Second International Conference, Technologies of Information and Communications in Education and Training Ahmed Ferchichi, Hadhemi Achour, Jamil Itmazi, 2013 Proceedings 2nd International Conference on
 Information Technologies for Education and Training Hammamet Tunisia November 2013

Creating Online Tutorials Hannah Gascho Rempel, Maribeth Slebodnik, 2024-02-14 Today s students rely heavily on electronic resources they expect to
 be able to access library resources from any location and at any time of the day Online education is ubiquitous from K 12
 through graduate level coursework and is increasingly used in on the job training Libraries must be prepared to guide
 learners to use library resources when and where they are needed Thoughtfully designed online tutorials can be the library s
 answer to providing this point of need instruction that learners have come to expect When librarians don t have the technical

expertise needed to create online tutorials Creating Online Tutorials A Practical Guide for Librarians Second Edition will help guide them through the basics of designing and producing an online tutorial Using practical examples the book leads librarians through the process of creating an online tutorial from start to finish and provides tips and strategies that will be useful to librarians with more experience in designing online tutorials This detailed roadmap for designing and producing online tutorials covers Is a tutorial the right solution Assessing diverse user needs Choosing the right technology Selecting and organizing instructional content Planning tutorial design elements Integrating assessment into tutorial design Maintaining and updating tutorials Finding online tutorial resources After reading this book new tutorial developers will have a practical adaptable blueprint that enables them to confidently address the creation of their first online tutorials and experienced developers will learn efficient techniques to create and enhance future tutorials that are attractive effective teaching tools

RPG Programming with XNA Game Studio 3.0 Jim Perry, 2009-06-19 Teaching First-Year College Students Maggie Murphy, 2019-05-15 The first year experience is an emerging hot topic in academic libraries and many librarians who work with first year students are interested in best practices for engaging and retaining them Professional discussion and interest groups conferences and vendor sponsored awards for librarians working with first year students are popping up left and right A critical aspect of libraries in the first year experience is effective information literacy instruction for first year students Research shows that despite growing up in a world rife with technology and information students entering college rarely bring with them the conceptual understandings and critical habits of thinking needed for finding evaluating and ethically using information in both academic and real world contexts Faculty in upper level courses expect students to learn about the research process in their first year of college and instructors in the first year curriculum expect librarians to teach this to their students Despite all this designing teaching and evaluating effective information literacy instruction specifically for first year students is not necessarily intuitive for instruction librarians That is why *Teaching First Year College Students A Practical Guide for Librarians* is a comprehensive how to guide for both new and experienced librarians interested in planning teaching and assessing library instruction for first year students The book Examines the related histories of library instruction and first year experience initiatives Summarizes and synthesizes empirical research and educational theory about first year students as learners and novice researchers Establishes best practices for engaging first year students through active learning and inclusive teaching Features excerpts from interviews with a number of instruction librarians who work with first year students in a range of positions and instructional contexts Includes examples of activities lesson plans and assessment ideas for first year library instruction for common first year course scenarios Includes a template to use for library instruction lesson planning Written by a library instruction coordinator with a graduate degree in First Year Studies and a first year instruction librarian *Teaching First Year College Students A Practical Guide for Librarians* is the first comprehensive how to guide for both new and experienced librarians interested in planning coordinating teaching and

assessing library instruction for first year students *Ultimate Guide to YouTube for Business* Jason R. Rich, 2013-09-01
