Wolf, Karen Coats, Patricia Enciso, Christine Jenkins, 2011-04-27 This multidisciplinary handbook pulls together in one volume the research on children's and young adult literature which is currently scattered across three intersecting disciplines: education, English, and library and information science. *Representing Conflicts in Games* Björn Sjöblom, Jonas Linderöth, Anders Frank, 2022-12-30 This book offers an overview of how conflicts are represented and enacted in games in a variety of genres and game systems. Games are a cultural form apt at representing real world conflicts and this edited volume highlights the intrinsic connection between games and conflict through a set of theoretical and empirical studies. It interrogates the nature and use of conflicts as a fundamental aspect of game design and how a wide variety of conflicts can be represented in digital and analogue games. The book asks what we can learn from conflicts in games, how our understanding of conflicts change when we turn them into playful objects, and what types of conflicts are still not represented in games. It queries the way games make us think about armed conflict and how games can help us understand such conflicts in new ways. Offering a deeper understanding of how games can serve political, pedagogical, or persuasive purposes, this volume will interest scholars and students working in fields such as game studies, media studies, and war studies.
