Montaigne's Essays Michel de Montaigne, 2015-11-20 The present publication is intended to supply a recognised deficiency in our literature a library edition of the *Essays* of Montaigne This great French writer deserves to be regarded as a classic not only in the land of his birth but in all countries and in all

literatures His Essays which are at once the most celebrated and the most permanent of his productions form a magazine out of which such minds as those of Bacon and Shakespeare did not disdain to help themselves and indeed as Hallam observes the Frenchman's literary importance largely results from the share which his mind had in influencing other minds coeval and subsequent But at the same time estimating the value and rank of the essayist we are not to leave out of the account the drawbacks and the circumstances of the period the imperfect state of education the comparative scarcity of books and the limited opportunities of intellectual intercourse Montaigne freely borrowed of others and he has found men willing to borrow of him as freely We need not wonder at the reputation which he with seeming facility achieved He was without being aware of it the leader of a new school in letters and morals His book was different from all others which were at that date in the world It diverted the ancient currents of thought into new channels It told its readers with unexampled frankness what its writer's opinion was about men and things and threw what must have been a strange kind of new light on many matters but darkly understood Above all the essayist uncased himself and made his intellectual and physical organism public property He took the world into his confidence on all subjects His essays were a sort of literary anatomy where we get a diagnosis of the writer's mind made by himself at different levels and under a large variety of operating influences Eloquence rhetorical effect poetry were alike remote from his design He did not write from necessity scarcely perhaps for fame But he desired to leave France nay and the world something to be remembered by something which should tell what kind of a man he was what he felt thought suffered and he succeeded immeasurably I apprehend beyond his expectations
