Philip Roth and World Literature: Transatlantic Perspectives and Uneasy Passages Velichka D. Ivanova, 2014-03-18 A book like this is long overdue because not many are aware of the numerous intersections between Philip Roth's fiction and world literature In highlighting these intersections and uneasy passages this comparative approach offers an important contribution to Philip Roth studies as well as to comparative literary study in general The fourteen chapters on this book summon Roth's intertextual links to authors ranging from the anonymous writer of the medieval play *Everyman* through Thoreau Hawthorne Crane Ellison Coover and the New York intellectuals in the United States to Swift Chekhov Svevo Kafka Schulz Gombrowicz Camus and Kluge in Europe and on to Coetzee in South Africa The book does not deal with all the works in Roth's canon but it offers a selection of works representing the different stages of Roth's development as a writer By offering new readings of both well studied and lesser studied works sometimes in unexpected company the book discloses the critical difference that comparative scholarship can affect The uneasy passages the book opens will not exhaust the numerous intersections between Roth and the work of other writers The book's contribution is to place Roth's fiction firmly in a larger transnational context Far from insular Roth's work appears as deeply rooted in the American canon while at the same time showing a remarkable openness a persistent need for contact with his European forebears and true engagement with contemporary world literature The transnational perspective of the book makes it important for the rapidly growing field of transatlantic and transnational American studies The book will be value to collections in American literature and Jewish studies comparative literature and criticism and transatlantic and transnational American studies

Milan Kundera's Fiction Karen von Kunes, 2019-05-20 In Milan Kundera's *Fiction* A Critical Approach to

Existential Betrayals Karen von Kunes traces Kundera's literary aspirations to a single episode in Czechoslovakia in the Stalinist era. This moment attracted international attention when a 1950 police report was released in 2008. Reporters rushed to judgment accusing Kundera of denouncing Miroslav Dvořák to the police, resulting in Dvořák's immediate arrest and sentencing to hard labor. von Kunes debunks this shocking charge in a systematic way and argues that Kundera reported a suitcase, not a man. She ties Kundera's dominant themes of sex betrayal and political denouncement to the suitcase, a fatal instrument that can lead to paradoxes and unforeseen and catastrophic coincidences for his characters. Sufis and Saints' Bodies Scott Kugle, 2011-09-01 Islam is often described as abstract, ascetic and uniquely disengaged from the human body. Scott Kugle refutes this assertion in the first full study of Islamic mysticism as it relates to the human body. Examining Sufi conceptions of the body in religious writings from the late fifteenth through the nineteenth century, Kugle demonstrates that literature from this era often treated saints' physical bodies as sites of sacred power. Sufis and Saints' Bodies focuses on six important saints from Sufi communities in North Africa and South Asia. Kugle singles out a specific part of the body to which each saint is frequently associated in religious literature. The saints' bodies, Kugle argues, are treated as symbolic resources for generating religious meaning, communal solidarity and the experience of sacred power. In each chapter, Kugle also features a particular theoretical problem, drawing methodologically from religious studies, anthropology, studies of gender and sexuality, theology, feminism and philosophy. Bringing a new perspective to Islamic studies, Kugle shows how an important Islamic tradition integrated myriad understandings of the body in its nurturing role in the material, social and spiritual realms.

The Deserts of Bohemia Peter Steiner, 2002-01-01 Czech fiction in the twentieth century has been deeply enmeshed in the nation's political life and often serves as a conduit for its authors' social ideas. Through a series of brilliant and powerful readings of major Czech texts in both literature and history, Peter Steiner challenges the view that literary works can be treated as aesthetically distinct from historical events. Instead, he gives evidence, again and again, of the inevitable connection between literature and politics. Steiner engages six central works, ranging from novels to government documents, all in his view purveying ideological fictions that have exerted significant social influence. He begins with Jaroslav Hasek's 1920s novel *The Good Soldier Švejk*, whose anti-authoritarian protagonist was widely emulated during the Nazi and Communist regimes, and ends with Václav Havel's play *The Beggar's Opera*, through which Steiner explores the social role of Czech writing in the 1970s. He also considers *Reportage* by Julius Fučík, which announces itself as a documentary of the Communist Party's heroic struggle against the Germans but is, for Steiner, a fiction arising out of Marxist-Leninist ideology. Karel Čapek's *Apocryphal Stories*, Milan Kundera's novel *The Joke*, and the 1952 show trial of Rudolf Slanský, the general secretary of the Communist Party,
