

Kindred

The background of the cover is a textured, dark brown surface. In the center, a young Black woman with short, dark hair is depicted from the waist up. She is wearing a plain white t-shirt and has a serious, contemplative expression, looking slightly off-camera to her right. Behind her, a bright, ethereal yellow and orange glow emanates, resembling fire or a powerful light source, creating a halo effect around her figure.

This collection contains original essays that engage Butler's series *Seed to Harvest*, *Xenogenesis*, *Parables*, her stand-alone novels *Kindred* and *Fledgling*, and her short stories. The essays explore new facets of Butler's work and its relevance to philosophy, sociology, anthropology, psychology, cultural studies, ethnic studies, women's studies, religious studies, American studies, and U.S. history. The Freedom to Remember Angelyn Mitchell, 2002 *The Freedom to Remember* examines contemporary literary revisions of slavery in the United States by black women writers. The narratives at the center of this book include Octavia E. Butler's *Kindred*, Sherley Anne Williams's *Dessa Rose*, Toni Morrison's *Beloved*, J. California Cooper's *Family and Lorene Cary's The Price of a Child*. Recent studies have investigated these works only from the standpoint of victimization. Angelyn Mitchell changes the conceptualization of these narratives, focusing on the theme of freedom, not slavery, defining these works as liberatory narratives. These works create a space to problematize the slavery/freedom dichotomy from which contemporary black women writers have the safe vantage point to reveal aspects of enslavement that their ancestors could not examine. The nineteenth-century female emancipatory narrative, by contrast, was written to aid the cause of abolition by revealing the unspeakable realities of slavery. Mitchell shows how the liberatory narrative functions to emancipate its readers from the legacies of slavery in American society by facilitating a deeper discussion of the issues and by making them new through illumination and interrogation.

Freedom Beyond Confinement Michael Ra-Shon Hall, 2021-11-16 *Freedom Beyond Confinement* examines the cultural history of African American travel and the lasting influence of travel on the imagination, particularly of writers of literary fiction and nonfiction. Using the paradox of freedom and confinement to frame the ways travel represented both opportunity and restriction for African Americans, the book details the intimate connection between travel and imagination from post-Reconstruction (ca. 1877) to the present. Analysing a range of sources from the black press and periodicals to literary fiction and nonfiction, the book charts the development of critical representation of travel from the foundational press and periodicals which offered African Americans crucial information on travel precautions and possibilities, notably during the era of Jim Crow, to the woefully understudied literary fiction that would later provide some of the most compelling and lasting portrayals of the freedoms and constraints African Americans associated with travel. Travel experiences, often challenging and vexed, provided the raw data with which writers produced images and ideas meaningful as they learned to navigate, negotiate, and even challenge racialized and gendered impediments to their mobility. In their writings, African Americans worked to realize a vision and state of freedom informed by those often difficult experiences of mobility. In telling this story, the book hopes to center literary fiction in studies of travel where fiction has largely remained absent.
