Binary Options Course The Binary Options Blog, Gabriel Wagner, 2020-08-29 This e book offers a complete course on Binary Options It is ideal for beginners who seek to acquire knowledge in a simple clear and objective way with the aim of learning to trade in this market Binary Options emerged in the United States of America in 2008 and quickly developed and globalized It is a financial instrument that resembles sports betting but uses financial assets Unlike other markets where we buy an asset such as the Stock Exchange here we only bet that the price of an asset will rise or fall in a given period of time that can be short 1 minute or long 1 hour 1 day 1 week etc Since its inception Binary Options have evolved with the appearance of various products and ways of trading as well as various strategies and tools to support Binary Options Although from an operating point of view they are much simpler than other markets such as the Stock Exchange or the Foreign Exchange Market FOREX it is still an investment with risks in which technical knowledge is essential as well as personal knowledge about how to behave in the investment world This book seeks to teach the trader s triangle which is simply the union of the trader with the market and the trading tools The book is divided into 4 chapters 1 Know what Binary Options are and how they work Know what Binary Options brokers or platforms are and how they work How to trade how to place a trade And what types of Binary Options exist 2 Rules and Discipline All 20 important rules that a trader must know to know how to act in the market Having discipline is essential to know what to do in each situation Before knowing the market you have to know yourself and learn the rules that help you succeed The rules address the following topics nutrition clear head eliminating noise tiredness trader profile respecting the strategy trader evolution analyzing trades made risk management knowing how to lose and know how to win when to stop on a bad day when to stop on a good day trader s goals confidence humility being rigorous persistence patience experience and consistency 3 Trading in the News economic events tend to affect the markets Learn the most important news and how to trade with the news 4 Trading Strategies know and learn to use some of the strategies that work best in this market Sometimes we have promotions on the purchase of the Book Ask for your promotional code at <https://thebinaryoptionsblog.com>

Market Conditions for Successful Forex and Binary Options Trading Emegha Omoruyi Emmanuel, 2014-02-06 This book contains information that will increase traders understanding of how the market works It will help traders and beginners to understand chart analysis The

knowledge of the chart will definitely guarantee traders success in the global financial market It is a fact that chart is the sign language of the market and the knowledge of the chart will no doubt guarantee outstanding performance and good profit returns on investment in the market So the trader that takes the time to learn and understand the sign language of the market Charts will no doubt benefit from such skills in no small measure That is to say such a trader has a lot to gain in terms of profit returns in the market Therefore this book is a vital tool that every one that want to make huge gain from their investments in the asset market must have It contains different approaches to chart analysis how to spot major market moves and reversal More so these are the knowledge that an average trade requires to make informed decision as to which direction is price moving to as is the case in Binary Options market and at what point he is to enter exit a trade as the case in Forex market The knowledge will make a better trader out of the reader of the book It will help both the Forex and Binary options traders to appreciate market chart and correctly analyze chart This will help both Forex and Binary Option traders make informed decisions eliminate negative trading emotion and to become disciplined traders The chart is the language of the market hence the need for traders to know how to carry out chart analysis The book also contains technical indicators used to identify certain area on the chart which usually signals possible market reversals The book is simply tips on how to trade the FX and Binary Option for maximum returns on investment The information is a simple daily trading nuggets for all traders This buttress the fact that both the binary options traders and forex traders need the full knowledge of the chart because their success lies in their understanding of the market chart To the binary options traders the ability to predict price direction correctly depends on the binary trader s ability to analyze market patterns on the chart while the forex trader needs the chart to determine his or her entry and exit points on any particular trade So needless to say that the knowledge of the chart is key to every decision traders make as regards trading This is why this little book is very very important to every trader that wants to succeed in the market *Haut ou Bas - Comment Tirer Profit des Options Binaires* Dennis

Forex Trading Heikin Ashi Trader, 2020-05-16 Trading Forex La série complète Il est bien connu que les marchés des devises sont dominés par les nouvelles Cependant comme les nouvelles sont rares la plupart des paires de devises volent latéralement 80 % du temps En d'autres termes il est très difficile de négocier des devises de manière rentable avec des stratégies de tendance La série Trading Forex traite donc de stratégies spécifiques conçues pour les marchés latéraux Les traders qui se spécialisent dans le trading de Forex ont tendance à n'utiliser qu'une seule stratégie la fois Ils le font parce qu'ils pensent qu'elle est supérieure aux autres méthodes de négociation Malheureusement cette approche les rend vulnérables aux hauts et aux bas de cette stratégie unique Cependant en répartissant les profits et les pertes sur plusieurs stratégies le trader crée une indifférence envers la série de pertes de chaque stratégie singulière S'il la considère comme un titre d'investissement dans son portefeuille tout comme une action ou un fonds il obtient une vision plus objective de ce qui se passe sur les marchés
