Fishermen A Community Living From The Sea:

Fishermen Sally Festing, 1999 Occupation and Society Trevor Lummis, 2002-08-22 A social history of the East Anglian fishing industry based on oral testimony **Bering Sea Aleutian Islands Crab Fisheries**, 2004 **Culture, Development and Petroleum** Jan-Oddvar Sornes, Larry Browning, Jan Terje Henriksen, 2015-01-09 The discovery just forty years ago of vast oil and gas reserves in the Southwestern part of Norway and more recently in the Arctic High North region created an economic titan and posed a vast array of challenges for both the Norwegian government and the residents of this area How to extract and transport all that oil and gas without despoiling the pristine environment How to use this wealth in a socially responsible and sustainable way How to prepare the rural High North citizens traditionally fishermen and farmers for a global high tech economy Adopting an original narrative approach to qualitative research this book tells the stories of 21 individuals either living or having a genuine interest in the High North from mayors and entrepreneurs to farmers and fishermen Through these first hand meetings it constructs an ethnographic study that reveals how petroleum and development have impacted on the regional economy and culture This book will be of interest to all stakeholders in the oil and gas industry and for students and scholars of organization studies cultural and communication studies environmental anthropology natural resource management and sustainable development **Micro Credit Program for Fishing Community** Dewan A. H. Alamgir, 1997 *The Regulation of Driftnet Fishing on the High Seas* Ellen Hey, 1991-01-01

The Longshoreman: A Life at the Water's Edge Richard Shelton, 2014-05-01 When I first urged Richard Shelton to write his naturalist's memoir I never expected him to produce a classic But he has Redmond O Hanlon author of *Trawler Fish* have been a lifelong obsession for Richard Shelton As a boy in the 1940s he was fascinated by what he found in the streams near his Buckinghamshire home But it was the sea and the creatures living in it and by it which were to become his passion The Longshoreman follows the author from stream to river from pond to lake and loch from shore to deep sea on a journey from childhood to an adulthood spent in boats in conditions fair and foul Along the way this wonderful book introduces us to strange characters and the intimate habits of lobsters it also explains what it's like to be a lantern fish how some fish commute between the surface and the darkest depths when the laws of physics say they should be crushed to death and the fate of the wild salmon that heroic fish whose future is now imperilled by its farmed relatives A keen fisherman and wildfowler and an authority on marine life Shelton has deeply held views on our relationship with the natural world and Britain's with the seas which surround her **The Lancashire Nobby** Nick Miller, 2009-09-15 The history of the Lancashire Nobby **From Ocean to Aquarium** Colette Wabnitz, 2003 Reef Fish Spawning Aggregations: Biology, Research and Management Yvonne Sadovy de Mitcheson, Patrick L. Colin, 2011-12-10 Reef fish spawning aggregations ranging from small groups to many tens of thousands of individuals are spectacular but poorly known natural phenomena whereby fish assemble at specific times and locations to spawn For some species these large groups may be the only form of reproduction the high

fish numbers briefly giving a false impression of stability and abundance an illusion of plenty They are often a focus for intensive seasonal fishing because of their predictability and because many important commercial fishes form them Highly vulnerable to overexploitation many aggregations and their associated fisheries have disappeared or are in decline Few are effectively managed or incorporated into protected areas Aggregations are not well understood by fishery scientists managers and conservationists and their significance little appreciated by fishers or the wider public To ensure their persistence to replenish important fisheries in coral ecosystems maintain their ecosystem function and continue to delight divers a significant change in perspective is needed to foster protection and management This book provides comprehensive and practical coverage of the biology study and management of reef fish aggregations exploring their how when where and why It explores ways to better protect study manage and conserve them while identifying key data gaps and questions The text is extensively illustrated with many unique never before published photographs and graphics Case studies on over 20 interesting and important fishes are included outlining their biology and fisheries and highlighting major concerns and challenges

The Small-Scale Fisheries Guidelines Svein Jentoft,Ratana Chuenpagdee,María José Barragán-Paladines,Nicole Franz,2017-06-10 In June 2014 FAO member states endorsed the Voluntary Guidelines for Securing Sustainable Small Scale Fisheries SSF Guidelines These Guidelines are one of the most significant landmarks for small scale fisheries around the world They are comprehensive in terms of topics covered and progressive with their foundations based on human rights and other key principles It can be anticipated that implementing the SSF Guidelines whether at local national or regional levels will be challenging This book contains in depth case studies where authors discuss the extent to which the Guidelines can help improve the realities of small scale fishing men and women globally and make their livelihoods and communities more secure This will require policy intervention and innovation along with contributions of civil society organizations and academia However most of all it will necessitate the empowerment of fishing people so that they can become active participants in decision making on matters where their well being and human rights are at stake By endorsing the SSF Guidelines states have committed themselves to support and facilitate this development This book asks whether states can successfully walk the talk and provides advice as to how they can do so The collection of case studies sets the platform for an interactive dialogue space for researchers policy makers civil society and small scale fishing communities to start the conversation about the monitoring and evaluation of the implementation of the SSF Guidelines at local national regional and global levels An added value is that it helps add focus to our work as civil society activists involved in ensuring the application of the SSF Guidelines Naseegh Jaffer General Secretary World Forum of Fisher People WFFP This collection offers many ways in which institutions enabling small scale fisheries can protect and promote sustainability food security customary tenure self management and market access while fostering such benefits as ecosystem based management protected areas incorporation of local knowledge and poverty alleviation You will want to put this book in

the hands of policy makers and practitioners immediately and for years to come Evelyn Pinkerton Professor Simon Fraser University Canada The Living Ocean Boyce Thorne-Miller, 1999 The first edition of *The Living Ocean* published in 1991 by Island Press in association with Friends of the Earth was widely praised by scientists policymakers instructors and general readers as a useful and accessible introduction to the science and policy of biological diversity in marine environments Since that time much new research has been conducted and numerous national and international policy initiatives have been undertaken With 1998 designated by the United Nations as the International Year of the Ocean this new revised and expanded edition is a welcome and much needed addition to the literature This edition brings the volume up to date and re establishes it as an essential primer for anyone wishing to gain an understanding of marine biodiversity and how it can be protected It provides an overview of basic concepts and principles and a review of relevant policy issues and existing instruments The author defines biological diversity and discusses the importance of threats to marine biodiversity reviews the current status of scientific knowledge describes the major coastal and oceanic ecosystem types and addresses the major threats in each presents a general discussion of the ways in which government and the public can protect marine biological diversity provides specific examples of national and international policies legal instruments programs and institutions addresses how social economic political and ethical considerations affect decisions to conserve marine biological diversity considers the involvement of citizens in developing ocean policy The book also includes a useful glossary that provides information about basic biological concepts and a comprehensive bibliography Throughout the author emphasizes the relationship of human societies and governments to the living ocean and the need to implement programs that will protect ecosystems and species *River Fiction of India* Subhadeep Ray, 2025-03-31 This book establishes river fiction as an identifiable genre fiction It argues that rivers and riverbeds through myths and legends ecological and environmental concerns geographical and historical realities politics and economics around them can provide an underlying framework to understand Indian prose fiction With essays on river fiction across India the volume presents a new way of understanding and reading South Asian literature The volume will be of great interest to scholars and researchers of literature and literary criticism and South Asian studies **The Mortal Sea** W. Theatre as Alter/"Native" in Derek Walcott Nirjhar Sarkar,2023 Theatre as Alter Native in Derek Walcott attempts a close and detailed politico aesthetic analysis of his major plays At the core of this book lies the attempt to answer the question of how postcolonial artists and intellectuals have dared to imagine radically different ways of living in the face of oppositional binary choices And as the title suggests Walcott s plays carve out critical spaces for new narratives of becoming and alternative priorities entangled in contesting identities inscribed by race language and ethnicity Theatre as Walcott knew would be instrumental in demystifying Caribbean Absence and Void and generating an alternative version of dominant reality By a deliberate unseating of the Western texts filled with banal stereotypes and their representational biases and by triggering re action to the scripts of the colonizers in profoundly paradoxical ways Walcott s plays affirm the Caribbean identity This study seeks to demonstrate how his plays open an alter native universe in terms of aesthetics dramaturgy and the performative and reclaims New World identity in terms of negotiation rather than negation undermining the claim of solid authentic culture Placing the arts at the forefront of nation building Walcott situated his plays at a crucial juncture between the passing of the Empire and the newly born Federation in his archipelago
