France Since Nineteen Eighteen:

Revolutionary Love in Eighteenth- and Early Nineteenth-Century France Allan H. Pasco, 2016-12-05 In this innovative study the author carves out a new field a sociology of literature in which he offers insightful commentary about the nexus of literature and society Calling on history sociology and psychology as well as literature as points of reference Allan Pasco examines the conceptual shift in the ideal of love in eighteenth century France Pasco explores the radical though gradual changes that occurred during the Enlightenment with respect to how the emotion of love was viewed Earlier love had been subordinate to the demands of family king and deity passion was dangerous and to be avoided But over time individual happiness became the greatest good and passion the measure of love Authors as diverse as Marivaux Marmontel Rousseau Bachelard d Arnaud Pigault Lebrun and Madame de Sta l make it clear that the ideal of rapturous love did not live up to its billing it did not last and it brought destructive fantasies an epidemic of disease the scourge of divorce and considerable anguish Still as Pasco points out passion became and remained the ideal and the Romantics were left to plumb its nature

French empire, tr., with a preface and notes, by D. Davison Friedrich Christoph Schlosser, 1844 Juries and the

Transformation of Criminal Justice in France in the Nineteenth and Twentieth Centuries James M. Donovan, 2010-02-01

James Donovan takes a comprehensive approach to the history of the jury in modern France by investigating the legal political sociocultural and intellectual aspects of jury trial from the Revolution through the twentieth century He

demonstrates that these juries through their decisions helped shape reform of the nation's criminal justice system. From their introduction in 1791 as an expression of the sovereignty of the people through the early 1900s, argues Donovan, juries often acted against the wishes of the political and judicial authorities despite repeated governmental attempts to manipulate their composition. High acquittal rates for both political and nonpolitical crimes were in part due to juror resistance to the harsh and rigid punishments imposed by the Napoleonic Penal Code. Donovan explains. In response, legislators gradually enacted laws to lower penalties for certain crimes and to give jurors legal means to offer nuanced verdicts and to ameliorate punishments. Faced with persistently high acquittal rates, however, governments eventually took powers away from juries by withdrawing many cases from their purview and ultimately destroying the panels' independence in 1941.

Mother's Milk and Male Fantasy in Nineteenth-Century French Narrative Lisa Algazi Marcus, 2022-05-13 Should all mothers breast feed their children? This question remains controversial in the twenty-first century. In an interview with the newspaper *Liberation* in 2010, feminist philosopher Elisabeth Badinter claimed that the pressure to breast feed signified a reduction of woman to the status of an animal species, as though we were all female chimpanzees. The debate over maternal nursing held even more urgency before pasteurization provided a safe alternative in the early 1900s. While scholars of literary criticism and art history have described the abundance of breast-feeding imagery following the publication of Rousseau's *Emile* in 1762, little has been written on its manifestations in the nineteenth century. Despite an ongoing propaganda campaign to encourage mothers to nurse, reflected in such diverse sources as medical theses, paintings, and fictional cautionary tales, French mothers continued to entrust their infants to wet nurses more often and for longer than was the norm in other European countries throughout the nineteenth century and well into the twentieth. This book examines representations of breast-feeding in French literature and culture from 1800 to 1900 and their apparent dissonance with the socio-historical realities of French mothers.

Music and Aesthetics in the Eighteenth and Early Nineteenth Centuries Peter le Huray, James Day, 1988-04-07 This is an abridged paperback edition of Peter le Huray and James Day's invaluable anthology of writings concerned with the role of music in eighteenth and early nineteenth-century aesthetics. This volume retains all the most important and significant items from the original hardcover edition. Over fifty writers are represented here, including such major figures as Rousseau, Kant, Schlegel, Schopenhauer, and Hegel, and the useful introductions and biographical details of the original are also retained. The aesthetic literature of the period is profuse, but this carefully edited volume offers a balanced selection which illuminates the ways people experienced music and how they came to an understanding in particular of the new music of their day.
