Proceedings of The Focus Conference (TFC 2022) Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, 2023-02-08 This is an open access book It is a common cause globally that the abrupt emergence of Covid 19 wreaked havoc in all sectors including the

higher education system The sudden closure of campuses as a social distancing measure to prevent community transmission has shifted face to face classes to online teaching and learning a transformative experiment for academics and students in most institutions This has thrown the focus on utilising Learning Management Systems LMS eLearning tools and platforms for effective student engagement which may have limitations of accessibility and affordability for many students The pandemic has exposed the shortcomings of the current higher education system and the need for more training of academics and practitioners in digital technology to adapt to the rapidly changing educational climate In the post pandemic situation eLearning and virtual education may become an integral part of the higher education system hence the question of re inventing higher education The higher education institutions and universities need to plan the post pandemic education and research strategies to ensure student learning outcomes and standards of educational quality With the move to online teaching and learning subsequently traditional assessments followed and were adapted and adopted for online assessment Assessments lie at the heart of the teaching process It shapes students understanding of the curriculum and determines their ability to progress Reflections on assessments during Covid 19 abounded with the challenges that both academics and students faced regarding online assessments including cheating and quality assurance issues The focus on quality extended to the quality of teaching and learning in general Moreover the pandemic brought about the question of staff and student health and psychosocial support also became important For academics the abrupt shift to adapt to working from home and implementing online learning has led to over work low work life balance and compromised mental health With a view on constructive and futuristic discourse the sub themes of the 2022 Focus conference encapsulate the current realities in the higher education sector and beyond It further provides opportunities for an in depth analysis based on the benefit of hindsight and foresight The Organising Committee specifically coined the theme Re inventing higher education Insights trends and lessons learnt from specifically for the conference to reflect on and address the matters mentioned earlier Academics scholars and practitioners in the higher education sector are called upon to share their research and express their perspectives on the reinvention of higher education

Methods and Biostatistics in Oncology Raphael. L.C Araújo, Rachel P. Riechelmann, 2018-04-16 This book introduces and discusses the most important aspects of clinical research methods and biostatistics for oncologists pursuing a tailor made and practical approach Evidence based medicine EBM has been in vogue in the last few decades particularly in rapidly advancing fields such as oncology This approach has been used to support decision making processes worldwide sparking new clinical research and guidelines on clinical and surgical oncology Clinical oncology research has many peculiarities including specific study endpoints a special focus on survival analyses and a unique perspective on EBM However during medical studies and in general practice these topics are barely taught Moreover even when EBM and clinical cancer research are discussed they are presented in a theoretical fashion mostly focused on formulas and numbers rather than on clinical application for a proper literature appraisal Addressing that gap this book discusses

more practical aspects of clinical research and biostatistics in oncology instead of relying only on mathematical formulas and theoretical considerations. *Methods and Biostatistics in Oncology* will help readers develop the skills they need to understand the use of research on everyday oncology clinical practice for study design and interpretation as well to demystify the use of EBM in oncology. *Campus Support Services, Programs, and Policies for International Students* Bista, Krishna, 2016-01-12 Study abroad programs have proven beneficial for both the international student as well as the domestic community and school population interacting with the student. From infancy siblings form and maintain lifelong ties to each other not only the kinds that share in the joys of life but that also help individuals overcome adversity and heartbreak. Of course not all sibling relationships are close nor like any relationship do siblings agree with each other all of the time. Yet even after the most intense disagreements siblings can still find a way to stay close. In *Siblings The Ultimate Teen Guide* Oliva Ghafoerkhan looks at one of the most enduring relationships that exist. In this book the author explores such issues as sibling rivalry sibling animosity and sibling support. The author also looks at the dynamics of particular relationships such as step siblings a sibling who is ailing or a sibling who has a disability. This book also considers how personality can be shaped by family birth order why some sibling relationships are close while others are plagued by conflict how to deal with the loss of a sibling sibling abuse the most common form of domestic violence how to improve sibling relationships. Drawing on up to date research as well as personal stories of teens and young adults this book examines the wide variety of sibling relationships both positive and negative. From the birth of a new sibling until old age and covering every stage in between *Siblings The Ultimate Teen Guide* will help young adults understand appreciate and even enhance one of the most important relationships of their lives. **Working Together** Diane Yendol-Hoppey, Deborah Shanley, Darby C. Delane, David T. Hoppey, 2017-03-01 This book provides illustrations of urban school university partnerships recognized by
