Israel A History By Martin Gilbert:

Israel Martin Gilbert, 2018-09-01 The most comprehensive account of Israeli history yet published Efraim Karsh The Sunday Telegraph Fleeing persecution in Europe thousands of Jewish immigrants settled in Palestine after World War II Renowned historian Martin Gilbert crafts a riveting account of Israel's turbulent history from the birth of the Zionist movement under Theodor Herzl to the unexpected declaration of its statehood in 1948 and through the many wars conflicts treaties negotiations and events that have shaped its past six decades including the Six Day War the Intifada Suez and the Yom Kippur War Drawing on a wealth of first hand source materials eyewitness accounts and his own personal and intimate knowledge of the country Gilbert weaves a complex narrative that's both gripping and informative and probes both the ideals and realities of modern statehood Martin Gilbert has left us in his debt not only for a superlative history of Israel but also for a restatement of the classic vision of Zion in which a Middle East without guns is not a bedtime story but an imperative long overdue This is the vision for which Yitzhak Rabin gave his life This book is tribute to his memory Jonathan Sacks The Times London

The Story of Israel Martin Gilbert, 2009-09 Just over 100 years ago Theodor Herzl launched the Zionist Movement They called for a Jewish State in their ancestral land Palestine Fifty years later the State of Israel came into being Israel was established so that Jews anywhere in the world could have a homeland of their own The Story of Israel contains approximately 30 rare facsimile documents of historical importance some of which have never been published before April 2008 sees the 60th anniversary of the establishment of the State of Israel Israel Today Hayim Gordon, 2007 *Israel Today* offers a concise and enlightened description of the challenges Israel has encountered since its founding in 1948 In elegant prose Haim Gordon depicts the dynamic historical developments that have led to the return of the Jewish people to the land of their forefathers and to the establishment of contemporary Israel More specifically Gordon analyzes the country's precarious relations to its neighbors and the dangers to national security it faces from the outside Internal problems arise from the need to blend into one nation the many thousands of Jews who have arrived from more than 120 lands to join in the building of the Jewish State These historical details revolve around an eloquent discussion of daily life in Israel today featuring aspects such as politics economics education and Jewish spirituality Israel Always Christopher J.

Katulka, 2023-01-10 A succinct and compelling survey of everything Israel J Randall Price author professor archaeologist God's faithfulness to Israel is an incredible affirmation of His unconditional goodness and as we discover His heart for His chosen people we better understand His heart for us Israel's story begins with God's promise to make Abraham a great nation and to this day His hand continues to guide and protect the Jewish people *Israel Always* is a sweeping journey through Israel's prolific history its modern day influence and its promised future highlighting the continuous throughline of God's provision for His people Bible scholar and Israel expert Christopher Katulka draws on relevant scriptures careful research and firsthand experience to illuminate why Israel plays such a central role in the Bible's narrative as well as in Bible prophecy

understanding Jewish culture and tradition enriches our understanding of Christianity the Jewish people continue to be a wrongly yet widely persecuted group lasting peace continues to be a challenge for the Middle East Insightful and informative Israel Always will enrich your understanding of the Bible enhance your appreciation for Israel and elevate your awareness of God's steadfast love for all His people including you today

A History of Modern Israel Colin Shindler, 2013-03-25 Colin Shindler's remarkable history begins in 1948 as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences and ongoing confrontation with the Palestinians. In this updated edition Shindler covers the significant developments of the last decade including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light

Reclaiming Israel's History David Brog, 2017-03-20 The Real History of Israel and the Palestinians No history is so disputed as the history of Israel. Some see Israel's creation as a dramatic act of justice for the Jewish people. Others insist that it was a crime against Palestine's Arabs. Author David Brog untangles the facts from the myths to reveal the truth about the Arab-Israeli conflict. In *Reclaiming Israel's History* you'll learn how the Jewish people have maintained a continual presence in the Land of Israel for over 3,000 years despite centuries of Roman, Byzantine and Muslim persecution; how the Romans invented the word Palestine as a way to sever the connection between the Jewish people and their land; and how subsequent conquerors doubled down on this strategy. You'll also learn why most of Palestine's Arabs never identified themselves as Palestinians until after the 1967 War, the extraordinary lengths to which Israel's military goes to protect Palestinian civilians and the high price Israel's soldiers pay for this morality, and how the Palestinians have on separate occasions rejected Israel's offers of a Palestinian state in virtually all of the West Bank and Gaza. Brog frankly admits to Israel's sins, both large and small, but notes that in any fair-minded analysis these have been far outweighed by Israel's commitment to Western values including freedom, democracy and human rights. Honest, provocative and timely, especially given rising anti-Semitism and the aggressive delegitimization of Israel. David Brog's *Reclaiming Israel's History* is the book for every reader who wants to understand what is really happening in the Middle East

The Establishment of the State of Israel, Updated Edition Louise Slavicek, 2021-09-01 The State of Israel was born on May 14, 1948 in the city of Tel Aviv in what was then officially known as

Palestine The new Jewish state was founded 2 000 years after Palestine s Roman conquerors exiled the Jews from the land they had once ruled as the Kingdom of Israel and less than 50 years after Jewish immigrants began returning to their ancient homeland as part of the Zionist movement Within hours of Israel s establishment armies of the five neighboring Arab countries had already begun assembling along the new nation s borders The next morning Egyptian Jordanian Syrian Iraqi and Lebanese troops invaded launching the first in a series of conflicts between Israel and its Arab neighbors Illustrated with full color and black and white photographs and accompanied by a chronology bibliography and further resources The Establishment of the State of Israel Updated Edition explains how this conflict has affected the history of the region and the Middle East peace process Historical spotlights and excerpts from primary source documents are also included [History for the IB Diploma: The Arab-Israeli Conflict 1945-79](#) Jean Bottaro,2012-08-02 Tailored to the requirements and assessment objectives of the syllabus they provide opportunities for students to make comparisons between different regions and time periods

The Arab-Israeli Conflict Martin Gilbert,1974-01-01 **Homeland** Marv Wolfman,Mario Ruiz,William J. Rubin,2007 In graphic novel format presents 4 000 years of Jewish history culminating in the modern state of Israel **The Journal of Military History** ,1999 *Israel's Wars* Ahron Bregman,2003-09-02 First published in 2002 Routledge is an imprint of Taylor Francis an informa company **History Upside Down** David Meir-Levi,2007-12-20 In the United Nations on university campuses and among a growing number of our most prestigious Western newspapers the historical record has been rewritten so thoroughly that Israel is seen as the worst of the oppressive Western occupiers of the Third World So successful has this propaganda campaign been that Palestinian spinmeisters and their apologists have effectively declared the Israelis a people living in the shadow of the Holocaust to be Nazis How could this happen How did unacceptable anti-Semitism morph into justifiable anti Zionism and odious Jew hatred turn into a politically correct Israel hatred In *History Upside Down* David Meir Levi exposes the ideological DNA of Palestinian nationalism and its ludicrous alternative histories revealing how Nazi fascism gave the Arab world s amorphous hatred of the Jews an intellectual structure and how Soviet communism masked its genocidal intentions with the mantle of national liberation Meir Levi then explodes the cornerstone myths that the Palestinian movement created myths that rationalize and celebrate decades of unrelenting terror and genocidal ambitions turning the history of the Middle East upside down and inside out making the victim the aggressor and the aggressor the victim *History Upside Down* is the first wave in a counterattack against this Arab war on history It rejects the idea that the basic situation in the Middle East has changed since the United Nations first established the Jewish state and the Palestinian state that would have stood alongside it Sadly argues Meir Levi the issue in the Middle East is today what it has been since the Muslim invasion in the seventh century the Arabs hatred of the Jews **Power and Military Effectiveness** Michael C. Desch,2008-03-06 Since 1815 democratic states have emerged victorious from most wars leading many scholars to conclude that democracies are better equipped to triumph in armed conflict with autocratic and other non

representative governments Political scientist Michael C Desch argues that the evidence and logic of that supposition which he terms democratic triumphalism are as flawed as the arguments for the long held and opposite belief that democracies are inherently disadvantaged in international relations Through comprehensive statistical analysis a thorough review of two millennia of international relations thought and in depth case studies of modern era military conflicts Desch finds that the problems that persist in prosecuting wars from building up and maintaining public support to holding the military and foreign policy elites in check remain constant regardless of any given state s form of government In assessing the record he finds that military effectiveness is almost wholly reliant on the material assets that a state possesses and is able to mobilize Power and Military Effectiveness is an instructive reassessment of the increasingly popular belief that military success is one of democracy s many virtues International relations scholars policy makers and military minds will be well served by its lessons Alexander B Downes

The Creation of Israel Jim Whiting, 2020-02-04 The formation of the State of Israel in 1948 is one of the most important events in recent History About 3 000 years ago Israel was a powerful nation But it soon fell from power and in the second century CE most Jews were forced out of their homeland Many went to Europe where they were subject to prejudice and persecution for centuries By far the worst case was the Holocaust in which six million Jews were killed Their suffering accelerated a move toward the development of a Jewish state in what came to be called Palestine However Palestine was the home to hundreds of thousands of Arabs Conflict between the two sides was inevitable Open warfare broke out after the United Nations voted to partition Palestine into a Jewish state and an Arab state Though the Israelis achieved their independence the region has never known true peace

The Origins of the Arab Israeli Wars Ritchie Ovendale, 2015-10-23 This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale s classic study of the roots of the conflict is now updated for a fourth time and considers events until 2003

Leila Khaled Sarah Irving, 2012-05-08 Dubbed the poster girl of Palestinian militancy Leila Khaled s image flashed across the world after she hijacked a passenger jet in 1969 The picture of a young determined looking woman with a checkered scarf clutching an AK 47 was as era defining as that of Che Guevara In this intimate profile based on interviews with Khaled and those who know her Sarah Irving gives us the life story behind the image Key moments of Khaled s turbulent life are explored including the dramatic events of the hijackings her involvement in the Marxist Popular Front for the Liberation of Palestine a radical element within the PLO her opposition to the Oslo peace process and her activism today Leila Khaled s example gives unique insights into the Palestinian struggle through one remarkable life from the tension between armed and political struggle to the decline of the secular left and the rise of Hamas and the role of

women in a largely male movement *The Palestinian Delusion* Robert Spencer, 2019-12-03 Every new American President has a plan to bring about peace between the Israelis and the Palestinians and every one fails Every peace process has failed in its primary objective to establish a stable and lasting accord between the two parties such that they can live together side by side in friendship rather than enmity But why And what can be done instead While this failure is a consistent pattern stretching back decades there is virtually no public discussion or even basic understanding of the primary reason for this failure The Palestinian Delusion is unique in situating the Israeli Palestinian conflict within the context of the global jihad that has found renewed impetus in the latter portion of the twentieth century and the beginning of the twenty first Briskly recounting the tumultuous history of the peace process Robert Spencer demonstrates that the determination of diplomats policymakers and negotiators to ignore this aspect of the conflict has led the Israelis the Palestinians and the world down numerous blind alleys This has often only exacerbated rather than healed this conflict The Palestinian Delusion offers a general overview of the Zionist settlement of Palestine the establishment of the State of Israel and the Arab Muslim reaction to these events It explores the dramatic and little known history of the various peace efforts showing how and why they invariably broke down or failed to be implemented fully The Palestinian Delusion also provides shocking evidence from the Palestinian media as well as statements from the Palestinian leadership showing that negotiations between Israel and the Palestinians will never work But there is still cause for hope Spencer delineates a realistic viable alternative to the endless and futile peace process that shows how the Jewish State and the Palestinian Arabs can truly coexist in peace without illusions or unrealistic expectations **Israel** Martin Gilbert, 1999 This text traces the events and personalities which led to Israel's declaration of Statehood in 1948 It explores the country's history examining its society culture and economy
