Bagwell, Michelle E. Schmidt, 2013-01-10 Highly readable and comprehensive this volume explores the significance of friendship for social emotional and cognitive development from early childhood through adolescence The authors trace how friendships change as children age and what specific functions these relationships play in promoting adjustment and well being Compelling topics include the effects of individual differences on friendship quality how friendship quality can be assessed and ways in which certain friendships may promote negative outcomes Examining what clinicians educators and parents can do to help children who struggle with making friends the book reviews available interventions and identifies important directions for future work in the field *Boys in Children's Literature and Popular Culture* Annette Wannamaker, 2012-09-10 Boys in Children's Literature and Popular Culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is

represented in popular texts consumed by boys in the United States The popular texts boys like are often ignored by educators and scholars or are simply dismissed as garbage that boys should be discouraged from enjoying However examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children s culture and form dominant versions of masculinity Such popular texts as Harry Potter Captain Underpants and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys They often use depictions of the abject threats to bodily borders to blur the distinctions between what is outside the body and what is inside between what is I and what is not I Because of their reliance on depictions of the abject those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct

Nora Gross,2024-10-14 A heartbreaking account of grief Black boyhood and how we can support young people as they navigate loss JahSun a dependable much loved senior at Boys Prep was just hitting his stride in the fall of 2017 He had finally earned a starting position on the varsity football team and was already weighing two college acceptances Then over Thanksgiving tragedy struck An altercation at his older sister s home escalated into violence killing the unarmed teenager in a hail of bullets JahSun s untimely death overwhelmed his entire community sending his family friends and school into seemingly

insurmountable grief Worse yet that spring two additional Boys Prep students would be shot to death in their neighborhood JahSun and his peers are not alone in suffering the toll of gun violence as every year in the United States teenagers die by gunfire in epidemic numbers with Black boys most deeply affected Brothers in Grief closely attends to the neglected victims of youth gun violence the suffering friends and classmates who must cope mostly out of public view with lasting grief and hidden anguish Set at an ambitious urban high school for boys during the heartbreaking year following the death of JahSun the book chronicles the consequences of untimely death on Black teen boys and on a school community struggling to recover Sociologist Nora Gross tells the story of students attempting to grapple with unthinkable loss inviting readers in to observe how they move through their days at school and on social media in the aftermath of their friends and classmates deaths Gross highlights the discrepancy between their school s educational mission and teachers and administrators fraught attempts to care for students emotional wellbeing In the end the school did not provide adequate space for grief making it more difficult for students to heal reengage with school and imagine hopeful futures Even so supportive relationships deepened among students and formed across generations offering promising examples of productive efforts to channel student grief into positive community change A searing testimony of our collective failure to understand the inner lives of our children in crisis Brothers in Grief invites us all to wrestle with the hidden costs of gun violence on racial and educational inequity
