The Apache Diaspora Paul Conrad, 2021-05-28 Across four centuries Apache and peoples in the North American West confronted enslavement and forced migration schemes intended to exploit subjugate or eliminate them While many Indigenous groups in the Americas lived through similar histories Apaches were especially affected owing to their mobility resistance and proximity to multiple imperial powers Spanish Comanche Mexican and American efforts scattered thousands of Apaches across the continent and into the Caribbean and deeply impacted Apache groups that managed to remain in the Southwest Based on archival research in Spain Mexico and the United States as well Apache oral histories *The Apache Diaspora* brings to life the stories of displaced

Apaches and the kin from whom they were separated Paul Conrad charts Apaches efforts to survive or return home from places as far flung as Cuba and Pennsylvania Mexico City and Montreal As Conrad argues diaspora was deeply influential not only to those displaced but also to Apache groups who managed to remain in the West influencing the strategies of mobility and resistance for which they would become famous around the world Through its broad chronological and geographical scope The Apache Diaspora sheds new light on a range of topics including genocide and Indigenous survival the intersection of Native and African diasporas and the rise of deportation and incarceration as key strategies of state control As Conrad demonstrates centuries of enslavement warfare and forced migrations failed to bring a final solution to the supposed problem of Apache independence and mobility Spain Mexico and the United States all overestimated their own power and underestimated Apache resistance and creativity Yet in the process both Native and colonial societies were changed *JITZ AND THE DARK ALLIANCE* James Mackland,2025-04-27 Jitz the human like dwarven warrior and his Dragon Lady Deaveloe continue their advanced rider training within the Order of Drakontos Kavalaris along with the most beautiful of elves lady Endoween The defeated dark elves the Nosphorom had failed in their attempt to seize the three Kingdoms and have been pushed back into eastern Icelands The dragon herd have been warned by the great Lady Deaveloe of a threat coming for the Alliance from over the Great Brine a sinister foe that they have no previous knowledge of A Dark Alliance will be formed and the Nosphorom will again show their presence forcing the Kingdoms of the Dwarves Men and Elves to fight alongside each other once more The Dragon riders of each race flying to defend the realms and a traitorous Dragon and it s rider will be revealed A Dragon and rider that were directly involved in the worst crime against the herd the stealing of a clutch of Dragon eggs Report of Proceedings of the Second General Council of the Alliance, Convened at Philadelphia, September, 1880 Alliance of the Reformed Churches Throughout the World Holding the Presbyterian System. Report of Proceedings of the ... General Council of the Presbyterian Alliance Alliance of the Reformed Churches Throughout the World Holding the Presbyterian System. General Council,1880 Translation and Empire Douglas Robinson,2014-04-08 Arising from cultural anthropology in the late 1980s and early 1990s postcolonial translation theory is based on the observation that translation has often served as an important channel of empire Douglas Robinson begins with a general presentation of postcolonial theory examines current theories of the power differentials that control what gets translated and how and traces the historical development of postcolonial thought about translation He also explores the negative and positive impact of translation in the postcolonial context reviewing various critiques of postcolonial translation theory and providing a glossary of key words The result is a clear and useful guide to some of the most complex and critical issues in contemporary translation studies Reviving Aleppo Fabian Thiel,Rahaf Orabi,2024-09-02 This book provides indispensable and interdisciplinary insights into the revitalization and redevelopment of urban centers in war stricken conflict regions such as Aleppo in northern Syria This contribution explores innovative cutting edge toolkits for academicians

digital building technologists engineers architects archeologists urban planners land policy advisors and legal scholars The compendium not only analyzes strategies and shortcomings of implementation guidelines drawn by donor organizations development agencies and political actors but also explores possibilities for initiating functioning and sustainably resilient networks that can establish capacity building platforms for recovery and reconstruction Although the work focuses on a city in Syria it holds lessons toolkits and instruments for other areas in the region and beyond

The Breakdown of the Grand Alliance and the Origins of the Cold War, 1942-1946 John Kent, 2024-10-16 This book challenges the standard orthodox and neo revisionist accounts of the origins of the Cold War which portray the West as containing an expansionist Soviet Union Initially showing the importance of all three major wartime leaders attached to cooperation in the post war international order the book then focuses on imperial rivalries particularly between Britain and the Soviet Union in the Balkans and Eastern Mediterranean but also between the US and the Soviet Union in East Asia The book provides a nuanced account evaluating the responsibilities of the three major Allies for the breakdown of wartime cooperation by covering in detail the issues in Germany Poland Romania Greece Iran and Egypt It thereby provides an analysis of specific interests to enable an accurate chronology of leaders and foreign ministers conferences Uniquely it treats Britain's role as comparatively more important in the alliance's breakdown and the Cold War's origins

Uneasy Allies? Alan Mittleman, Byron Johnson, Nancy Isserman, 2007 Uneasy Allies offers a careful study of the cultural distance between Jews and Evangelicals two groups that have been largely estranged from one another While in the past American Jews have been wary of accepting the support of would be Evangelical Christian allies changes have occurred due to the critical situation in the Middle East Over the past few years leaders in mainstream Jewish organizations have been more open to accepting Evangelical support but have also encountered new tensions Alan Mittleman Byron R Johnson and Nancy Isserman bring together a collection of critical essays that investigate how each group perceives the other and the evolution of their relationship together This book focuses on the history of Evangelical Jewish relations from the level of communal agencies to grassroots groups While the essays document differences in worldview ethos and politics they also highlight shared values and problems These commonalities have the potential to broaden the relationship between the two communities Uneasy Allies is an illuminating book that will stimulate discussion among scholars of religion and politics and those interested in Jewish studies

Global Land Grabbing and Political Reactions 'from Below' Marc Edelman, Ruth Hall, Saturnino M. Borrás Jr., Ian Scoones, Ben White, Wendy Wolford, 2017-08-15 When the 2007-2008 food and financial crises triggered a global wave of land grabbing scholars activists and policy practitioners assumed that this would be met with massive peasant resistance As empirical evidence accumulated however it became clear that political reactions from below to land grabbing were quite varied and complex Violent resistance outright expulsions everyday weapons of the weak and demands for better terms of incorporation into land deals were among the outcomes that emerged Readers of this collection will encounter a multinational group of

scholars who use the tools of social movements theory and critical agrarian studies to examine cases from Argentina Mexico Guatemala Nicaragua Colombia Ethiopia Madagascar Mozambique Uganda Mali Ukraine India and Laos as well as the Rio 20 Sustainable Development Conference Initiatives from below in response to land deals have involved local and transnational alliances and the use of legal and extra legal methods and have brought victories and defeats This book was first published as a special issue of The Journal of Peasant Studies
