Hugh Douglas Adamson,1993 *Structuralist Poetics* Jonathan Culler,2023-01-06 A work of technical skill as well as outstanding literary merit Structuralist Poetics was awarded the 1975 James Russell Lowell Prize of the Modern Language Association It was during the writing of this book that Culler developed his now famous and remarkably complex theory of poetics and narrative and while never a populariser he nonetheless makes it crystal clear within these pages

Education pamphlets ,1938 **Primary Education** ,1896 *The Odyssey* ,2007-10-01 For a work that is a foundational text not merely of modern literature but of all of Western civilization it is surprising how little is known of its origins The epic adventure The Odyssey was originally told in oral form and may have been written down for the first time in the 8th century BC We attribute the work to the Greek poet Homer but little is known about him or if indeed the author was but a single person What is certain though is that The Odyssey is absolutely required reading for anyone who wishes to be considered truly educated and literate even today nearly three thousand years after it was first written This replica of 1911 edition presents the 1851 translation by THEODORE ALOIS BUCKLEY 1825 1856 a highly readable rendition of the nine year journey of the solid Odysseus as he returns home to Ithaca after the Trojan War It is a compelling translation that makes plain how strikingly modern Homer's writing was with its nonlinear plot fleshed out by flashbacks and driven as much by the actions of ordinary mortals even women and slaves as it is by men of heroic stature and the gods themselves As entertaining as it is edifying this is one of humanity's grandest literary achievements
