Landed By Tim Pears:

Landed Tim Pears, 2011-07-01 Brought up in the Anglo Welsh borders by an affectionate but alcoholic and feckless mother Owen Ithell's sense of self is rooted in his long vivid visits to his grandparents' small farm in the hills. There he is deeply impressed by his grandfather's primitive cruel relationship with his animals and the land. As an adult he moves away from the country of his childhood to an English city where he builds a new life working as a gardener. He meets Mel, they have children. He believes he has found happiness and love of a sort. But following a car accident in which his daughter is killed and he loses a hand, the course of his life and the lives of those he loves is changed forever. Owen, unable to work, alienated and eventually legally separated from his family, is haunted by suicidal thoughts. In his despair he resolves to reconnect with both his past and the natural world. Abducting his children, he embarks on a long fateful journey walking to the Welsh borders of his childhood. In his confusion, his journey is a grasping at some kind of an understanding of his powerful loss.

In A Land Of Plenty Tim Pears, 2011-10-31 In a small town in the middle of England, the aftermath of the Second World War brings change. For ambitious industrialist Charles Freeman, it offers new opportunities and marriage to Mary. He buys the big house on the hill and nails his aspirations to the future. In quick succession, three sons and a daughter bring life to the big house and with it the seeds of family joy and tragedy. As the children grow and struggle with the hazards of adulthood, Charles' business expands in direct proportion to his girth and becomes a symbol of the town's fortunes as Britain claws its way back from the grey austerity of wartime Britain. As times change, so do the family's fortunes. Their stories create a generous epic, an extraordinarily rich and plangent hymn to the transformation of middle England over the past fifty years. At its heart is a diverse and persuasive cast of loveable and odious characters attempting to contend with the restrictions of their generation. This is the story of our lives.

The Horseman Tim Pears, 2017-01-12 From the prize-winning author of *In the Place of Fallen Leaves* comes a beautiful hypnotic pastoral novel reminiscent of Thomas Hardy about an unexpected friendship between two children set in Devon in 1911. In a forgotten valley on the Devon-Somerset border, the seasons unfold marked only by the rituals of the farming calendar. Twelve-year-old Leopold Sercombe skips school to help his father, a carter. Skinny and pale, Leo dreams of a job on the estate's stud farm. He is breaking a colt for his father when a boy dressed in a Homburg, breeches, and riding boots appears. Peering under the stranger's hat, he discovers Miss Charlotte, the Master's daughter. And so begins a friendship between the children, bound by a deep love of horses but divided by rigid social boundaries that become increasingly difficult to navigate as they approach adolescence.
