However the Moomins were only a part of her prodigious output Already admired in Nordic art circles as a painter cartoonist and illustrator she would go on to write a series of classic novels and short stories She remains Scandinavia s best loved author Tove Jansson s work reflected the tenets of her life her love of family and special bond with her mother of nature and her insistence on freedom to pursue her art Love and work was the motto she chose for herself and her approach to both was joyful and uncompromising If her relationships with men foundered on her ambivalence towards marriage those with women came as a revelation especially the love and companionship she found with her long time partner the artist Tuulikki Pietil with whom she lived on the solitary island of Klovharu In this meticulously researched authorised biography Boel Westin draws together the many threads of Jansson s life from the studies interrupted to help her family the dark shades of war and her emergence as an artist with a studio of her own to the years of Moomin mania and later novel writing Based on numerous conversations with Tove and unprecedented access to her journals letters and personal archives Tove Jansson Life Art Words offers a rare and privileged insight into the world of a writer whom Philip Pullman described simply as a genius
