Appreciative Inquiry In The Catholic Church:

Appreciative Inquiry in the Catholic Church Susan Star Paddock, 2003-01-01 Named The Best Book by a Small Publisher by the Catholic Press Association in May 2004 Susan Star Paddock has written a book about how Appreciative Inquiry is being used in the Catholic Church As she writes in the book As a practicing psychotherapist and organizational consultant I ve used AI with individuals families colleges businesses and non profits In 2002 I became deeply concerned about the health of my spiritual home the Catholic Church Widespread media coverage of the sex abuse cases led me to realize that the Church was at a choice point We could pursue the usual course of finding out what s wrong with our church or we could use the energy created by the crisis for an inquiry into what is right with our church We could begin to have conversations to share what we think the life giving forces of the Church might be **False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World s Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today s interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In **The Reign of Quantity and the Signs of the Times** French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left **False Dawn** painstakingly documents these trends and speculates on their future development In so doing the author takes investigative

reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org

Developing Faithful Ministers Tim Ling, 2013-01-25 Developing Faithful Ministers aims to support the work of all those involved in supervision and training relationships within the Church The Church recognising its call to serve God and the nation seeks to equip and develop its ministers to face the challenge of ministry in a society at the threshold of Christendom that is in a mission context It is a context where both the general public and the institutional church have significant expectations of those in ministry Indeed there is now an expectation of demonstrable capability prior to being licensed to any form of permanent tenure The demand for more professional demonstrably capable mission able and collaborative licensed ministers places particular weight on the efficacy of the initial training relationship Developing Faithful Ministers seeks to support those who find themselves in these relationships by offering both models of good practice and sustained theological reflection on what these drivers mean for developing ministry U.S. Catholic Historian, 2007 Conversation—The Sacred Art Diane M.
