**Baltasar and Blimunda** José Saramago, 1998-10-16 A romance and an adventure a rumination on royalty and religion in 18th century Portugal and a bitterly ironic comment on the uses of power The New York Times Portugal 1711 The Portuguese king promises the greedy prelates of the Church an expansive new convent should they intercede with God to give him an heir A lonely priest works in maniacal solitude on his Passarola a heretical flying machine he hopes will allow him to soar far from the madness surrounding him A young couple brought together by chance live out a sweet if tormented romance Meanwhile amid the fires and horrors of the Inquisition angry crowds and abused peasants rejoice in spectacles of cruelty from bullfighting to auto da fe disgraced priests openly flout God's laws and chaos reigns over a society on the brink of disaster Weaving together multiple storylines to present both breathtaking fiction and incisive commentary renowned Portuguese writer and winner of the 1998 Nobel Prize in Literature José Saramago spins an epic and captivating yarn equal parts historical fiction political satire religious criticism and whimsical romance Hailed by USA Today as an unexpected gem **Baltasar and Blimunda** is a captivating literary tour de force full of magic and adventure exquisite historical detail and the power of both human folly and human will **BALTASAR AND BLIMUNDA. **Utopia, Equity and Ideology in Urban Texts** Michael G. Kelly, Mariano Paz, 2023-08-28 **Utopia Equity and Ideology in Urban Texts** Fair and Unfair Cities explores the complex interrelations of three key critical topics across a diverse range of urban writing Interrogating the links and tensions between aesthetic and political priorities in the representation and imagining of urban life the volume engages with work from a wide variety of linguistic and cultural origins and across a range of textual practices having the urban phenomenon as a common framing concern Individual contributions discussing genre and literary fiction poetic writing documentary and essayistic texts planning manifestos and municipal communications materials serve to demonstrate that the nuanced treatments of urban experience and potential which may be gleaned from across this textual spectrum act as a pragmatic corrective to purely conceptual approaches As such the volume consolidates the emerging dialogue between the fields of utopian studies and literary urban studies understanding these as complementary approaches to the reading of the city and its textual prolongations **On Emerging from Hyper-Nation** Ronald W. Sousa, 2015-04-15 **On Emerging from Hyper Nation** represents Ronald W Sousa's attempt to answer the question Why do I smile on reading one of Saramago's historical novels Why that reaction of emotional release To answer the smile question the book engages in a critical mode that could be described as discourse analysis It combines several critical strains and relies on basic concepts from Freudian and Lacanian psychoanalysis Adlerian psychology and contemporary cognitive psychology for their discourse analytical value rather than as entries into psychoanalytical reading per se The introductory chapter presents some of the concepts that underlie that compound analytical modality and sets out an overview of twentieth century Portuguese social and economic history Then with an eye to answering the smile question

the book reads Nobel Laureate Jos Saramago's three novels *Baltasar and Blimunda* 1982 *The Year of the Death of Ricardo Reis* 1984 and *The History of the Siege of Lisbon* 1989 Or better it seeks to read Sousa's own reading of the three works since focus falls on how each novel seeks to construct both its own reading and also Sousa as its reader The discussion brings to light a number of textual phenomena that bear upon the smile question Among them are that the novels invoke often subtly the fascist hermeneutical heritage remaining from before the revolution of 1974 as a constituent part of their communication with the reader that they summon up historical trauma that they function as Freudian style tendentious jokes and that through these various invocations they seek to constitute a postrevolutionary Portuguese subject The reading of Sousa's reading then ends up being a reading of some of the cultural forces at work in postrevolutionary Portugal
