Holt, Thomas E. Pelham, Jason Holt, 2009-11-27 In 1964 at the beginning of my PhD studies at Southern Illinois University I was first introduced to the theory and practice of proprioceptive neuro muscular facilitation PNF One specific application reversal of antago nists particularly intrigued me and served as the focus of not only my dissertation but also numerous research projects presentations and pub lications over the ensuing years including the monograph Scientific Stretch ing for Sport 1973 This was the first publication to present a simplified planar version of reversal of antagonists for enhancing flexibility Although I was repeatedly encouraged by friends and colleagues to write a more extensive text I knew that more laboratory research methodological fine tuning clinical information and significant changes to the conceptual foundations were needed before a truly meaningful book could be written Throughout my 36 years at Dalhousie University I have been

fortunate to have had a number of excellent graduate students whose theses contrib uted much of this needed material Their work has been published in numerous academic journals and is referenced throughout this text
