**Understanding Prejudice and Education** Conrad Hughes, 2016-08-19 What is prejudice in the 21st Century and how can education help to reduce it This original text discusses prejudice in detail offering a clear analysis of research and theory on prejudice and prejudice reduction drawn from findings in social psychology critical thinking and education Presenting the underlying principle that prejudice can be reduced through the development of four core attributes empathy understanding cognitive flexibility and metacognitive thought the book offers effective educational strategies for preparing young people for life Chapters explore a range of examples of classroom practice and provide a thorough engagement with the minefield of prejudice set against challenging sociological ideological political and cultural questions An integrative framework is included that can be adapted and adopted in schools synthesising findings and emphasising the need for individuals and groups to work against preconceived beliefs and emotional reactions to situations offering contra intuitive rational and affective responses Understanding Prejudice and Education is essential reading for all those engaged in relevant undergraduate Master s level and postgraduate courses in education social psychology and cultural studies as well as teachers and school leaders interested in developing strategies to reduce prejudice in their schools

*Education in a Digital World* Neil Selwyn, 2013 Drawing on a wealth of theoretical and empirical work Education in a Digital World tackles a number of pressing questions such as how are global trends in educational technology refracted through national policies and processes How exactly are educational technologies linked to issues of global economics and the fortunes of national and international economies To what extent are digital technologies implicated in the commercialisation marketization and commodification of education These questions and others are addressed throughout eight wide ranging chapters which consider topics such as the national policy strategies of countries across North and South America Europe and East Asia the educational technology portfolios of international organizations such as the United Nations and Microsoft as well as the role of education and technology in international development and the on going efforts to provide one laptop per child across low income regions and countries Through these examples Selwyn develops a detailed analysis of education technology and globalisation drawing together arguments and debates from various academic perspectives Written in a detailed but accessible manner this is an essential book for anyone wishing to gain a better understanding of the role of education and technology in contemporary globalised society

**The Economist** ,1964      **The Rise and Fall of Civic Education** Michael Learn, 2024-09-16 Social studies is a field in crisis The crisis stems from failure to establish the very foundation of

social studies purpose in public education civic education Social studies advocates have never put forth a coherent method for teaching civic education because policymakers and the public have been unable to agree upon a general definition of civic education This issue has disrupted the field since the early days As educators sought to include civic education within public schools as a dedicated field social studies evolved into a blending of history social sciences and civic education Social studies evolution never resolved the differences between the three with each discipline striving to control the narrative Instead of creating a unified field the disciplines devalued social studies and thus any discipline associated with it The Rise and Fall of Civic Education The Battle for Social Studies in a Shifting Historical Landscape investigates the changing definitions and purposes ascribed to social studies in the United States through time This result is viewed through the rising tensions from culture wars as America s divisive politics fight to control the narrative of the disciplines within social studies **American Book Publishing Record Cumulative, 1876-1949** R.R. Bowker Company. Department of Bibliography, 1980

## **Question Paper 1 Grade 11 November 2013 Geography** Book Review: Unveiling the Magic of Language
