**Handbook of Social and Emotional Learning** , *Middle School Journal* ,2002

**Unequal Lessons** Alexandra Freidus,2025-08-05 Diversity and racial integration efforts are not sufficient to address educational inequality New York City schools are among the most segregated in the nation Yet over seven decades after the Brown v Board of Education decision New Yorkers continue to argue about whether school segregation matters Amid these debates Alexandra Freidus dives deep into the roots of racial inequality in diversifying schools asking how we can better understand both the opportunities and the limits of school diversity and integration Unequal Lessons is based on six years of observations and interviews with children parents educators and district policymakers about the stakes of racial diversity in New York City schools The book examines what children learn from diversity exploring both the costs and benefits of school integration By drawing on students first hand experiences Freidus makes the case that although a focus on diversity offers many benefits to students it often reinscribes rather than diminishes existing inequalities in school policy and practice The idea of diversity for its own sake is frequently seen as the solution with students of color presumed to benefit from their experiences with white students while schools fail to address structural inequality Though educators and advocates often focus on diversity out of a real desire to make a positive difference in students lives this book makes clear the gaps between good intentions and educational injustice

**Promoting Positive Learning Experiences in Middle School Education** Gaines, Cherie Barnett,Hutson, Kristy M.,2021-01-15 Declining academic performance along with a growing apathy of students toward the value of education demonstrates that students in the United States public education system do not recognize the value of a positive experience in middle schools A plethora of research and writing has been done on elementary schools and secondary schools but middle school education as a whole has been left behind For this reason there is the need for current research on all aspects and topics that may contribute to middle school student success Promoting Positive Learning Experiences in Middle School Education focuses on the ideal conditions for maximizing student success and engagement in middle school education The chapters take a deeper look into the modern tools technologies methods and theories driving current research on middle school students their teachers their classroom environment and their learning Highlighting topics such as curriculum reform instructional strategies and practices effective teaching and technology in the modern classroom this book is ideally intended for middle school teachers middle school administrators and school district administrators along with practitioners stakeholders researchers academicians and students interested in middle school education and student success

The Leader in Me Stephen R. Covey,2008-11-18 The world has entered an era of the most profound and challenging change in human history Most of our children are not prepared and we know it Parents around the world see the change and know that the traditional three R s reading writing

and arithmetic are necessary but not enough Their children need to become far more responsible creative and tolerant of differences They need to increase their ability to think for themselves take initiative get along with others and solve problems Business leaders are not finding people whose skills and character match the demands of today s global economy including strong communication teamwork analytical technology and organizational skills They need young people who are self motivated creative and have a strong work ethic How will we bridge this ever widening gap The Leader in Me is the story of the extraordinary schools parents and business leaders around the world who are preparing the next generation to meet the great challenges and opportunities of the twenty first century In 1999 the A B Combs Elementary School in North Carolina was on the verge of being cut as a magnet school and needed to find new ways to educate its students Teachers and administrators began teaching practical principle based leadership skills with remarkable results In a short time the number of students passing end of grade tests vaulted from 84 to 97 percent Simultaneously the school began reporting significant increases in students self confidence dramatic drops in discipline problems and striking increases in teacher and administrator job satisfaction Parents meanwhile reported equivalent improvements in their children s attitudes and behavior at home As news of the school s success spread schools around the world began adopting the mantra to develop leaders one child at a time Business and civic leaders started partnering with schools in their communities to sponsor teacher training and student resources Each school and family approached the principles differently but the results were the same attentive energized young people engaging in the world around them The best way to prepare the next generation for the future is to emphasize the value of communication cooperation initiative and unique individual talent for nothing undermines confidence more than comparison Whether in the classroom or at home it is never too early to start applying leadership skills to everyday life Drawing on the many techniques and examples that have already seen incredible success around the world The Leader in Me shows how easy it is to incorporate these skills into daily life It is a timely answer to many of the challenges facing today s young people businesses parents and educators one that is perfectly matched to the global demands of the twenty first century
