Bannockburns Robert Crawford, 2014-01-14 Explores the literary cultural background to Scottish nationalism and how writers have set out in poetry fiction plays and on film the ideal of Scottish independence from 1314 to today Publication coincides with the 700 year anniversary of the Battle of Bannockburn

Bannockburns Robert Crawford, 2014-01-14 Poet and critic Robert Crawford explores in eloquent detail the literary cultural background to Scottish nationalism in the lead up to the referendum on independence for Scotland from the United Kingdom in September 2014 He begins with the totemic Battle of Bannockburn in 1314 in which the Scots routed the English and preserved their independence until the two nations parliaments united in 1707 Paying particular attention to Robert Burns and continuing up to the present day he examines how writers have set out in poetry fiction plays and on film the ideal of Scottish independence Publication coincides with the 700 year anniversary of the Battle of Bannockburn

National Medievalism in the Twenty-first Century Matthias D. Berger, 2023 How ideas and ideals of an imagined protean national Middle Ages have once again become a convergence point for anxieties about politics history and cultural identity in our time and why After a period of abeyance the link forged in the nineteenth century between the Middle Ages and national identity is increasingly being reclaimed with numerous groups and individuals mining an imagined medieval past to present ideas and ideals of modern nationhood Today's national medievalism asserts itself at the interface of culture and politics in literature and television programming in journalism and heritage tourism and in the way political actors of various stripes use a deep past that supposedly proves the nation's steady exceptionalism in a hectic globalised world This book traces these ongoing developments in Switzerland and Britain two countries where the medieval past has recently been much invoked in negotiations of national identity independence and Euroscepticism Through comparative analysis it explores examples of reemerging stories of national exceptionalism stories that ironically echo those of other nations The author analyses depictions of Robert the Bruce and Wilhelm Tell medievalism in the discourse surrounding Brexit as well as at the Welsh Senedd novels like Paul Kingsnorth's *The Wake* community based art such as the Great Tapestry of Scotland and elaborate public commemorations of Swiss victories and defeats in battle Basing his critical readings in current theories of cultural memory heritage and nationalism the author explores how the protean national Middle Ages have once again become a convergence point for anxieties about politics history and cultural identity in our time and why

a cross section of society The contributors also draw parallels in plays of the period between past and present They identify vivid struggles over controversies especially Brexit and neonationalism that still bedevil Britain and much of the western world attitudes about and experiences of immigrants xenophobia and tolerance multiculturalism assimilation and hybridity patriotism and jingoism racial and ethnic identity border making and border crossing transnational itinerancy and other topics None a Stranger There provides a nuanced understanding of how early modern dramatists shaped and responded to questions about English identity and its relationship with Europe and beyond It emphasizes the fluidity and complexities of national identity reminding us that these debates remain deeply relevant in an interconnected world
