

The background of the cover is a photograph of a night scene. In the foreground, three people are silhouetted against a body of water. They are standing on a dark pier or dock. The person on the right has their arms raised in the air. In the background, a large, vibrant firework is exploding in the sky, with streaks of light radiating outwards. The overall color palette is dominated by deep blues, purples, and pinks from the firework and the twilight sky.

Keeping The Moon By Sarah Dessen:

Keeping the Moon Sarah Dessen, 1999 Fifteen year old Colie a former fat girl spends the summer working as a waitress in a beachside restaurant staying with her overweight and eccentric Aunt Mira and trying to explore her sense of self

Sarah Dessen Gina Hagler, 2013-12-15 With her millions of passionate fans Sarah Dessen is known as one of the rock stars of young adult fiction today Her best selling coming of age tales have gripped readers especially teen girls who relate to her realistic depictions of young love and other milestones of growing up This lively biography traces Dessen's path to becoming a successful author of YA fiction with details on how she developed her craft the themes she likes to explore in her work and her influences as a writer Anecdotes quotes and photographs reveal the author as a person and fact sheets and a timeline provide highlights of her publishing career

Sarah Dessen Wendy J. Glenn, 2005 A criticism of the writing of Sarah Dessen a writer whose fiction for adolescents features strong female protagonists and the relationships they develop and how those relationships help to determine who one is and what one becomes Dessen's novels explore the complexity of human relationships between and among characters undermines gender expectations develops the themes of self perception and identity creates eccentric and memorable secondary characters and uses humor to help readers bear the angst of teenage life

Reading Like a Girl Sara K. Day, 2013-07 By examining the novels of critically and commercially successful authors such as Sarah Dessen Someone Like You Stephenie Meyer the Twilight series and Laurie Halse Anderson Speak Reading Like a Girl Narrative Intimacy in Contemporary American Young Adult Literature explores the use of narrative intimacy as a means of reflecting and reinforcing larger often contradictory cultural expectations regarding adolescent women interpersonal relationships and intimacy Reading Like a Girl explains the construction of narrator reader relationships in recent American novels written about adolescent women and marketed to adolescent women Sara K Day explains though that such levels of imagined friendship lead to contradictory cultural expectations for the young women so deeply obsessed with reading these novels Day coins the term narrative intimacy to refer to the implicit relationship between narrator and reader that depends on an imaginary disclosure and trust between the story's narrator and the reader Through critical examination the inherent contradictions between this enclosed imagined relationship and the real expectations for adolescent women's relations prove to be problematic In many novels for young women adolescent female narrators construct conceptions of the adolescent woman reader constructions that allow the narrator to understand the reader as a confidant a safe and appropriate location for disclosure At the same time such novels offer frequent warnings against the sort of unfettered confession the narrators perform Friendships are marked as potential sites of betrayal and rejection Romantic relationships are presented as inherently threatening to physical and emotional health And so the narrator turns to the reader for an ally who cannot judge The reader in turn may come to depend upon narrative intimacy in order to vicariously explore her own understanding of human expression and bonds

Push Has Come to Shove Dr. Steve Perry,2011-09-13 Have you been to a school lately Have you sat through the six hours and forty five minutes of excruciating tedium we send our kids to every day When we ask our kids What d you do in school today and they mumble Nothin they re telling the truth Steve Perry is like no other educator you ve ever met He gets it He understands why some parents are downright panicked about what s going on in their kids classrooms and how other parents whose kids supposedly attend the good schools still fear that their children are falling behind As Principal of one of the best performing schools in America one that sends 100% of its mostly minority students to four year colleges Perry delights in poking the system Present him with a truth about how education is supposed to work and count on it he ll show it to be false Dictatorial teacher s unions despise Steve Perry So do lazy teachers So do entrenched unimaginative school boards So do reactionary curriculum guardians who as a lure to get kids reading cling to the same old stodgy texts That s okay say Perry That means he s making a difference In this book his priority is to help kids who don t have the advantage of going to his school Capital Prep He wants to save your kid and the kid next door and the kid down the street from getting a typical third rate American education If you re a parent who has worried recently about how depressed your child seems when he dresses for school in the morning or how little of what happens during the school day seems to sink into her brain or how much of your child s homework is busywork you need this book If you re a teacher who is putting your heart and soul into the job but are surrounded by colleagues who are phoning it in you need this book If you re a committed forward thinking principal who wants to get rid of the faculty bad apples but are continually stymied by Mafia style teachers unions you need this book If you re a citizen who worries about the 1 trillion plus GDP loss that America suffers every year because our system of education doesn t measure up you need this book In this solution oriented manifesto Steve Perry covers the full range of issues holding back today s students He shows parents how to find great teachers and get rid of the bad ones how to make readers out of kids who hate to read how to make the school curriculum thrilling rather than sleep inducing how to conduct an all important education home audit how to e organize if school boards and administrators aren t getting the message how to build a school of the future and much more The era of third rate education is over Steve Perry isn t going to let the fools and scoundrels get away with it any longer Push has come to shove
