Adoptionland Janine Myung Ja, 2014-07-21 Ever wondered what it's like to be adopted This anthology begins with personal accounts and then shifts to a bird's eye view on adoption from domestic intercountry and transracial adoptees who are now adoptee rights activists Along with adopted people this collection also includes the voices of mothers and a father from the Baby Scoop Era a modern day mother who almost lost her child to adoption and ends with the experience of an adoption investigator from Against Child Trafficking These stories are usually abandoned by the very industry that professes to work for the best interest of children child protection and for families However according to adopted people who were scattered across nations as children these represent typical human rights issues that have been ignored for too long For many years adopted people have just dealt with such matters alone not knowing that all of us as a community have a great deal in common

The Search for Mother Missing Janine Vance, Can't travel yet Let's go to Korea In this contemporary tale detailing a two week trip that explores intercountry adoption from South Korea twin sisters naively travel to their birth city of Seoul in search of their Korean family Little incidents along the way serve as a catalyst leading them into a worldwide modern day adoptee rights movement seeking truth and transparency The intent of this book is to inspire and uplift anyone who has been removed from their birth family to know that there is a

community of like minded individuals who ve experienced the same circumstances **The Unknown Culture Club** , This collection compiled by Korean adoptees serves as a tribute to transracially adopted people sent all over the world It has been hailed to be the first book to give Korean adoptees the opportunity to speak freely since the pioneering of intercountry adoption after the Korean War If you were adopted you are not alone These stories validate the experiences of all those who have been ridiculed or outright abused but have found the will to survive thrive and share their tale Adopted people all over the world are reclaiming the right to truth and access to birth documents This book is a living testament to why previous orphans do not endorse the profitable Evangelical Orphan Movement Those who work in the human rights field whistleblowers or adopted will see the value of this book After years of forced positivity led by the profiteers it is time to be real These are real stories from individuals no longer serving the adoption pioneers fanciful wishes and advertising campaigns Read this book before you pay adoption agency fees These courageous narratives could save you tens of thousands of dollars or prevent you from obtaining a child unethically Be the first to read these narratives and join the ever expanding Adoption Truth and Transparency Worldwide Network It s never too late to walk in awareness *Adoption: What You Should Know* Janine Myung Ja, Has the global man made market for children exploited mothers fathers families and communities Gain a bird s eye view of the hidden side of the practice here Most of us have heard the positive side of international adoption in the United States Clips of children being sent into the arms of loving Americans can be found all over the internet But did you know that in other parts of the world the indigenous and less fortunate communities view overseas adoption as a violation against their natural inherent and God given rights to family and community How would you like to be given a new identity to live by and then removed from your sisters and brothers never legally permitted to contact them again even upon your deathbed Adoption laws consist of many governmental and religious red tape adoptees are forced to contend even into their elder years with because of the fierce advertising campaigning of adoption agencies to convince the public to fall in love with their activities This research book has been divided into four short easy to read sections revealing the making of the current child welfare system throughout time starting in Europe referred to as the European Child Migration Schemes then spreading to America known as the Orphan Train Movement into Asia called the Evangelical Baby Swoop Era to what s trending today Africa The pioneers who built and profited from the industry continue to deny adoptees access to documents that could lead them back to their families This book protects you against adoption profiteers and traffickers who profess God is on their side It summarizes the inception and expansion of the adoption industry focusing on its roots and consequences kept from public awareness Discover the history of adoption from another angle a view adoption agencies will never tell you The findings have been called mind blowing Inspired by a Haitian adoptee who died of heart failure after learning that he had been trafficked to France for overseas adoption but was never able to acquire justice due to the public s love affair with the practice The author co founded Adoption Truth Transparency Worldwide Information

Network ATTWIN an adoptee led forum entirely rooted in equal rights for adoptees ATTWIN refuses to accept any funding from the lobbying efforts of profitable multi million dollar adoption agencies The cofounders are adopted people and are affiliated politically as Independents This book is NOT recommended for adoption profiteers anti abortion fundamentalists evangelicals or individuals against equal rights for adult adoptees For universities and institutions this book is titled Adoption History An Adoptee s Research into Child Trafficking and is available in hardcover **Voices of the Lost Children of**

Greece Mary Cardaras, 2023-01-10 Voices of the Lost Children of Greece is a collection of essays from Greek born adoptees in the 1950s after two consecutive wars that ravaged the country Never before has this group of adoptees come together to write their stories and share their closely held feelings While many of the adoptees have similar experiences and while they may share some common thoughts about their adoptions their stories are vastly different some harrowing others remarkable The collection will illustrate the impact of adoption itself over years no matter if children were displaced from their parents and country as infants or as youngsters The book will shed light on adoption from many disciplinary angles including sociological psychological and anthropological It will also put these adoptions into a larger historical context The book is further enhanced by Greek born adoptee academic poet and writer Dr Andrew Mossin who writes the Foreword by Dr Gonda Van Steen a preeminent modern Greek scholar who pens the first chapter about the history of such adoptions and in the final chapter by Dr Eirini Papadaki who has written extensively about the women of Greece and adoption to bring readers a current assessment of adoption practices in Greece today **Adoption Stories** ,

You ve probably heard numerous positive happily ever after adoption stories but did you know there are people deprived of God given inherent and natural human rights These individuals live an entire lifetime of never being given access to the truth or their origin like access to their biological families nor are they given legal access to their ancestry due to the laws spearheaded and reformed by what has become a 20 billion dollar Adoption and Child Welfare industry Instead religious authorities want overseas adoptees to curtsy and smile for the camera and be grateful or else they accuse us of being angry or unable to bond But how many thank yous do they want This mini book has been compiled to support the current adoptee rights movement **Master Adoption**

Janine Myung Ja, We don t have adoption issues we have an issue with adoption The author offers a rare perspective based on the natural law of identity and equal rights even for adopted people If you believe adopted people should have the same rights as all other humans you will find value in this rare book advocating for equality The author provides an Eastern and Metaphysical view that is aligned with all international human rights treaties and rooted in the Taoist way of nature which appreciates who we are as we are Nope we re not sinful creatures We re sacred souls Overseas adoption is exploitation because the commodification of children violates the natural inherent civil constitutional universal and God given rights of the child which are inborn and innate and also recognized and enshrined in several state and international conventions and declarations such as at the United Nations in the US Constitution the Bill of Rights and the Declaration of Independence All

humans on earth except for adopted people have access to the truth of their biology and ancestry In contrast due to continuously reformed and refined draconian adoption laws spearheaded by evangelical agencies adopted people are deprived of such equality No matter how the multi billion dollar industry is refined and reformed adoption laws are rooted in the commodification of children and as a consequence deprive individuals of what is innately theirs Master Adoption Claim Your Authentic Power offers adopted people a rare perspective steeped in solidarity rooted in the truth of who we are

Two Worlds Barbara Robidoux, Trace L. Hentz, 2017-12-11 Tragic true heartbreaking astonishing those words have been used to describe the anthology Two Worlds the first book to expose in first person detail the adoption practices that have been going on for years under the guise of caring for destitute Indigenous children What happened and where are these Native children now The new updated Second Edition of TWO WORLDS Vol 1 with narratives from Native American and First Nations adoptees covers the history of Indian child removals in North America the adoption projects their impact on Indian Country the 60s Scoop in Canada and how it impacts the adoptee and their families The Lost Children Book Series includes Two Worlds Called Home The Roadmap Stolen Generations and In The Veins Poetry The book series is an important contribution to American Indian history Trace Hentz formerly DeMeyer located other Native adult survivors of adoption and asked them to write a narrative The adoptees share their unique experience of living in Two Worlds surviving assimilation via adoption opening sealed adoption records and in most cases a reunion with their tribal relatives Indigenous identity and historical trauma takes on a whole new meaning in this adoption book series Since 2004 award winning journalist Hentz was writing her historical biography One Small Sacrifice A Memoir She was contacted by many adoptees after stories were published about her work More adoptees were found after One Small Sacrifice had its own Facebook page and the American Indian Adoptees blog started in 2009 In 2011 Trace was introduced to Patricia Busbee and asked her to co edit the first edition of Two Worlds As Hentz writes in the Preface The only way we change history is to write it ourselves This book is a must read for all that want the truth since very little is known or published on this history *Adoptionized Orphan* Activist, 2018-02-09 Ever wonder why some of us disapprove of adoption This book explains the reason Since digging into the adoption industry for the past sixteen years we have heard numerous complaints from adopted people all over the world From this we have learned that agencies are known to routinely sabotage adoptees the world over from connecting with

family if we so choose This is a crisis Most alarming is that the definition of orphan has been expanded in adoption law to include children of single or poor parents This means that any child is at risk of being exported for adoption And they have If global adoption was not a multibillion dollar industry we probably wouldn't feel the need to raise our voice and point out our concerns Fortunately because of social media millions of adopted people can network compare stories and disapprove of industry practices And we have If you are adopted you have rights Children should not be used as commodities The Evangelical Orphan Movement ignores our human rights rights that are enshrined in the United Nations and even in the U S Constitution Rights that are innate for every human Those who profit from the industry routinely ignore these rights

Adoption Janine Myung Ja, 2020-11-16 This book covers adoption today yesterday and around the world giving voice to those who experienced the orphan ships planes trains and even adoption trafficking ultimately unveiling the industry's tricks of the trade Imagine you're about to have a little one The love that you have for that little one Then imagine somebody outside of your family you don't even know making claims of your little one They don't like the way you live They're going to take your little one by force Imagine what the loss is When this is not just your family but your entire community this is it children Gkisedtanamoogk University of Maine From The First Light Upstander Project **The Child Catchers** Kathryn Joyce, 2013-04-16 When Jessie Hawkins adopted daughter told her she had another mom back in Ethiopia Jessie didn't at first know what to think She'd wanted her adoption to be great story about a child who needed a home and got one and a family led by God to adopt Instead she felt like she'd done something wrong Adoption has long been enmeshed in the politics of reproductive rights pitched as a win-win compromise in the never-ending abortion debate But as Kathryn Joyce makes clear in **The Child Catchers** adoption has lately become even more entangled in the conservative Christian agenda To tens of millions of evangelicals adoption is a new front in the culture wars a test of pro-life bona fides a way for born-again Christians to reinvent compassionate conservatism on the global stage and a means to fulfill the Great Commission mandate to evangelize the nations Influential leaders fervently promote a new orphan theology urging followers to adopt en masse with little thought for the families these orphans may already have Conservative evangelicals control much of that industry through an infrastructure of adoption agencies ministries political lobbying groups and publicly supported crisis pregnancy centers which convince women not just to choose life but to choose adoption Overseas conservative Christians preside over a spiraling boom-bust adoption market in countries where people are poor and regulations weak and where hefty adoption fees provide lots of incentive to increase the supply of adoptable children recruiting orphans from intact but vulnerable families **The Child Catchers** is a shocking exposé of what the adoption industry has become and how it got there told through deep investigative reporting and the heartbreaking stories of individuals who became collateral damage in a market driven by profit and now pulpit command Anyone who seeks to adopt of whatever faith or no faith and however well meaning is affected by the evangelical adoption movement whether they know it or not The movement has shaped the way we think

about adoption the language we use to discuss it the places we seek to adopt from and the policies and laws that govern the process In *The Child Catchers* Kathryn Joyce reveals with great sensitivity and empathy why if we truly care for children we need to see more clearly The Politics of Adoption Mary Kathleen Benét, 1976
