John Von Wicht 18881970 The Way To Abstraction:

It's Abstraction, Concretely John McGreal, 2017-02-21 John McGreal's three new books *It's Abstraction*, *Concretely*, and *It's Representation Really* continue the *It Series* published by Matador since 2010. They constitute another stage in an artistic journey exploring the visual and aural dialectic of mark, word, and image that began over 25 years ago. Emerging out of the first books on the *Bibliograph* published in 2016, initiated with *It's Nothing Seriously*, these new texts retain some of the same structural features. The *Bibliographs* contain the same focus on repetition and variation in meaning of their dominant motifs of representation, abstraction, and figuration, which have framed philosophical discourse on epistemology and ontology in aesthetics. Their chance placement in each *Bibliograph*, interspersed with one another, displaying and enhancing similarities and differences. At the same time, these works constitute a development in the aesthetic form of the *Bibliograph*. In earlier works on *Nothing*, *Absence*, and *Silence*, it was just a question of finding and transferring given textual references from their source to construct their *Bibliographs*, with the focus being on the strategic position of the latter within each book. In these new works, the concern has been with working on the line and shape of the references themselves, with their enhanced spatial form as well as that of each *Bibliograph* as a whole. In shaping and spacing the referential images, the place of words and letters became as important as their semantic to read in a new way on diverse contemporary issues across conventional boundaries in the arts and sciences at several levels of physical, psychical, and social reproduction. **Art Now Gallery Guide**, 1995

German Americana Christoph Strupp, Kai Dreisbach, 2007 A comprehensive bibliography of books and scholarship on the United States produced in German-speaking countries from 1956-2005. **More Than Words** Liza Kirwin, 2005-10-27 Words speak volumes, but as every letter writer knows, there are times when they simply won't do. When the author happens to be a visual artist, he has an added advantage: one that transforms ordinary stationery into a canvas. This book chronicles those occasions when words were not enough, and some of America's most revered artists turned their talents to illustrating their most intimate thoughts and feelings. Writing to wives, lovers, friends, patrons, clients, and confidants, premiere artists such as Frederick Edwin Church, Thomas Eakins, Winslow Homer, Andrew Wyeth, Rockwell Kent, Lyonel Feininger, John Sloan, Alfred Frueh, Man Ray, Alexander Calder, Dorothea Tanning, Gio Ponti, Andy Warhol, and Frida Kahlo picture the world around them in charming vignettes, caricatures, portraits, and landscapes. Together, the words and images of these autobiographical works of art, created for private consumption, reveal the joys and successes, loves and longings, triumphs and frustrations of their distinguished authors' personal lives and professional careers. Jacket. *American Book Publishing Record*, 1995

American Abstract Art of the 1930's and 1940's Robert Knott, Wake Forest University. Fine Arts Gallery, 1998 After attending Wake Forest University on an athletic scholarship, J. Donald Nichols played professional baseball with the Baltimore Orioles. From there, he went into the real estate development business. He has built more than 175 shopping centers throughout the country, and his company, JDN Realty, is listed on the New York Stock Exchange. Nichols

first began collecting American Impressionist paintings in the 1970s buying one painting as his personal reward for each shopping center he built After ten years he began looking for a new area in which to collect The J Donald Nichols Collection is now recognized as perhaps the finest collection of American abstract art of the 1930s and 1940s ever assembled

A mural renaissance swept the United States in the 1930s propelled by the New Deal Federal Art Project and the popularity of Mexican muralism Perhaps nowhere more than in New York City murals became a crucial site for the development of abstract painting Artists such as Stuart Davis Arshile Gorky Willem de Kooning and Lee Krasner created ambitious works for the Williamsburg Housing Project Floyd Bennett Field Airport and the 1939 World s Fair Modernism for the Masses examines the public murals realized and unrealized of these and other abstract painters and the aesthetic controversy political influence and ideological warfare that surrounded them Jody Patterson transforms standard narratives of modernism by reasserting the significance of the 1930s and explores the reasons for the omission of the mural s history from chronicles of American art Beautifully illustrated with the artists murals and little known archival photographs this book recovers the radical idea that modernist art was a vital part of everyday life Aspects of American Abstraction, 1930-1942 Gail Stavitsky,1993 *Books in Print, 2005-2006* Michael Cairns,2005 **The New Yorker** ,1984 *John Von Wicht (1888-1970)* Michael Herrmann,John Von Wicht,1995-01-01 **Annual Exhibition of Art on Paper** Weatherspoon Art Gallery,1975 *Annual Bibliography of Modern Art* Museum of Modern Art (New York, N.Y.).
