research conducted in archives in the United States and Europe Kattner synthesizes textual descriptions photographs musical scores and the comparative study of other early Balanchine ballets in order to re create this forgotten work By interpreting and building upon these historical findings in the studio and in performance this project enables dance history to be experienced kinesthetically Addressing the controversy surrounding whether unrecorded dances should be reconstructed in the first place Kattner meticulously describes her research methodologies providing a valuable resource for other scholars seeking to revive history in this way Finding Balanchine s Lost Ballets enriches our understanding of Balanchine s development as a choreographer through its ambitious original approach to the subject Kattner argues for the importance of dance reconstruction when correctly approached as a tool for reimagining the past and charting the future possibilities of dance history research

All the World at War James Charles Roy, 2024-05-31 While battles and wars and the

clash of civilizations are as old as time itself there is little doubt that the conflagration of 1914-1918 was something unique and terrifyingly new. There was not a corner of the globe that did not feel its effects some more than others but the scope of its impact on economies, populations, food supplies, the character of governments in general and the day to day lives of numberless ordinary people were such as the world had never experienced nor expected. Little did anyone dream that the assassination of relatively minor figures of the Habsburg royal family, Archduke Ferdinand of Austria and his wife, carried out by an unknown Serbian teenager on the street corner of an obscure town called Sarajevo that few had ever heard of could possibly provide a spark that would plunge the entire European continent into an industrialized war of catastrophic destruction. But it did: the two shots that youth fired were surely heard around the world and several million people would perish or be maimed as a result. The story of World War I has been told by many different writers, historians and participants in many different ways, especially so before and during the centennial of its events that just concluded. *All the World at War* stands apart from many of these standard studies. It presents a familiar story from points of view that many readers might find surprising, unexpected details, different perspectives, atypical and generally insightful observations from contemporaries often obscure to modern readers who witnessed the events and personalities that pushed the war along from phase to phase. The narrative is chronologically arranged, beautifully written with something new or intriguing on every page. This is a unique and finely paced account of The War to End all Wars that didn't.

Making Ballet American Andrea Harris, 2018. Situating ballet within twentieth century modernism, this book brings complexity to the history of George Balanchine's American neoclassicism. It intervenes in the prevailing historical narrative and rebalances Balanchine's role in dance history by revealing the complex social, cultural and political forces that actually shaped the construction of American neoclassical ballet.

Balanchine and Kirstein's American Enterprise James Steichen, 2019. Challenging the mythologies surrounding the early years of the Balanchine-Kirstein enterprise, this book weaves a new and definitive account of a crucial period in dance history.

The Oxford Handbook of Contemporary Ballet Kathrina Farrugia-Kriel, Jill Nunes Jensen, 2021. Features viewpoints from dance scholars, critics, choreographers and dancers. Highlights contributions from choreographers around the globe. Includes a significant range of cultural and historical contexts in the late twentieth and early twenty-first centuries.

Book jacket [On Stage at the Ballet](#) Robert Barnett, Cynthia Crain, 2019-08-01. Dancer Robert Barnett trained under legendary choreographer Bronislava Nijinska. His professional ballet career was launched when he joined the Colonel de Basil Original Ballet Russe company. In the late 1940s when George Balanchine and Lincoln Kirstein formed the New York City Ballet, Barnett was among the first generation of dancers. Under Balanchine's direction, he rose from corps de ballet to soloist. In 1958 he became principal dancer and associate artistic director of the Atlanta Ballet, the oldest continuously operating company in America and served as artistic director for more than thirty years. He was head coach of the American delegation to the International Ballet Competitions in Varna, Bulgaria in 1980 and in Moscow in 1981. Barnett's autobiography

recounts the life of a dancer and artistic director offers insight into what is involved in pursuing a professional career in dance and provides a history of ballet in America from the early 1920s through 2019 **Like a Bomb Going Off** Janice Ross, 2015-01-01 Everyone has heard of George Balanchine Few outside Russia know of Leonid Yakobson Balanchine's contemporary who remained in Lenin's Russia and survived censorship during the darkest days of Stalin Like Shostakovich Yakobson suffered for his art and yet managed to create a singular body of revolutionary dances that spoke to the Soviet condition His work was often considered so culturally explosive that it was described as like a bomb going off Based on untapped archival collections of photographs films and writings about Yakobson's work in Moscow and St Petersburg for the Bolshoi and Kirov ballets as well as interviews with former dancers family and audience members this illuminating and beautifully written biography brings to life a hidden history of artistic resistance in the USSR through this brave artist who struggled against officially sanctioned anti-Semitism while offering a vista of hope **Making National Diasporas** Lewis H. Siegelbaum, Leslie Page Moch, 2023-08-03 This Element explains the historical conditions for the seemingly anomalous presence of people outside of their own Soviet republic and the sometimes fraught consequences for them and their post-Soviet host countries The authors begin their inquiry with an analysis of the most massive displacements of the Stalin era nationality based deportations concluding with examples of the life trajectories of deportees children as they moved transnationally within the Soviet Union and in its successor states The second section treats disparate parts of the country as magnets attracting Soviet citizens from far afield Most were cities undergoing vast industrial expansion others involved incentive programs to develop agriculture and rural based industries The final section is devoted to the history of immigration and emigration during the Soviet period as well as since 1991 when millions left one former Soviet republic for another or for lands farther afield **Dance Me a Song** Beth Genné, 2018 Traces the history of famous Hollywood collaborations as the palimpsest of dance film and musical techniques were developed over time Provides lively and necessary scholarship for all dance enthusiasts **Celestial Bodies** Laura Jacobs, 2018-05-08 A distinguished dance critic offers an enchanting introduction to the art of ballet As much as we may enjoy Swan Lake or The Nutcracker for many of us ballet is a foreign language It communicates through movement not words and its history lies almost entirely abroad in Russia Italy and France In Celestial Bodies dance critic Laura Jacobs makes the foreign familiar providing a lively poetic and uniquely accessible introduction to the world of classical dance Combining history interviews with dancers technical definitions descriptions of performances and personal stories Jacobs offers an intimate and passionate guide to watching ballet and understanding the central elements of choreography Beautifully written and elegantly illustrated with original drawings Celestial Bodies is essential reading for all lovers of this magnificent art form **La Nijinska** Lynn Garafola, 2022 La Nijinska is the first biography of twentieth century ballet's premier female choreographer shedding new light on the modern history of ballet and recuperating the memory of lost works and forgotten artists all while revealing the sexism that

still confronts women choreographers in the ballet world **The Business of Ballet** Ira Nadel, 2024-01-04 The Business of Ballet Diaghilev's Ballets Russes between Profit and the Avant garde explores how a remarkable internationally recognized ballet company the Ballets Russes was able to survive for twenty years without stable funding Focusing on Ballets Russes's founder Serge Diaghilev and his talent for discovering monies through an uncanny ability to secure funds from aristocrats industrialists artists and swindlers Ira Nadel offers new insight into the financial life of modern ballet Throughout his analysis Nadel reveals that Diaghilev was able to attract not only financial support but also the most innovative artistic and musical talents and choreographers of the period who collectively changed the nature of ballet from the conventional to the contemporary Through it all Diaghilev never sacrificed the essential Russianness of his enterprise transforming Russian traditions by incorporating new and original musical and choreographic stagings In doing so Nadel argues Diaghilev's Ballet Russes revised the idea of ballet as an art form causing audiences throughout Europe and North America to riot and artists to create revolutionary compositions in art and music Mr B. Jennifer Homans, 2022-11-03 LONGLISTED FOR THE BAILLIE GIFFORD PRIZE 2023 From the author of Apollo's Angels the first major biography of the figure who modernised dance an intimate portrait of the man behind the mythology set against the vibrant backdrop of the century that shaped him Balanchine's radical approach to choreography reinvented the art of dance and his richly evocative ballets made him a lasting legend Today nearly thirty years after his death the man is still so revered that the mysteries of his biography are often overlooked Who was George Balanchine Born in Russia under the last Czar Balanchine experienced the upheavals of World War One the Russian Revolution exile World War Two and the cultural Cold War he was part of the Russian modernist moment a key player in Paris in the 1920s and in New York he revolutionized ballet pressing it to the forefront of modernism and making it serious and popular art His influences were myriad He considered himself Georgian yet he did not step foot in his ancestral homeland until he was in his fifties He was deeply influenced by the cold grandeur and sensuous beauty of the Orthodox Church but equally absorbed by the new rhythms and dance steps coming out of Harlem in the 1930s He collaborated broadly with figures like Diaghilev and Stravinsky A man of muses Balanchine was married five times always to young dancers and consumed by many other loves in between The difficulties of his life personal losses bouts of ill health debilitating loneliness and dark moods of despair resonate in his dances which speak so poignantly of love and loss and yet the full implications for his art remain unexplored Now for the first time we look beyond the myth of Mr B the mask which Balanchine himself helped to create to see Mr B the man
