel* Bernd U Schipper uses this evidence to present a critical revision of the history of Israel and Judah from the late second millennium BCE to the beginning of the Roman period Considering archaeological material as well as biblical and extrabiblical texts Schipper argues that the history of Israel in the preexilic period took place mostly in the hinterland of the Levant and should be understood in the context of the Neo Assyrian expansion He demonstrates that events in the exilic and postexilic periods also played out differently than they are recounted in the biblical books of Ezra and Nehemiah In contrast to previous scholarship

which focused heavily on Israel's origins and the monarchic period Schipper's history gives equal attention to the Persian and early Hellenistic periods providing confirmation that a wide variety of forms of YHWH religion existed in the Persian period and persisted into the Hellenistic age Original and innovative this brief history provides a new outline of the historical development of ancient Israel that will appeal to students scholars and lay readers who desire a concise overview Antiguo Oriente - Volume 19 (2021) Romina Della Casa,2021-12-31 Antiguo Oriente abbreviated as AntOr is the annual peer reviewed scholarly journal published by the Center of Studies of Ancient Near Eastern History CEHAO Catholic University of Argentina

Atlas of Classical History Richard Talbert,Lindsay Holman,Benet Salway,2023-03-06 Featuring over 130 colour maps of ancient physical and human landscapes spanning Britain to India and deep into the Sahara this atlas is a compact kaleidoscope of peoples migrations empires strife cultures cities and travels from Greece's Bronze Age to Rome's fall in the West This revised edition of the Atlas of Classical History equips readers with a clear visual grasp of the spatial dimension a vital aspect for understanding history Users gain insight into the formative roles of physical landscape seas rivers mountains deserts in Mediterranean peoples development The maps in all their variety of scope scale and colour offer an absorbing means to track the growth of states on the ground especially their relationships conflicts urbanization communications and cultures Each map is enriched by readily identifiable symbols and concise accompanying texts as well as recommendations for further reading With its vast geographical sweep in a compact format this book is a comprehensive reference work primarily aimed at non specialists With updated text and thoroughly revised maps now presented in colour the Atlas of Classical History remains an essential reference volume for all those interested in the civilizations of ancient Europe North Africa and Western Asia as well as for students and scholars of ancient Greek and Roman history The Oxford Handbook of Hellenistic Philosophy Jacob Klein,Nathan Powers,2025 The Oxford Handbook of Hellenistic Philosophy offers thirty essays by leading international scholars consolidating the scholarly gains of recent decades highlighting the innovation and creativity of Hellenistic philosophy providing an overview of the current state of scholarship and pointing the way to new avenues of research **The Courts of Philip II and Alexander the Great** Frances Pownall,Sulochana R.

Asirvatham,Sabine Müller,2022-01-19 Recent scholarship has recognized that Philip II and Alexander the Great adopted elements of their self fashioning and court ceremonial from previous empires in the Ancient Near East but it is generally assumed that the advent of the Macedonian court as a locus of politics and culture occurred only in the post Alexander landscape of the Hellenistic Successors This volume of ground breaking essays by leading scholars on Ancient Macedonia goes beyond existing research questions to assess the profound impact of Philip and Alexander on court culture throughout the ages The papers in this volume offer a thematic approach focusing upon key institutional cultural social ideological and iconographical aspects of the reigns of Philip and Alexander The authors treat the Macedonian court not only as a historical reality but also as an object of fascination to contemporary Greeks that ultimately became a topos in later reflections on the

lives and careers of Philip and Alexander This collection of papers provides a paradigm shifting recognition of the seminal roles of Philip and Alexander in the emergence of a new kind of Macedonian kingship and court culture that was spectacularly successful and transformative

Persepolis Ali Mousavi,2012-04-19 Persepolis Discovery and Afterlife of a World Wonder presents the first full study of the history of archaeological exploration at Persepolis after its destruction in 330 BC Based in part on archival evidence anecdotal information and unpublished documents this book describes in detail the history of archaeological exploration visual documentation and excavations at one of the most celebrated sites of the ancient world The book addresses a broad audience of readers ranging from students of the archaeology history and art history of ancient medieval and modern Iran to scholars in Classical Studies and Ancient Near Eastern Studies

Being Alone in Antiquity Rafał Matuszewski,2021-11-22 This volume aims to provide an interdisciplinary examination of various facets of being alone in Greco Roman antiquity Its focus is on solitude social isolation and misanthropy and the differing perceptions and experiences of and varying meanings and connotations attributed to them in the ancient world Individual chapters examine a range of ancient contexts in which problems of solitude loneliness isolation and seclusion arose and were discussed and in doing so shed light on some of humankind s fundamental needs fears and values

Brill's Companion to the Campaigns of Philip II and Alexander the Great ,2024-12-23 This Companion whose contributions come from an outstanding array of experts deals exclusively with the military campaigns of Philip II and his son Alexander the Great and the forces that fought in them In addition to discussions of the strategy and tactics of the two commanders the Companion examines those elements that went into the determination of these strategies and tactics Chapters will be devoted to the logistics of these campaigns military recruitment and training the care of diseased and injured soldiers military organization and equipment and much more While no study can ever be truly complete this Companion comes far closer than any such previous attempt

Creators, Conquerors, and Citizens Robin Waterfield,2018 Covering roughly eight centuries from the age of Homer 8th century BC to the end of the Hellenistic period late first century BC this book will provide general readers with a comprehensive and accessible narrative history of ancient Greece

A Companion to Ancient Thrace Julia Valeva,Emil Nankov,Denver Graninger,2020-01-29 A Companion to Ancient Thrace presents a series of essays that reveal the newly recognized complexity of the social and cultural phenomena of the peoples inhabiting the Balkan periphery of the Classical world Features a rich and detailed overview of Thracian history from the Early Iron Age to Late Antiquity Includes contributions from leading scholars in the archaeology art history and general history of Thrace Balances consideration of material evidence relating to Ancient Thrace with more traditional literary sources Integrates a study of Thrace within a broad context that includes the cultures of the eastern Mediterranean southwest Asia and southeast Europe Eurasia Reflects the impact of new theoretical approaches to economy ethnicity and cross cultural interaction and hybridity in Ancient Thrace

Eventually, you will definitely discover a other experience and talent by spending more cash. yet when? realize you allow that you require to get those every needs later than having significantly cash?
