Atlantis God A Novel Jack Howard:

Atlantis God David Gibbins, 2012-04-24 Atlantis The world's mightiest empire Its secrets have been lost to the ocean's depths but in this high action race against the clock marine archaeologist Jack Howard is about to find out that the gods of Atlantis live on through a terrifying new evil A lost Nazi bunker in a forest in Germany contains a dreadful secret But is there a horrifying new dimension to the Nazis rule of terror When Jack Howard head of the International Maritime University and his team of adventurers return to the lost island of Atlantis in the Black Sea they realize they're not just on the trail of the most sought after treasures in history but are about to uncover a surprising link between Atlantis and the 1930s expeditions of Himmler's Ahnenerbe the Nazis Department of Cultural Heritage But unbeknownst to Jack shadowy figures from his past are joining forces and they have their own ghastly vision for a new Atlantis Can he stop them before it's too late *The Gods of Atlantis* David Gibbins, 2012-01-05 A thrilling standalone sequel to ATLANTIS David Gibbins international bestseller of high action adventure marine archaeology and the exploration of one of history's most fascinating and enduring mysteries A lost Nazi bunker in a forest in Germany contains a dreadful secret But is there a horrifying new dimension another ingredient in the Nazis rule of terror Marine archaeologist Jack Howard returns to the lost island of Atlantis in the Black Sea to answer questions about the Atlantis priests that have plagued him Then by tracking down the 1930s expeditions of Himmler's Ahnenerbe the Nazis Department of Cultural Heritage and its link with Atlantis Jack realises he is not just on the trail of the greatest lost relics from the past Could there possibly be a terrifying new version of Atlantis a priesthood of evil Jack must uncover the truth before it is too late *Gospel Thrillers* Andrew S. Jacobs, 2023-11-30 Conspiratorial fears and desires about biblical discoveries are amplified and contained within the covers of a formulaic fiction genre **Secret Scrolls** Robert M. Price, 2010-12-27 Secret Scrolls is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven't bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one's religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one's faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board Secret Scrolls assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown's notion that a married Jesus would debunk the Nicene Creed is laughable As Wilbert Francis Howard

once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls

Secret Societies Michael Howard, 2007-12-05 An overview of how esoteric brotherhoods have shaped history Examines the secret chronology and clandestine causes of seminal world events Shows how secret societies feed into one another and how they have worked together For thousands of years secret societies guardians of ancient esoteric wisdom have exercised a strong and often crucial influence on the destiny of nations Though largely ignored by orthodox historians the Freemasons Knights Templar and Rosicrucians affected the course of the French and American Revolutions as well as the overthrow of the medieval feudal order Inevitably the true ideals and esoteric practices of these societies have at times been perverted by self serving individuals The Nazis and the Bolsheviks British security forces the founding fathers of America and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies Michael Howard explores these connections tracing their effects in politics and statecraft from the time of ancient Egypt up to the present He sheds light on the influence of secret societies on governments and in the lives of many well known figures including Frederick the Great John Dee Francis Bacon Benjamin Franklin Comte de Cagliostro Helena Blavatsky Rasputin and Woodrow Wilson He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history they have survived and continue to operate powerfully in world affairs today
