The Bar Sinister and Licit Love Legitimation League (London, England),1895 Measuring Immorality Gail Reekie,1998-10-13 Why do conservative politicians and scholars in Britain Australia and the United States continue to view rising rates of out of wedlock births and teenage pregnancies as a threat to civilised society This book examines the process by which social science transforms a biological event a birth into a social and moral problem Drawing on Foucault s archaeology of knowledge Reekie stresses the role of statistics and other social scientific discourses in the emergence of the illegitimacy problem in the early nineteenth century and its continuing cultural significance The book illustrates the continuity in concerns about illegitimacy including pressure on the welfare system fears of racial and intellectual denigration the detrimental nature of fatherless families and the association of rising illegitimacy with the supposed selfishness of excessively independent women Personal Rights and Sexual Wrongs Oswald Dawson,1897 The adult ,1897

Department of Printed Books,1903 Living in sin Ginger Frost,2013-07-19 Living in sin is the first book length study of cohabitation in nineteenth century England based on research into the lives of hundreds of couples Common law marriages did not have any legal basis so the Victorian courts had to wrestle with unions that resembled marriage in every way yet did not meet its most

basic requirements The majority of those who lived in irregular unions did so because they could not marry legally Others chose not to marry from indifference from class differences or because they dissented from marriage for philosophical reasons This book looks at each motivation in turn highlighting class gender and generational differences as well as the reactions of wider kin and community Frost shows how these couples slowly widened the definition of legal marriage preparing the way for the more substantial changes of the twentieth century making this a valuable resource for all those interested in Gender and Social History Author - Title Catalog University of California, Berkeley. Library,1963 *Slow Print* Elizabeth Carolyn Miller,2013-01-09 This book explores the literary culture of Britain s radical press from 1880 to 1910 a time that saw a flourishing of radical political activity as well as the emergence of a mass print industry While Enlightenment radicals and their heirs had seen free print as an agent of revolutionary transformation socialist anarchist and other radicals of this later period suspected that a mass public could not exist outside the capitalist system In response they purposely reduced the scale of print by appealing to a small counter cultural audience Slow print like slow food today actively resisted industrial production and the commercialization of new domains of life Drawing on under studied periodicals and archives this book uncovers a largely forgotten literary political context It looks at the extensive debate within the radical press over how to situate radical values within an evolving media ecology debates that engaged some of the most famous writers of the era William Morris and George Bernard Shaw a host of lesser known figures theosophical socialist and birth control reformer Annie Besant gay rights pioneer Edward Carpenter and proto modernist editor Alfred Orage and countless anonymous others *In the Family Way* Jane Robinson,2015-02-05 Unmarried mothers absent fathers orphaned children Jane Robinson s *In the Family Way* is a truly gripping book about long buried secrets family bonds and unlikely heroes Only a generation or two ago illegitimacy was one of the most shameful things that could happen in a family Unmarried mothers were considered immoral single fathers feckless and bastard children inherently defective They were hidden away from friends and relations as guilty secrets punished by society and denied their place in the family tree Today the concept of illegitimacy no longer exists in law and babies parents are as likely to be unmarried as married This revolution in public opinion makes it easy to forget what it was really like to give birth or be born out of wedlock in the years between World War One and the dawn of the Permissive Age By speaking to those involved many of whom have never felt able to talk about their experiences before Jane Robinson reveals a story not only of shame and appalling prejudice but also of triumph and the every day strength of the human spirit *In the Family Way* tells secrets kept for entire lifetimes and rescues from the shadows an important part of all our family histories In it we hear long silent voices from the workhouse the Magdalene Laundry or the distant mother and baby home Anonymous childhoods are recalled spent in the care of Dr Barnardo or a Child Migration scheme halfway across the world There are sorrowful stories in this book but it is also about hope about supportive families who defied social expectations by welcoming love children home or those who were parted and are now reconciled Most of

all In the Family Way is about finally telling the truth Praise for Bluestockings A gem of a book Social history of the best kind Sunday Times Fascinating Inspiring Impassioned and wonderfully entertaining Scotsman Jane Robinson was born in Edinburgh and brought up in North Yorkshire After reading English at Somerville College Oxford she became an antiquarian book dealer and later a writer and lecturer In the Family Way is her ninth book and like her previous work including the acclaimed Bluestockings and A Force to Be Reckoned With it confirms her as one of our most engaging and original social historians Jane lives near Oxford with her husband and two sons

Banishing the Beast Lucy Bland,1995 Sexual politics at the turn of the last century caused public outcry demonstrations and petitions and serious debate among concerned men and women Now available again in paperback Lucy Bland's richly textured book vividly details the private and public debates campaigns and struggles among feminists to resolve the key areas of sexual politics encompassing marriage prostitution birth control and sex education

Victorian Identities Ruth Robbins,Julian Wolfreys,1995-12-06 The Victorian period was one of enormous cultural diversity with places for figures as different as Alfred Tennyson and Oscar Wilde Victorian Identities simultaneously celebrates that diversity whilst drawing out the connections between disparate voices With essays on the Greats of the period Dickens Tennyson George Eliot Wilkie Collins and Wilde as well as on the less well known sensation writer Rhoda Broughton and on the formation of children's voices in Victorian literature the collection rejects narrow definitions of the period and its values and exposes its texts to readings informed by contemporary literary theory
