**Maldoror & the Complete Works of the Comte de Lautreamont** comte de Lautréamont,1994      **Maldoror & the Complete Works of the Comte de Lautreamont** comte de Lautréamont,1994 Andre Breton wrote that MALDOROR is the expression of a revelation so complete it seems to exceed human potential First published in 1869 MALDOROR is the work of a mysterious genius about whom little is known aside from his birth in Uruguay 1846 and his early death in Paris 1870 His writings published under the pseudonym Comte de Lautreamont bewildered his contemporaries but have since taken their place alongside other French classics of transgression such as Sade Baudelaire Rimbaud A unique translation

**Encyclopedia of Literary Translation Into English: A-L** O. Classe,2000      *Metamorphoses of the Vampire in Literature and Film* Erik Butler,2010 For the last three hundred years fictions of the vampire have fed off anxieties about cultural continuity Though commonly represented as a parasitic aggressor from without the vampire is in fact a native of Europe and its metamorphoses to quote Baudelaire a distorted image of social transformation Because the vampire grows strong whenever and wherever traditions weaken its representations have multiplied with every political economic and technological revolution from the eighteenth century on Today in the age of globalization vampire fictions are more virulent than ever and the monster enjoys hunting grounds as vast as the international market Metamorphoses of the Vampire explains why representations of vampirism began in the eighteenth century flourished in the nineteenth and came to eclipse nearly all other forms of monstrosity in the early twentieth century Many of the works by French and German authors discussed here have never been presented to students and scholars in the English speaking world While there are many excellent studies that examine Victorian vampires the undead in cinema contemporary vampire fictions and the vampire in folklore until now no work has attempted to account for the unifying logic that underlies the vampire s many and often apparently contradictory forms Erik Butler holds a PhD from Yale University and has taught at Emory University and Swarthmore College His publications include *The Bellum Gramaticale* and *The Rise of European Literature* 2010 and a translation with commentary of *Regrowth Vidervuks* by the Soviet Jewish author Der Nister 2011      *The Beach Beneath the Street* McKenzie Wark,2015-04-03 Over fifty years after the Situationist International appeared its legacy continues to inspire activists artists and theorists around the world Such a legend has accrued to this movement that the story of the SI now demands to be told in a contemporary voice capable of putting it into the context of twenty first century struggles McKenzie Wark delves into the Situationists unacknowledged diversity revealing a world as rich in practice as it is in theory Tracing the group s development from the bohemian Paris of the 50s to the explosive days of May 68 Wark s take on the Situationists is biographically and historically rich presenting the group as an ensemble creation rather than the brainchild and dominion of its most famous member Guy Debord Roaming through Europe and the lives of those who made up the movement including Constant Asger Jorn Michle Bernstein Alex Trocchi and Jacqueline De Jong Wark uncovers an

international movement riven with conflicting passions Accessible to those who have only just discovered the Situationists and filled with new insights *The Beach Beneath the Street* rereads the group's history in the light of our contemporary experience of communications architecture and everyday life The Situationists tried to escape the world of twentieth century spectacle and failed in the attempt Wark argues that they may still help us to escape the twenty first century while we still can

*André Breton* André Breton, 2003-10 This is a kind of essence of Breton variously translated by some of our finest writers each of whom highlights different facets of Breton's complex work Mark Polizzotti's useful introduction provides context and a brief analysis of the artist and his times Diane di Prima author of *Recollections of My Life as a Woman* Mark Polizzotti who is a poet a translator and the author of the definitive biography of André Breton has chosen stellar translations of Breton's dazzling poetry and placed it in its lively context This shapely introduction to the life and work of André Breton is smart concise and exciting I cannot imagine a better one Ron Padgett poet and translator of *The Complete Poems of Blaise Cendrars* *The Poets for the Millennium Series* generally and André Breton's *Selected Works* specifically offers a workable image of an author and the work and the conjuncture all at once What comes across is a vivid presentation of André Breton not just as an art czar a manifesto merchant but a serious haunted inventive and strangely profound poet of the imagination who invented or archeologized new ways of dreaming but insisted on bearing witness with them in the actual world Polizzotti does justice as I think no other writer has to the double burden of Breton's work Robert Kelly A superbly chosen selection of Breton's poetry and prose translated in every case with an elegant intelligence and preceded by an unusually thorough introduction showing quite exactly how the poet's life informed each epoch of his work It proves again the remarkable un-boredom of Breton and how important he is now to our own poetry and to us Mary Ann Caws author of *The Surrealist Look* *An Erotics of Encounter* and editor of *The Surrealist Painters and Poets*

**Poetics of the Pretext** Roland-François Lack, 1998 *Poetics of the Pretext* is an original study of the French poet Lautréamont 1846-1870 who was rediscovered by the Surrealists in the 1920s and promoted to the vanguard of theoretical debate by the Telquelists of the 1960s but whose work has remained largely ignored or misinterpreted beyond a small circle of enthusiasts *Poetics of the Pretext* analyses closely the texts pretexts and intertexts of this innovative poet bringing *Les Chants de Maldoror* and *Poésies* to the foreground of contemporary critical debates around poetics genre intertextuality and influence This book will make a major contribution to our understanding not only of the work of Lautréamont but also to the function of originality imitation and plagiarism in the nineteenth century

*The Society of the Spectacle* Guy Debord, 2021-04-01 Debord describes and critiques the way we live The power in these ideas lies in their ability to question identify and name the common assumptions of the present Developing the concept of The Spectacle he describes the gaze of contemporary society From its publication just before and ultimately influencing the May 1968 revolt in Paris and Occupy Wall Street this book continues to transform a wide range of progressive philosophical and political movements most notably anti capitalism postmodernism marxism and anarchism This new translation brings a concrete edge to the text elaborating upon the original and adding annotations Bringing fifty years of prominent radical thinking back to the text from Baudrillard to Odell to Zuboff it s clear that Debords book is more relevant in the era of social media the attention economy and the emergence of Surveillance Capitalism than ever before

*Prague, Capital of the Twentieth Century* Derek Sayer, 2021-11-09 The story of modernity told through a cultural history of twentieth century Prague Setting out to recover the roots of modernity in the boulevards interiors and arcades of the city of light Walter Benjamin dubbed Paris the capital of the nineteenth century In this eagerly anticipated sequel to his acclaimed *Coasts of Bohemia* A Czech History Derek Sayer argues that Prague could well be seen as the capital of the much darker twentieth

century Ranging across twentieth century Prague s astonishingly vibrant and always surprising human landscape this richly illustrated cultural history describes how the city has experienced and suffered more ways of being modern than perhaps any other metropolis Located at the crossroads of struggles between democratic communist and fascist visions of the modern world twentieth century Prague witnessed revolutions and invasions national liberation and ethnic cleansing the Holocaust show trials and snuffed out dreams of socialism with a human face Yet between the wars when Prague was the capital of Europe s most easterly parliamentary democracy it was also a hotbed of artistic and architectural modernism and a center of surrealism second only to Paris Focusing on these years Sayer explores Prague s spectacular modern buildings monuments paintings books films operas exhibitions and much more A place where the utopian fantasies of the century repeatedly unraveled Prague was tailor made for surrealist Andr Breton s black humor and Sayer discusses the way the city produced unrivaled connoisseurs of grim comedy from Franz Kafka and Jaroslav Hasek to Milan Kundera and V clav Havel A masterful and unforgettable account of a city where an idling flaneur could just as easily be a secret policeman this book vividly shows why Prague can teach us so much about the twentieth century and what made us who we are      *Reading Claude Cahun's Disavowals* JenniferL. Shaw,2017-07-05 The first monograph on a Surrealist cult classic *Reading Claude Cahun's Disavowals* 1930 Jennifer L Shaw provides an encompassing interpretation of this groundbreaking work paying careful attention to the complex interrelationship between the photomontages and writings of *Aveux non avenues* This study argues that the texts and images of *Aveux non avenues* not only explore Cahun s own subjectivity they formulate a trenchant social and cultural critique Shaw explores how Cahun s work both calls into question the dominant culture of interwar France with its traditional gender roles religious conservatism and pronatalism and takes to task the era s artistic avant garde and in particular its models of desire This volume cuts across the disciplinary boundaries of interwar art studies demonstrating how one artist s personal exploration intervened in wider contemporary debates about the purpose of art the role of women in French culture and the status of homosexuality in the aftermath of World War I      *The Sources of Surrealism* Neil Matheson,2006 Surrealism is a particularly complex international movement embracing both the literary and the visual arts while lacking any single visual or literary style and this together with its long existence has served to generate a very substantial body of writings poetry novels essays theoretical writings manifestoes and other documents which might be considered as fundamental to any proper understanding of the movement *The Sources of Surrealism* is a comprehensive sourcebook documenting the origins and development of Surrealism internationally through a collection of 234 original documents The texts have been selected from across the whole range of Surrealist writing as well as including influential predecessors like Rimbaud and Lautreamont and contemporaries such as Raymond Roussel and Alfred Jarry Texts are published in English throughout with new translations provided for previously untranslated material The book addresses for the first time the neglected area of the relationship

between Surrealism and popular culture including Surrealism's engagement with cinema and attempts to address the increased critical interest in what in the past were more neglected figures such as Michel Leiris and Georges Bataille. Particular emphasis is given to the earlier documents and influences upon the Surrealist movement as well as to the period of its internationalism during the 1930s and the texts cover Surrealism in Britain and Belgium as well as France. This fascinating collection presents what was most vital about this complex and often contradictory movement and serves as an essential reference book for scholars as well as stimulating reading for all those with a general interest in the subject.

**Guy Debord, the Situationist International, and the Revolutionary Spirit** James Trier, 2019-07-15 Winner of the 2020 Choice Outstanding Academic Title Award. Guy Debord, the Situationist International and the Revolutionary Spirit presents a history of the two avant-garde groups that French filmmaker and subversive strategist Guy Debord founded and led: the Lettrist International (1952-1957) and the Situationist International (1957-1972). Debord is popularly known for his classic book *The Society of the Spectacle* (1967), but his masterwork is *The Situationist International* (SI), which he fashioned into an international revolutionary avant-garde group that orchestrated student protests at the University of Strasbourg in 1966, contributed to student unrest at the University of Nanterre in 1967-1968, and played an important role in the occupations movement that brought French society to a standstill in May of 1968. The book begins with a brief history of the Lettrist International that explores the group's conceptualization and practice of the critical anti-art practice of *déplacement* as well as the subversive spatial practices of the *dérive*, psychogeography, and unitary urbanism. These practices, which became central to the Situationist International, anticipated many contemporary cultural practices including culture jamming, critical media literacy, and critical public pedagogy. This book follows up the edited book *Déplacement as Pedagogical Praxis* (Sense Publishers, 2014), and together they offer readers, particularly those in the field of Education, an introduction to the history, concepts, and critical practices of a group whose revolutionary spirit permeates contemporary culture, as can be seen in the political actions of Pussy Riot in Russia, the yellow vest protesters in France, the Black Lives Matter movement, and the striking teachers and student protesters on campuses throughout the U.S. See inside the book.
