Attached at the Heart Barbara Nicholson, Lysa Parker, 2013-08-06 *Attached at the Heart* offers readers practical parenting advice for the modern age. In its most basic form, attachment parenting is instinctive. A crying baby is comforted and kept close to parents for protection. If hungry, he or she is breastfed. And while it is understood that there is no such thing as perfect parenting, research suggests that there is a strong correlation between a heightened sense of respect, empathy, and affection in those children raised the attachment parenting way. In this controversial book, readers will gain much needed insight into childrearing while learning to trust the intuitive knowledge of their child, ultimately building a strong foundation that will strengthen the parent-child bond. Contrary to popular belief, attachment parenting has been practiced in one form or another since recorded history. Over the years, it had been slowly replaced by a more detached parenting style, a style that is now believed by experts to be a leading contributing factor to suicide, depression, and violence. The concept of attachment parenting, a term originally coined by parenting experts William and Martha Sears, has increasingly been validated by research in many fields of study, such as child development, psychology, and neuroscience. Also known as conscious parenting, natural parenting, compassionate parenting, or empathic parenting, its goal is to stimulate optimal child development. While many attachment parenting recommendations likely counter popular societal beliefs, authors Barbara Nicholson and Lysa Parker are quick to point out that the benefits outweigh the backlash of criticism that advocates of detached parenting may impose.

Near Mama's Heart Colleen Newman, 2006 *Near Mama's Heart* is unique and diverse, speaking to families everywhere. From its beautiful pictures to its tender verse, it illustrates the loving relationship between a breastfeeding mother and her child.

The Actually Pretty Good Baby Susan Vukadinovic, 2023-10-27 A parent-tested guide for moms who want to breastfeed AND sleep through the night. With this ultimate beginner's handbook to raising a baby, you can breastfeed like any good attachment parent and then ease your baby into sleeping through the night like the best of the 'we still go out for date night' parents. Because here's a little secret: You don't have to pick one or the other. You can do both. Writer and new mom coach Susan Vukadinovic has met with hundreds of mommas at pre-natal and new baby workshops, and she has woven together their collective common sense wisdom in this new book for new parents of the 2020s. Inside, you'll find tips for breastfeeding, sleeping, and weaning to solids. And there's a little bit more, but not too much more, because let's be honest: now you've got this. We both know you don't need a comprehensive book that covers everything. This book covers just the big stuff with parent-tested and parent-approved step-by-step instructions that will take you from pregnancy and the minutes after birth all the way to your baby's third birthday. With the right information and support, you can totally nail your new parenting gig.

Supporting Breastfeeding Past the First Six Months and Beyond Emma Pickett, 2022-04-21 This evidence-based guide for professionals covers essential information to help support parents breastfeeding past the first six months, including starting solids alongside breastfeeding, nursing manners, and common problems and challenges. The recommendation of breastfeeding beyond six months is well established, but many birth professionals don't feel confident enough to support

parents This book packed with case studies of real life parents and practical tips helps to educate healthcare professionals as well as parents themselves to feel better informed Each chapter combines professional research led evidence with a parent focused resource section for a fully integrative approach Centring families and their personal journeys Supporting Breastfeeding Past the First Six Months and Beyond is an invaluable guide for all lactation consultants birthing professionals healthcare workers and parents

My Tandem Nursing Journey Ashley Kusi, 2018-03-01 Are you thinking about tandem nursing Do you feel stressed and overwhelmed because you just found out you are pregnant but you are still nursing your child Not sure whether to tandem nurse or not I was faced with the same situation after I found out I was expecting our second child I looked everywhere for support resources and books to help me decide whether to tandem nurse or not As you know there isn't a lot of resources about tandem breastfeeding which makes choosing to tandem nurse or not an overwhelming decision In this short and easy to read tandem nursing book you will

The Womanly Art of Breastfeeding Judy Torgus, Gwen Gotsch, 2004 All parents want the best for their babies and there's no doubt about the fact that human milk is the ideal food for human babies What's the secret of successful breastfeeding For almost fifty years mothers who have been in touch with La Leche League have found the kind of information and support they needed to breastfeed their babies There's no doubt that you can do it too The Womanly Art of Breastfeeding was the first book of its kind written for mothers by mothers Over the years more than two million mothers have turned to it for information and inspiration The most powerful recommendations of The Womanly Art of Breastfeeding come from those mothers Many of their success stories are found in its pages Breastfeeding is more than just a nice extra that you may decide to give your baby It is a significant decision that can affect both of you far into the future You can count on The Womanly Art of Breastfeeding

to give you the information you need to breastfeed your baby

Gentle Birth, Gentle Mothering Sarah

Buckley, 2013-02-20 An authoritative guide to natural childbirth and postpartum parenting options from an MD who home birthed her own four children Sarah Buckley might be called a third wave natural birth advocate A doctor and a mother she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body Using current medical and epidemiological research plus women's experiences including her own she demonstrates that what she calls undisturbed birth is almost always healthier and safer than high technology approaches to birth Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship
