The Occult Nineteenth Century Lukas Pokorny, Franz Winter, 2021-01-09 The nineteenth century witnessed a proliferation of alternative religious currents and practices appropriating earlier traditions entangling geographically distinct spiritual discourses and crafting a repository of mindscapes eminently suitable to be accommodated by later generations of thinkers and practitioners Penned by specialists in the field this volume examines important themes and figures pertaining to this occult amalgam and its resonance into the twentieth century and beyond Global guises of the occult ranging from the Americas and Europe to India are variously addressed with special attention to the crucial role of mesmerism and the origins of modern yoga

Contesting Earth's History in Transatlantic Literary Culture, 1860-1935 Richard Fallon, 2025-02-14 By the mid nineteenth century geologists and palaeontologists had reconstructed an authoritative narrative of Earth's deep history from the planet's molten origins to the

rise of humanity Many figures in transatlantic science across subsequent decades however had problems with this narrative it was too secular inhuman and evolutionary or controlled too exclusively by elite scientists Speaking from palaeoscience s unevenly professionalized and controversy racked borders Christian fundamentalists charismatic psychics and respected scholars alike voiced their objections Until now no study has brought their work together for detailed comparative analysis Spanning from the 1860s to the interwar decades Contesting Earth s History examines the fascinating stories of five significant examples of fringe or borderline palaeoscience old and young earth creationism hollow earth theory clairvoyant time travel and sunken continent catastrophism Innovatively combining methods from literary studies with the history of science this book attends not just to the conceptual content of these strange sciences but also to their proponents communication of truth claims through diverse genres ranging from the scientific textbook and the technical monograph to the lost world romance and the epic poem By paying close attention to the hitherto overlooked textual forms and literary strategies of these works of pseudoscience this volume throws into relief the variant conceptions of audience evidence and method that jostled and competed in wider scientific culture during this period It also demonstrates that for all their diversity authors of borderline palaeoscience shared the desire to shift the balance of power creating textual spaces where exclusive hierarchies of scientific expertise could be levelled away These conjurors of lost worlds often captivated wide audiences and many of their bizarre astonishing and iconoclastic ideas remain with us to this day Some even inspired early science fiction by the likes of H P Lovecraft and Edgar Rice Burroughs Hijacking geologists and palaeontologists longstanding effort at making the prehistoric past visible authors on the borderlines of palaeoscience asserted their right to scientific authority and encouraged readers to gaze into time s abyss with bold new eyes

Photography in the Third Reich: Art, Physiognomy and Propaganda Christopher Webster, 2021-01-07 This lucid and comprehensive collection of essays by an international group of scholars constitutes a photo historical survey of select photographers who embraced National Socialism during the Third Reich These photographers developed and implemented physiognomic and ethnographic photography and through a Selbstgleichschaltung a self co ordination with the regime continued to practice as photographers throughout the twelve years of the Third Reich The volume explores through photographic reproductions and accompanying analysis diverse aspects of photography during the Third Reich ranging from the influence of Modernism the qualitative effect of propaganda photography and the utilisation of technology such as colour film to the photograph as ideological metaphor With an emphasis on the idealised representation of the German body and the role of physiognomy within this representation the book examines how select photographers created and developed a visual myth of the master race and its antitheses under the auspices of the Nationalist Socialist state Photography in the Third Reich approaches its historical source photographs as material culture examining their production construction and proliferation This detailed and informative text will be a valuable resource not only to historians studying the Third Reich but to scholars and students of film history of art politics

Scientific and mythological evidence that Antarctica was once Atlantis Reveals how the earth's crust shifted in 9600 BCE dragging Atlantis into the polar zone beneath miles of Antarctic ice Examines ancient yet highly accurate maps including the Piri Reis map of 1513 which reveals a pre-glacial Antarctica Shows how myths of floods and disaster from around the world all point to a common source In this completely revised and expanded edition of *When the Sky Fell* Rand and Rose Flem-Ath show that 12 000 years ago vast areas of Antarctica were free from ice and home to the kingdom of Atlantis a proposition that also elegantly solves the mysteries of ice ages and mass extinctions the simultaneous worldwide rise of agriculture and the source of devastating prehistoric climate change Expanding upon Charles Hapgood's theory of earth crust displacement which was championed by Albert Einstein they examine ancient yet highly accurate world maps including the Piri Reis map of 1513 and show how the earth's crust shifted in 9600 BCE dragging Atlantis into the polar zone where it now lies beneath miles of Antarctic ice From the Cherokee Haida and Okanagan of North America to the earliest records of Egypt Iran Mexico and Japan they reveal that ancient myths of floods lost island paradises and visits from advanced godlike peoples from all corners of the globe all point to the same worldwide catastrophe that resulted in Atlantis's demise The authors explain how the remaining Atlanteans amid massive earthquakes and epic floods evacuated and spread throughout the world resulting in the birth of the first known civilizations Including rare material from the archives of Charles Hapgood Albert Einstein and Dwight D Eisenhower the Flem-Aths explain how an earth crust displacement could happen again in the future perhaps in correspondence with high solar activity With new scientific genetic and linguistic evidence in support of Antarctica as the location of long lost Atlantis this updated edition convincingly shows that Atlantis was not swallowed by the sea but was entombed beneath miles of polar ice

Theosophy and the Study of Religion, 2024-06-11 Since its emergence in the nineteenth century the Theosophical Society has wielded enormous influence across diverse fields none more so than the study of religion This volume explores this legacy in North America Europe and India demonstrating its impact on the conceptualization of religion and its influence on methods of comparison Unveiling overlooked entanglements the volume challenges standard narratives in the history of religious studies and interrogates the deliberate neglect of theosophy's influence in the secular academy In doing so the work confronts lingering ghosts urging a reappraisal that enriches the study of religion and offers prescriptions for its future

A History of Conversion to Islam in the United States, Volume 2 Patrick D. Bowen, 2017-09-11 In *A History of Conversion to Islam in the United States Volume 2* The African American Islamic Renaissance 1920-1975 Patrick D Bowen offers an in-depth account of African American Islam as it developed in the United States during the fifty-five years that followed World War I Having been shaped by a wide variety of intellectual and social influences the African American Islamic Renaissance appears here as a movement that was characterized by both great complexity and diversity Drawing from a wide variety of sources including dozens of FBI files rare books and periodicals little

known archives and interviews and even folktale collections Patrick D Bowen disentangles the myriad social and religious factors that produced this unprecedented period of religious transformation *Innovation in Esotericism from the Renaissance to the Present* Georgiana D. Hedesan, Tim Rudbøg, 2021-05-10 This collection explores the role of innovation in understanding the history of esotericism It illustrates how innovation is a mechanism of negotiation whereby an idea is either produced against or adapted from an older set of concepts in order to respond to a present context Featuring contributions from distinguished scholars of esotericism it covers many different fields and themes including magic alchemy Rosicrucianism Theosophy Tarot apocalypticism and eschatology Mesmerism occultism prophecy and mysticism **Nordic Fascism** Nicola Karcher, Markus Lundström, 2022-12-09 Nordic Fascism is the first comprehensive history in English of fascism in the Nordic countries Transnational cooperation between radical nationalists has especially been the case in Sweden Denmark Norway and Finland where fascism has not only developed through interdependent processes but also through interactions between and beyond national boundaries and where racial relationship has been a core argument With chapters ranging from the inception of fascism in the interwar years up to the present day this book offers the first fragments of an entangled history of Nordic fascism It illuminates how The North occupies a special place in the fascist imagination articulating ideas about the Nordic people resisting the supposed cultural degeneration replacement or annihilation of the white race The authors map ideological exchange between fascist organisations in the Nordic countries and outline past and present attempts at pan Nordic state building This book will appeal to scholars of fascism and Nordic history and readers interested in the general history of fascism [Time of the Quickening](#) Susan B. Martinez, 2011-03-28 A guide to the science of prophecy why so many predictions never come to pass and the Golden Age ahead Presents a mathematical means of divining the future revealed in the Oahspe Bible using the Egyptian Tables of Destiny a 12 000 year old system so exact it can foretell every day of the year Reveals that we are not headed for Rapture and the Apocalypse but for the Quickening the embryonic stage of a Utopian Age Examines the cycles of history and explains why many prophecies have not come true Reviewing the cycles of history from biblical times to the present and prophecies of the future from Nostradamus to Edgar Cayce and Jeane Dixon Susan B Martinez reveals that our current time of troubles is not the beginning of Rapture the Apocalypse or Armageddon but of the embryonic stage of a Utopian Age the Quickening of the human race Reviving the lost science of prophecy Martinez explains why so many great prophecies have failed and presents the 12 000 year old Egyptian system of prediction so exact it can foretell every day of the year a method based not on the planets astrology or intuition but on Earth s magnetic rhythms Using Earth science historical research religious texts spiritualism and patterns within the cycles of war and political milestones she demonstrates that the past is the hidden key to the future and uncovers the prophetic numbers of Earth s cycles 11 33 99 and 363 as set forth in the Egyptian Tables of Destiny ancient texts brought to light by the 19th century Oahspe Bible Explaining how readers can use the Tables of Destiny to make their own predictions of

the future she presents her own forecasts of the risks and costs of technological progress the destiny of America the up and coming global religion the truth behind climate change and the cause of earthquakes and the true life expectancy of planet Earth as well as offering a preview of the Paradigm Shift and Golden Age ahead a time of global unity and awakening of the soul of the world

Lost Secrets of the Gods Michael Pye, Kirsten Dalley, 2025-09-12 Are there 10 000 year old secret societies that still exist today Was there a race of giants that once inhabited the Americas Did ancient Egypt and ancient China have heretofore undiscovered ties Lost Secrets of the Gods delves into these ancient mysteries and many more in articles by some of the world s most intrepid and knowledgeable researchers The old paradigms of history are being radically transformed as we discover more evidence of little known cultures and what they achieved Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies Who were they and where did they come from We now know that many ancient cultures had advanced knowledge of science agriculture and astronomy only some of which has been rediscovered in the last 100 years Were The Iliad and The Odyssey really about an epic struggle in pre Celtic Europe What happened to the Persian army that completely disappeared from Egypt 2 500 years ago Did the ancients know how to create psychic guard dogs to protect sacred sites There is much more to history than what has officially been recorded Lost Secrets of the Gods reveals startling truths and asks fascinating questions traditional historians have long ignored

Explorations in Music and Esotericism Marjorie Roth, Leonard George, 2023 Scholars explore from many fresh angles the interweavings of two of the richest strands of human culture music and esotericism with examples from the medieval period to the modern age Music and esotericism are two responses to the intuition that the world holds hidden order beauty and power Those who compose perform and listen to music have often noted that music can be a bridge between sensory and transcendent realms Such renowned writers as Boethius expanded the definition of music to encompass not only sounded music but also the harmonic fabric of human and cosmic life Those who engage in pursuits called esoteric from ancient astrology magic and alchemy to recent and more novel forms of spirituality have also remarked on the relevance of music to their quests Esotericists have composed music in order

to convey esoteric meaning performed music to create esoteric influences and listened to music to raise their esoteric awareness The academic study of esotericism is a young field and few researchers have probed the rich interface between the musical and esoteric domains In *Explorations in Music and Esotericism* scholars from numerous fields introduce the history of esotericism and current debates about its definition and extent The book's sixteen chapters present rich instances of connections between music and esotericism organized with reference to four aspects of esotericism as a form of thought as the keeping and revealing of secrets as an identity and as a signifier Edited by Marjorie Roth and Leonard George Contributors Elizabeth Abbate Malachai Komanoff Bandy Adam Bregman Charles E Brewer Benjamin Dobbs Anna Gawboy Pasquale Giaquinto Adam Knight Gilbert Joscelyn Godwin Virginia Christy Lamothe Andrew Owen Christopher Scheer Codee Ann Spinner Woodrow Steinken and Daphne Tan

Fictional Practice: Magic, Narration, and the Power of Imagination, 2021-09-27 To what extent were practitioners of magic inspired by fictional accounts of their art In how far did the daunting narratives surrounding legendary magicians such as Theophilus of Adana Cyprianus of Antioch Johann Georg Faust or Agrippa of Nettesheim rely on real world events or practices Fourteen original case studies present material from late antiquity to the twenty first century and explore these questions in a systematic manner By coining the notion of fictional practice the editors discuss the emergence of novel imaginative types of magic from the nineteenth century onwards when fiction and practice came to be more and more intertwined or even fully amalgamated This is the first comparative study that systematically relates fiction and practice in the history of magic

The John Michell Reader John Michell, 2015-04-23 Deepest thoughts and musings of a 1960s countercultural icon Includes 108 of Michell's most insightful erudite witty and occasionally scathing essays on diverse topics ranging from sacred practices of the Stone Age to the evils of the metric system to the madness of modernity Describes principles to live in tune with the divine order of the world and discover the paradise of the philosophers of ancient times Includes an introductory overview by Joscelyn Godwin of Michell's entire career

A countercultural icon of the 1960s John Michell 1933 2009 was perhaps best known for his books on sacred geometry Earth mysteries and unusual phenomena He was also beloved and reviled for his radical idealistic yet classically traditional views on a wide range of heretical topics from sacred practices of the Stone Age to the evils of the metric system to the madness of modernity and the unfolding apocalypse Carefully selecting 108 of Michell's most insightful erudite witty and occasionally scathing essays from his column in the monthly magazine The Oldie esoteric scholar Joscelyn Godwin presents a colorful collection of Michell's writings and rants that cover nearly every aspect of society history and traditional wisdom In these short essays Michell takes on agribusiness Darwinism superstition Stonehenge the insanity of modern society UFOs Jesus fairies the Grail legend among many other topics No matter how small the topic under consideration Michell always takes a larger view on it illuminating it with light from above Godwin's artful selection and ordering of essays reveals Michell's overarching grand view of the world at large We glimpse the heart of Michell as idealistic Platonist and radical traditionalist absorb his common sense lessons for living in tune with the divine order and are reminded that the elusive paradise of the philosophers of ancient times is still within reach for those with the strength of vision to see it **The Image of the**

Feminine in the Poetry of W.B. Yeats and Angelos Sikelianos Anastasia Psoni, 2018-12-19 Modernism as a powerful movement saw the literary and artistic traditions as well as pure science starting to evolve radically creating a crisis even chaos in culture and society Within this chaos myth offered an ordered picture of that world employing symbolic and poetic images Both W B Yeats and Angelos Sikelianos embraced myth and symbols because they liberate imagination and raise human consciousness bringing together humans and the cosmos Being opposed to the rigidity of scientific materialism that inhibits spiritual development the two poets were waiting for a new age and a new religion expecting that they themselves would inspire their community and usher in the change In their longing for a new age archaeology was a magnetic field for Yeats and Sikelianos as it was for many writers and thinkers After Sir Arthur Evans's discovery of the Minoan Civilization where women appeared so peacefully prominent the dream of re-creating a gynocentric mythology was no longer a fantasy In Yeats's and Sikelianos's gynocentric mythology the feminine figure appears in various forms and like in a drama it plays different roles Significantly a gynocentric mythology permeates the work of the two poets and this mythology is of pivotal importance in their poetry their poetics and even in their life as the intensity of their creative desire brought to them female personalities to inspire and guide them Indeed in Yeats's and Sikelianos's gynocentric mythology the image of the feminine holds a place within a historical context taking the reader into a larger social political and religious space
