Canadian Plains Research Center, 2004 The more than 175 biographies in this volume together tell the story of writing in Saskatchewan As David Carpenter notes in his Introduction to the volume The writers whose lives are told in these pages are part of an extraordinary cultural community that has touched and been touched by the people and landscape of this province

contingency and connection to a complex whole over ambition and distinction Against Self Reliance revalues and rethinks what it meant to be repetitive derivative or pointedly generic in the early republic and beyond Howell draws on such varied sources as Benjamin Franklin s programs for moral reform Phillis Wheatley s devotional poetry David Rittenhouse s coins and astronomical machines Benjamin Rush s psychological and political theory Susanna Rowson s schoolbooks and the novels of Charles Brockden Brown and Herman Melville to tease out patterns of dependence in early America With its incisive critique of America s storied heroic individualism Against Self Reliance argues that the arts of dependence were and are critical to the project of American independence *The Oxford Handbook of Theology, Sexuality, and Gender* Adrian Thatcher,2015 The Oxford Handbook of Theology Sexuality and Gender presents an unrivalled overview of the theological study of sexuality and gender These topics are not merely contentious and pervasive they have escalated in importance within theology Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline this authoritative collection presents and develops the latest thinking in these areas Divided into eight thematic sections the Handbook explores methodological approaches contributions from neighbouring disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research *The Oxford Dictionary of Musical Works* Alison Latham,2004 Anyone interested in music often wants to place pieces in context for example to know who wrote them and when and where they were first performed The new Oxford Dictionary of Musical Works provides short articles on over 1750 pieces including operas and ballets and choral vocal orchestral chamber and instrumental pieces including operas and ballets choral vocal orchestral chamber and instrumental pieces Other genres included are collections national anthems and traditional melodies Each entry provides the essential information about each piece the details of its genre the composer librettist the number of movements or acts and important dates surrounding the piece Fully cross referenced the dictionary also includes an appendix of nicknamed compositions such as the Pastoral Symphony as well as an index of composers and a glossary of terms Thorough and illuminating the Oxford Dictionary of Musical Works is an absolute necessity for any music lover **Women In Utah History** Patricia Lyn Scott,Linda Thatcher,2005-11-30 A project of the Utah Women s History Association and cosponsored by the Utah State Historical Society Paradigm or Paradox provides the first thorough survey of the complicated history of all Utah women Some of the finest historians studying Utah examine the spectrum of significant social and cultural topics in the state s history that particularly have involved or affected women The contents are as follows A Comparison of Utah Mormon Polygamous and Monogamous Women Jessie L Embry and Lois Kelley Innovation and Accommodation the
