- Home extension projects like first-floor additions, 2nd storey additions can help you save a lot of money.
- Yes, they will require significant expenses initially, but they will save a lot of money in the long run.
- For example, instead of moving to a bigger property, you can continue living in the same one and this will save a lot of money.
- You can double up the living space in your property without spending a fortune.
- Moreover, the expenses of 2nd storey additions and home extensions can be split between family members to make them affordable.

AVOID THE STRESS

- Moving to a new property is a massive stress as several steps have to be taken.
- The biggest emotional meltdown is when the family has to leave the familiar neighbourhood and the friends living there.
