Overcoming the Neutral Zone Trap Cheryl A. MacDonald, Jonathon R.J. Edwards, 2021 This engaging interdisciplinary collection seeks to shed light on narratives and research that challenge hockey's norms, push its boundaries and provide new ways of conceptualizing its role in North American culture. The volume's editors use the metaphor of the neutral zone trap to explore how traditional ideologies and practices within the sport have contributed to exclusion and the misperception of various ways of existing in its community. The book includes both personal and scholarly accounts of agents of change, people, ideas and events that confront the challenges associated with making hockey a more progressive space. By peeling back assumptions and common understandings of hockey culture, *Overcoming the Neutral Zone Trap* opens up critical discussions of previously underexplored topics as they relate to the women's game, Indigenous participation, viable career pathways, masculine identities, hockey parents, mental health and social media. Fans and experts alike will find much in these pages to deepen their understanding of hockey's social implications. Contributors: Angie Abdou, Kieran Block, Cam Braes, William Bridel, Judy Davidson, Jonathon R.J. Edwards, Catherine Houston, Colin D. Howell, Chelsey H. Leahy, Roger G. LeBlanc, Cheryl A. Diversity and Equity in Canadian Schools Cathlene Hillier, Wendy D. Bokhorst-Heng, 2024-12-16 This edited collection introduces readers to the main concepts that comprise the spectrum of diversity and multicultural education in Canada, with a particular focus on social justice and on what human flourishing might mean in these contexts. *Diversity and Equity in Canadian Schools* blends theory and practice, with each section containing one theoretical and one practical chapter devoted to each area of diversity, including socio-economic status, gender and sexual orientation, language, religion, geography, disability, ethnicity and race, and Indigenous education, with a continuous focus on intersectionality. The first chapter in each section is conceptual, providing a thoughtful narrative of the historical and current concerns of the given area of diversity. The second chapter then provides practical considerations for educators in the K-12 classroom, building teacher capacity both to work against the structures, policies, curriculum and pedagogies that limit marginalized students' flourishing and to build the capabilities for flourishing in all students. Readers are provided with practical guidelines to help them approach each chapter with openness, humility and critical engagement. *Diversity and Equity in Canadian Schools* is well suited for Canadian university courses in Education that focus on critical multicultural education and equity, diversity and inclusion in the classroom.
