The Ufo-Christianity Connection Fred R. David, 2010-11-15 For many centuries science and religion have remained staunchly independent Whenever issues have developed that simultaneously touched on both areas debate often ensued for example when scientists first proposed that the earth revolved around the sun or when the theory of evolution was proposed There has always been a cultural disconnect between science and religion that has caused dissention and distrust Research conducted by author Fred R. David however

reveals that the missing link between science and religion may be UFOs or more specifically the beings inside those crafts

The UFO Christianity Connection Fact or Fiction reveals that UFOs played a significant role in how ancient civilizations built megalithic structures and predicted celestial events perfectly brings to life the close association that ancient civilizations had with ancient astronauts whom they called gods or sky people reveals that many events described in ancient writings including the Bible involved UFO encounters gives readers a unique perspective to engage others in discussing angels God UFOs Bigfoot Satan giants the underworld the flood Atlantis and Jesus The scientific information presented here is vital for people of all faiths on all continents Explore the missing link that bridges the gap between science and religion **Lost Cities and Forgotten Civilizations** Michael Pye, Kirsten Dalley, 2013 Cosmology the mysteries of the pyramids ancient nuclear weapons Atlantis and the role of our government through history all come together in this book Silver Bough Amy Dyer, 2021-02-03 The Silver Bough is a journey into a forgotten Otherworld of hollow hills glass mountains and fabled islands With over twenty myths and folktales arising from the rich traditions of the world from ancient Egypt and Iceland to New Zealand Siberia and the Celtic lands among the stories are Gwyn and the Lady of the Lake The Shipwrecked Sailor Galahad's Quest for the Grail and Apples of Immortality Each of the five accompanying sections is woven from the threads of each tale Rich in symbolism shamanic traditions and esoteric wisdom The Silver Bough traverses ancient cosmologies from the kingdom of the dead and the starlit realm to the domain of the flood and the land of the hidden folk **Hidden History (Volume 2 of 2) (EasyRead Super Large 24pt Edition)** , **Legends and Lore of Ancient America** Frank Joseph, 1900-01-01 If you want to spark young people's interest in history teach them about the undocumented legends they won't find in their traditional history books This title offers readers a juicy retelling of what some people speculate is an alternate history of the Americas From Vikings maps of America hundreds of years before Columbus to the discovery of a lost Christian colony in prehistoric Michigan this book dares to uncover some of history's most controversial legends **Hidden History** Brian Haughton, 2007-01-15 An archaeologist explores history's most fascinating enigmas from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis Across thousands of years of history so called lost civilizations still speak to us through their artifacts and architecture In Hidden History archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense open minded approach Divided into three sections this expertly researched volume shares the secrets of Mysterious Places Unexplained Artifacts and Enigmatic People Haughton introduces readers to the greatest mysteries of the ancient world from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt the remote jungle temples of Peru and the megalithic mystery of Stonehenge But he also goes further to explore historical puzzles like the Coso Artifact the possibility of ancient flight and the Voynich Manuscript as well as mysterious peoples from the Magi and the Druids to the Knights Templar and the Green Children With more than 50 photographs and illustrations this is the ideal reference work for those interested in the archaeology of these great enigmas

Bridge of Time, Beyond the Present A.J. Schrager, 2005-10-13 What started out a half century ago to be a chase down history's trail to discover the origin of a silver sculpture of a man and his dog plasticized around a copper armature turned out to be a chase of the history of mankind itself The writer has brought to light of day a reasoned documented analysis of the unbroken chain of seemingly isolated facts obscure data and wove them into a tapestry or painted a word picture of where man has been The quest for the man the sculptor and his culture became a time traveled beyond the normal bounds of inquiry
