Envy And Gratitude:

Envy and Gratitude and Other Works 1946-1963 Melanie Klein, 1997 This text collects Melanie Klein's writings from 1946 until her death in 1960 including two papers published posthumously This was her last major work which introduces her theory of primary envy

Envy and Gratitude Melanie Klein, 2002-02 From Simon Schuster *Envy and Gratitude and Other Works 1946-1963* is a perfect introduction to Melanie Klein's modern neuroscientific research Melanie Klein's writings particularly on infant development and psychosis have been crucial both to theoretical work and to clinical practice *Envy and Gratitude* collects her writings from 1946 until her death in 1960 including two papers published posthumously

Envy and Gratitude Revisited Alessandra Lemma, Priscilla Roth, 2018-03-26 These stimulating essays are evidence that 50 years after its publication Melanie Klein's *Envy and Gratitude* is still a rich source of psychoanalytic inspiration Sixteen highly regarded analysts representing a wide range of psychoanalytic thinking provide new insights and highlight current developments without avoiding the controversies that surround the original publication The clinical and literary material is engaging and illustrates the effect of theory on practice and the influence of practice on the evolution of theory

The Psychology of Gratitude Robert A. Emmons, Michael E. McCullough, 2004-02-26

Gratitude like other positive emotions has inspired many theological and philosophical writings but it has inspired very little vigorous empirical research In an effort to remedy this oversight this volume brings together prominent scientists from

various disciplines to examine what has become known as the most neglected emotion The volume begins with the historical philosophical and theoretical foundations of gratitude then presents the current research perspectives from social personality and developmental psychology as well as from primatology anthropology and biology The volume also includes a comprehensive annotated bibliography of research on gratitude This work contributes a great deal to the growing positive psychology initiative and to the scientific investigation of positive human emotions It will be an invaluable resource for researchers and students in social personality and developmental clinical and health psychology as well as to sociologists and cultural anthropologists
