Mary Cardaras, 2023-01-10 *Voices of the Lost Children of Greece* is a collection of essays from Greek born adoptees in the 1950s after two consecutive wars that ravaged the country Never before has this group of adoptees come together to write their stories and share their closely held feelings While many of the adoptees have similar experiences and while they may share some common thoughts about their adoptions their stories are vastly different some harrowing others remarkable The collection will illustrate the impact of adoption itself over years no matter if children were displaced from their parents and country as infants or as youngsters The book will shed light on adoption from many disciplinary angles including sociological psychological and anthropological It will also put these adoptions into a larger historical context The book is further enhanced by Greek born adoptee academic poet and writer Dr Andrew Mossin who writes the Foreword by Dr Gonda Van Steen a preeminent modern Greek scholar who pens the first chapter about the history of such adoptions and in the final chapter by Dr Eirini Papadaki who has written extensively about the women of Greece and adoption to bring readers a current assessment of adoption practices in Greece today **Strangers and Kin** Barbara MELOSH, Barbara

Melosh, 2009-06-30 *Strangers and Kin* is the history of adoption An adoptive mother herself Barbara Melosh tells the story of how married couples without children sought to care for and nurture other people's children as their own Taking this history into the early twenty first century Melosh offers unflinching insight to the contemporary debates that swirl around adoption the challenges to adoption secrecy the ethics and geopolitics of international adoption and the conflicts over transracial adoption **Twice the Family** Julie Ryan McGue, 2025-02-04

child his mother Maureen told him he was adopted She described his natural parents as a Scandinavian sailor and a little Irish girl who worked in a grocery It was only later as Harding set out to look for traces of his birth mother that he began to understand who his adoptive mother really was and the benign make believe world she built for herself and her little boy Evoking a magical childhood spent in transit between west London and a decrepit houseboat on the banks of the River Thames Mother Country is both a detective quest as Harding searches through the public records for clues about his natural mother and a rich social history of a lost London from the 1950s Mother Country is a powerful true story about a man looking for the mother he had never known and finding out how little he understood the one he had grown up with
