**Jesus Revealed** Mark D. Roberts, 2010-05-19 Jesus Revealed reintroduces readers to the true Son of God helping them see him with clear vision so that they can love him more fully and follow him more completely Readers will be surprised and delighted as they get to know the Jesus whose face is clearly revealed through the titles God gave him and the names used for him by his earliest followers A sense of comfortable familiarity with the Savior can cloud people's vision and even prevent them from drawing closer to Jesus as he really is His titles and descriptions are heard so often that it's easy to miss the impact of their true meaning Even the name Jesus is so well known that it has lost much of its power in believers' lives In these pages readers will encounter a Jesus who surprises and unsettles who comforts and empowers in astonishingly authentic ways Each chapter focuses on one aspect of Jesus' identity such as Rabbi Son of Man Light of the World As pastor and scholar Mark Roberts explores what's behind each of these titles he brings insight into the theological and historical meanings and then relates them to life today Readers will travel back to first century Palestine meet the God man we know as Jesus and experience a soul changing encounter with him Because to know him is to love him

Left For Dead Beck Weathers, 2015-09-17 Anyone who has read Jon Krakauer's famous account of the 1996 Everest disaster INTO THIN AIR will remember the story of Beck Weathers the gregarious Texan climber who went snow blind in the Death Zone below the summit and who spent a night out in the open during a blizzard that took the lives of a dozen colleagues and friends Even as he staggered back into Camp 4 the next morning Beck's condition was such that the other survivors assumed he would not make it back down the mountain He was effectively left for dead but drawing upon reserves of determination and courage he didn't know he had as well as the extraordinary selflessness and bravery of a Nepalese helicopter pilot he'd never met he finally made it to safety Only then could a new battle begin to rebuild his life with a family he'd taken for granted for too long Heartstoppingly exciting and ultimately very moving LEFT FOR DEAD is a terrific read

**The Twenty-First Century and Its Discontents** Jack Simmons, 2020-12-10 American culture is changing a sentiment echoed in phrases such as the new normal and in these uncertain times that regularly introduce all forms of public discourse now

signally a national sense of vulnerability and transformation Cultural shifts generally involve multiple catalysts but in this collection the contributors focus on the role changing discourse norms play in cancel culture corporatism the counter sexual revolution racialism and a radically divided political climate Three central themes arise in the arguments First that contemporary discourse norms emphasize outcomes rather than shared understanding which support institutional and political goals but contribute to the contemporary political divide and the notion that we are engaged in a zero sum game These discourse norms give rise to a form of Adorno's administered world such that we order society according to dominant opinions which generally means those well acclimated to institutional and corporate culture Finally as Arendt feared the personal has become political meaning that the toxic public discourse invades private discourse reducing personal autonomy and leaving us perpetually under the scrutiny of institutional authority

altitude ascents are frequent almost commonplace Everest can be conquered by relatively inexperienced mountaineers and their exploits barely merit media attention unless they go fatally wrong This dramatic history of Everest climbs describes in vivid detail the struggle to conquer the mountain and the advances in scientific knowledge that made the conquest possible It also offers compelling insight into the science of mountaineering as well as the physical and psychological challenges faced by individuals who choose to test themselves in some of the harshest conditions on earth *Focus On: 100 Most Popular American 3D Films* Wikipedia contributors, *Choice* ,2001 *The Publishers Weekly* ,2000 *Jude's Slice: Everest* Jude Keith,2025-06-14 Rising to nearly 9 kilometres 5 miles above sea level Mount Everest represents the ultimate challenge in mountaineering a deadly siren calling to those brave or foolish enough to test themselves against her slopes As of December 2024 more than 7 200 people have climbed Everest and 335 have died in the attempt In this Slice we ll learn about the origins and the fairly recent discovery of the mountain and we ll meet the pioneers those incredibly brave and seemingly superhuman men and women who made history or broke new records We ll also look at the Sherpas the local mountain people who continue to risk their lives many times on each expedition and we ll consider what makes them do it And of course we ll discuss the impact that all these expeditions have on the mountain Oh and as a bonus for brave readers and listeners we ll also find out how to climb Everest step by gruelling step Join me in this exploration of everything to do with the legend that is Mount Everest
