Steve doesn't know who he was. He does know a lot more than he did previously though. He's in a country called Lamals where men are required to have children then more often than not go fight and die. And that's just how it is. Things are at least improving though. Steve successfully put a stop to the Creep's advance. He'd buried it under a mountain of broken wall and escaped with his life. Which eliminates one enemy. The creep and it's undead. Now he only has to worry about bandits, the military, the country of Lamals and other people. With that problem neatly solved, Steve can worry about problems closer to home. After all, his only true concerns are about his farm and his family. That's all he really needs. Everyone else, little better than a resource to be utilized. Unfortunately, things still aren't what they seem to be. The messages Steve left himself pointed at something beyond their contents. Now that something more is about to make contact with him. On top of that, the farm is going to hit capacity eventually. Especially if one factored into it that Steve was likely going to have children at some point in the future. Family troubles and more problems than he could expect are about to find Steve. Shooting up as if they were trees grown with his overpowered watering can. Good thing Steve has his Axe. Any problem can be solved with it with the right application of force. Warning and minor spoiler. This novel contains graphic violence, undefined relationships, harem, unconventional opinions, beliefs, and a hero who is as tactful as a dog at a cat show. Read at your own risk. This story is an Adult Fantasy novel. Remnant Resistance Stephen Bambrough, 2016-04-04. This time his journey takes him out of England and to a land where mythical monsters and creatures were rumoured to be present for centuries. Remnant Daniel Peyton, 2019-07-15. The year is 2522. Anna is a Remnant, a secret Christian in a world that has banned any form of religion. She is also an astrogeologist working with her Robot named Z for the Planetary Science Commission. The PSC has worked for 200 years to find alien life on another planet and finally, after two centuries, a primitive lifeform has been discovered. Faced with the reality of evolved primitives on a forested moon, Anna begins to question all she has ever believed. Anna and Z travel to the newly discovered moon in search of answers, but a terrible accident leaves them stranded. Faced with dangerous natives and unfamiliar surroundings, Anna and Z stumble upon a conspiracy that has universal implications. Will Anna discover the truth about the moon and its inhabitants? Can God still move within a culture that has abandoned Him?

*The Remnant (The Ark Trilogy, Book 2)* Laura Liddell Nolen, 2016-09-15. The earth shattering sequel to *Laura Liddell Nolen's THE ARK*. **The Remnant: the Legend of the Seer** M.J. Chrisman, 2011-11-14. Rain drenched his clothing as a mob of people circled around him, blocking him in their barrier of tightly formed bodies. The faces of the great host blurred.

before him he couldn't make out a single expression. He gazed at his chest and saw blood trickling down and falling into pools of water beneath his feet. At the same time he held a sword firmly in his grasp. He inched his gaze upward and realized that he had seen this all before. A soft glow suddenly began to emanate from his body. Starting small it grew more and more brightly until he was totally consumed with light power surging through his being. William Ore then let out a terrible war cry that tore into the hillsides as he charged into the multitude.

**Remnant** Randi Darren, 2020-07-06 Steve doesn't care who he was. He knows more than enough to realize it doesn't matter at all. Now living in what had once been the Creeplands and maintaining a thriving farm there they are under constant siege from the Creep itself. It's still better than life in Lamals. And that's just how it is. After taking over the Citadel removing Lynn from her place of power stopping the Creep's advance and starting to take over part of the Creeplands he was certainly making a difference for himself humans and men everywhere. But with the problems that were close to home eliminated he now needs to start working on external threats to his personal world. His Citadel and his two farms. Before he had only concerned himself with what was near and dear to him but he'd overlooked that others saw him as a resource to be utilized Or eliminated. On top of all of that it's becoming clear that he's rapidly reaching the end of his task. A task he doesn't truly know or understand but one that he apparently agreed to when he still had all his memories. A task assigned to him by a merciless voice that clearly thinks little of him. Family troubles are starting to look like a sweet memory and dream compared to what's on the horizon for him. His path could very well lead to the complete collapse of Lamals. At least if he has anything to say about it. This time around however even his axe may not be up to the job and he'll have to resort to more drastic measures. After all any problem can be solved with the right application of force. Even a road to hell paved with good intentions. Right Warning and minor spoiler.
