Entertainment Law Reporter, 2001 Motion pictures television radio music theater publishing sports **Publishing Law**
Hugh Jones, Christopher Benson, 2006-04-18 This is an accessible introductory guide to the law as it affects the publishing industry Written by publishing and copyright solicitors with many years experience it contains an up to date evaluation of EEC law and new copyright legislation The Link Richard Matheson, 2011-05-24 From the iconic author of I Am Legend The fascinating unfinished teleplay of a saga encompassing the Titanic Jack the Ripper and the paranormal Richard Matheson the celebrated Twilight Zone scripter explored his interests in metaphysics spiritualism and parapsychology in such stories as Hell House Somewhere in Time and What Dreams May Come In the early 1980s he approached the ABC television network with a twenty hour mini series about such phenomena in contemporary times and included two in depth historical accounts of the psychic events related to the Jack the Ripper murders and in the Titanic disaster Titled The Link Matheson turned in a 557 page outline that ABC executives requested he condense into seven hour long episodes Unable to realize his original vision under such restrictions Matheson abandoned the television project and attempted to novelize the outline After writing 800 pages that only comprised the first part of the novel he decided it was too unwieldy and moved on to other stories Now Matheson s fans can discover what might have been with this publication of The Link which includes the entire original outline as well as part of the teleplay The story follows Robert Allright a writer working with paranormal investigator Cathy Graves to decipher a mystery unearthed by his father in an Arizona archeological dig Allright s only clue is the mystifying crystal that his father believes is the key to a great discovery The author who influenced me the most as a writer was Richard Matheson Stephen King Matheson peppers The Link with innumerable historical incidents of supposed paranormal activity that make fascinating reading Publishers Weekly **The Agent** Arthur Klebanoff, 2020-10-01 A powerhouse literary agent and publisher shares stories of the lessons he s learned and the intriguing personalities he s encounter in his career Arthur Klebanoff is one of the world s most powerful literary agents with the record to prove it Among his authors are Michael Bloomberg Danielle Steel Bill Bradley Barbara Taylor Bradford Patrick Moynihan Linda Goodman Rupert Murdoch and the Pope Many have generated more than 1 billion in retail sales Klebanoff is also CEO of Rosetta Books the leading electronic publisher of quality backlist books In this memoir of his professional life Klebanoff recounts all the lessons he has learned and the fascinating people he has met on the way to his recent acquisition of the famous Scott Meredith Literary Agency The Agent also includes his vision of the future of book publishing to which he will no doubt leave a legacy The title of Arthur Klebanoff s book sounds like John LeCarre And his personal tour of New York publishing has as many twists and tricks as any spy novel Richard Reeves author of President Nixon Alone in the White House *Medieval Horizons* Ian Mortimer, 2023-02-23 The essential introduction to the Middle Ages by the author of The Time Traveller s Guide series the most remarkable medieval historian of our time The Times UK We tend to think of the

Middle Ages as a dark backward and unchanging time characterized by violence ignorance and superstition By contrast we believe progress arose from science and technological innovation and that inventions of recent centuries created the modern world But as Ian Mortimer shows in this fascinating book we couldn't be more wrong In this revelatory history Mortimer shows how people's horizons their knowledge experience and understanding of the world were utterly transformed between 1000 and 1600 marking the transition from a warrior led society to that of Shakespeare Medieval Horizons sheds light on the enormous cultural changes that took place from literacy to living standards inequality and even the developing sense of self Mortimer demonstrates why this was a revolutionary age of fundamental importance in the development of the Western world

The Day of the Triffids John Wyndham, 2018-09-01 The classic postapocalyptic thriller with all the reality of a vividly realized nightmare The Times London Triffids are odd interesting little plants that grow in everyone's garden Triffids are no more than mere curiosities until an event occurs that alters human life forever What seems to be a spectacular meteor shower turns into a bizarre green inferno that blinds everyone and renders humankind helpless What follows is even stranger spores from the inferno cause the triffids to suddenly take on a life of their own They become large crawling vegetation with the ability to uproot and roam about the country attacking humans and inflicting pain and agony William Masen somehow managed to escape being blinded in the inferno and now after leaving the hospital he is one of the few survivors who can see And he may be the only one who can save his species from chaos and eventual extinction With more than a million copies sold The Day of the Triffids is a landmark of speculative fiction and an outstanding and entertaining novel Library Journal A thoroughly English apocalypse it rivals H G Wells in conveying how the everyday invaded by the alien would feel No wonder Stephen King admires Wyndham so much Ramsey Campbell author of The Overnight One of my all time favorite novels It's absolutely convincing full of little telling details and that sweet warm sensation of horror and mystery Joe R Lansdale author of Edge of Dark Water Winston S.
