Riccio, 2009-01-08 Using interviews and photographs Anthony Riccio provides a vital supplement to our understanding of the Italian immigrant experience in the United States In conversations around kitchen tables and in social clubs members of New Haven's Italian American community evoke the rhythms of the streets and the pulse of life in the old ethnic neighborhoods They describe the events that shaped the twentieth century the Spanish Flu pandemic the Great Depression and World War II along with the private histories of immigrant women who toiled under terrible working conditions in New Haven's shirt factories who sacrificed dreams of education and careers for the economic well being of their families This is a compelling social cultural and political history of a vibrant immigrant community **National Union Catalog**, 1956

Includes entries for maps and atlases **Italy** Thomas D. Bowie, 1979 **Italian American Poetics of Place** Sabrina Vellucci, 2024-11-19 This volume examines the significance of place in contemporary Italian American literature from an ecocritical perspective It fills a gap in the theoretical discourse on Italian American culture whose concerns about environmental justice have been mostly overlooked From mid twentieth century poets such as John Ciardi and Diane di Prima to late twentieth and twenty first century fiction writers such as Carole Maso and Salvatore Scibona the study combines Italian American literary criticism with the spatial turn that over the last decades has asserted the interpretive significance of place and the environment in literary texts Questioning the prejudice that sees Italian American culture as detached from ecological issues these works show that such diasporic heritage has helped forge different modes of relationship and new forms of expression in contact with the American land Their relevance lies not so much in defining or redefining Italian American ethnicity but in forging ideas and futures beyond their immediate framework and subject matter By focusing on the intersection of gender and ethnicity with local and transnational spaces and aesthetic practices Italian American Poetics of Place contributes to the growing field of inquiry that explores the resources of the literary in laying the basis for more dialogic and inclusive forms of awareness and community with both the human and other than human *Women's Travel Writings in Italy, Part II vol 6* Jennie Batchelor, Donatella Badin, Julia Banister, Betty Hagglund, 2024-10-28 Chawton House Library Women's Travel Writings are multi volume editions with full texts reproduced in facsimile with new scholarly apparatus The texts have been carefully selected to illustrate various themes in women's history
